11 accidental death.

12 (c) The department of education shall promulgate guidelines, rules and regulations for  
13 every school district, private school, mayoral academy, and charter school and make available on  
14 its website, curriculum materials and such other materials as may assist local and regional school  
15 committees, and governing bodies of any private school, mayoral academy, or charter school in  
16 developing instructional material on the multiple dimensions of health by including mental health  
17 and the relation of physical and mental health so as to enhance student understanding, attitudes and
