1 SECTION 2. Chapter 42-14.5 of the General Laws entitled “The Rhode Island Health Care  
2 Reform Act of 2004 – Health Insurance Oversight” is hereby amended by adding thereto the  
3 following section:

4 **42-14.5-6. Penalty imposed and collection power.**

5 (a) A penalty shall be assessed on the sales within the state of identified drugs and payable  
6 by the manufacturers of the identified drugs. The penalty shall be calculated as described in  
7 subsection (a)(1) of this section.

8 (1) The penalty in any calendar year shall equal eighty percent (80%) of the difference  
9 between the revenue generated by sales within the state of the identified drugs and the revenue that  
10 would have been generated if the manufacturer had maintained the wholesale acquisition cost from  
11 the previous calendar year, adjusted for inflation utilizing the Consumer Price Index.

12 (2) In order to be subject to the penalty a manufacturer must have at least two hundred fifty  
13 thousand dollars (\$250,000) in total annual sales within the state in the calendar year for which the  
14 penalty is assessed.

15 (3) Within sixty (60) days of the annual publication by ICER of the unsupported price  
16 increase report, the commissioner shall identify the manufacturers of identified drugs. The  
17 commissioner shall notify each manufacturer that sales within the state of identified drugs shall be  
18 subject to the penalty assessed in this section for a period of two (2) calendar years following the  
19 identified drug’s appearance in the annual publication by ICER.

20 (4) Such penalty shall be collected annually. Any manufacturer notified by the  
21 commissioner pursuant to subsection (a)(3) of this section, shall submit to the commissioner a  
22 return on a form prescribed and furnished by the commissioner and pay the penalty by April 15 for  
23 the previous calendar year.

24 (5) The form described in subsection (a)(4) of this section shall contain information  
25 including, but not limited to:

26 (i) The total amount of sales of the identified drug within the state;

27 (ii) The total number of units sold of the identified drug within the state;

28 (iii) The wholesale acquisition cost of the identified drug during the tax period and any  
29 changes in the wholesale acquisition cost during the calendar year;

30 (iv) The wholesale acquisition cost during the previous calendar year;

31 (v) A calculation of the penalty owed; and

32 (vi) Any other information that the commissioner determines is necessary to calculate the  
33 correct amount of the penalty owed.

34 (6) The commissioner may request any agency to assist in calculation of the penalty and

1 collection, including the tax administrator, who may collect the contribution with interest in the  
2 same manner and with the same powers as are prescribed for collection of taxes in title 44.

3 (b) Use of revenue.

4 (1) The payments required by this section may be made by electronic transfer of monies to  
5 the general treasurer.

6 (2) The general treasurer shall take all steps necessary to facilitate the transfer of monies  
7 to a restricted receipt account and made available to the office of the health insurance commissioner  
8 to offset costs to assess and collect the penalty, audit manufacturers that are required to submit  
9 returns pursuant to this section, and defend appeals from manufacturers. The balance shall be  
10 deposited to the "childhood immunization account" described in § 23-1-45(a) and the "adult  
11 immunization account" described in § 23-1-45(c), equally.

12 (3) The general treasurer shall provide the commissioner with a record of any monies  
13 received and the director of the department of health with a record of any monies transferred and  
14 deposited to the two (2) immunization accounts set forth in subsection (b)(2) of this section.

15 (c) Prohibition on withdrawal of prescription drugs for sale.

16 (1) It shall be a prohibition of this chapter for any manufacturer or distributor of an  
17 identified drug to withdraw that drug from sale or distribution within this state for the purpose of  
18 avoiding the penalty set forth in this section.

19 (2) Any manufacturer who intends to withdraw an identified drug from sale or distribution  
20 from within the state in order to avoid a penalty as described in this section shall provide a notice  
21 of withdrawal in writing to the board of pharmacy and to the attorney general at a minimum of one  
22 hundred eighty (180) days prior to such withdrawal.

23 (3) The attorney general shall assess a penalty of five hundred thousand dollars (\$500,000)  
24 on any entity, including any manufacturer or distributor of an identified drug, that it determines has  
25 withdrawn an identified drug from distribution or sale in the state in violation of this section.

26 (d) Hearing by commission on application and appeals.

27 (1) Any manufacturer aggrieved by the action of the commissioner in determining the  
28 amount of any penalty imposed under the provisions of this section may apply to the commissioner,  
29 within thirty (30) days after the notice of the action is mailed to it, for a hearing relative to the  
30 penalty. The commissioner shall fix a time and place for the hearing and shall so notify the  
31 manufacturer. Upon the hearing the commissioner shall correct manifest errors, if any, disclosed at  
32 the hearing and thereupon assess and collect the amount lawfully due together with any penalty or  
33 interest thereon.

34 (2) Appeals from administrative orders or decisions made pursuant to any provisions of

1 this section shall be pursued pursuant to chapter 35 of title 42 ("administrative procedures"). The  
2 right to appeal under this section shall be expressly made conditional upon prepayment of all  
3 contributions, interest, and penalties unless the manufacturer demonstrates to the satisfaction of the  
4 court that the manufacturer has a reasonable probability of success on the merits and is unable to  
5 prepay all contributions, interest, and penalties, considering not only the manufacturer's own  
6 financial resources, but also the ability of the manufacturer to borrow the required funds. If the  
7 court, after appeal, holds that the manufacturer is entitled to a refund, the manufacturer shall also  
8 be paid interest on the amount at the rate provided in § 44-1-7.1, as amended.

9 SECTION 3. This act shall take effect upon passage.

EXPLANATION  
BY THE LEGISLATIVE COUNCIL  
OF

A N A C T

RELATING TO STATE AFFAIRS AND GOVERNMENT – THE RHODE ISLAND HEALTH  
CARE REFORM ACT OF 2004 – HEALTH INSURANCE OVERSIGHT

\*\*\*

1           This act would regulate price increases for prescription drugs. Any unsupported price  
2 increase of a prescription drug would be subject to a penalty equal to eight percent (80%) of the  
3 difference between the revenue generated by the sales of the prescription drug and the revenue that  
4 would have been generated if the manufacturer had maintained the wholesale acquisition cost from  
5 the previous calendar year, adjusted appropriately for inflation. Manufacturers would be prohibited  
6 from withdrawing a prescription drug from sale or distribution for the sole purpose of avoiding the  
7 penalty of a price increase.

8           This act would take effect upon passage.
