Introduced By: Senators Raptakis, Tikoian, Sosnowski, McKenney, Appollonio, Burke,
Thompson, Rogers, Felag, and Britto

Date Introduced: February 21, 2025

Referred To: Senate Judiciary

It is enacted by the General Assembly as follows:

1 SECTION 1. Sections 31-27-2, 31-27-2.1 and 31-27-2.8 of the General Laws in Chapter
2 31-27 entitled "Motor Vehicle Offenses" are hereby amended to read as follows:

3 **31-27-2. Driving under influence of liquor or drugs. [Effective July 1, 2025.]**

4 (a) Whoever drives or otherwise operates any vehicle in the state while under the influence
5 of any intoxicating liquor, drugs, toluene, or any controlled substance as defined in chapter 28 of
6 title 21, or any combination of these, shall be guilty of a misdemeanor, except as provided in
7 subsection (d)(3), and shall be punished as provided in subsection (d) of this section.

8 (b)(1) Any person charged under subsection (a), whose blood alcohol concentration is eight
9 one-hundredths of one percent (.08%) or more by weight, as shown by a chemical analysis of a
10 blood, breath, or urine sample, shall be guilty of violating subsection (a). This provision shall not
11 preclude a conviction based on other admissible evidence, including the testimony of a drug
12 recognition expert or evaluator, certified pursuant to training approved by the Rhode Island
13 department of transportation office on highway safety. Proof of guilt under this section may also
14 be based on evidence that the person charged was under the influence of intoxicating liquor, drugs,
15 toluene, or any controlled substance defined in chapter 28 of title 21, or any combination of these,
16 to a degree that rendered the person incapable of safely operating a vehicle. The fact that any person
17 charged with violating this section is, or has been, legally entitled to use alcohol or a drug shall not
18 constitute a defense against any charge of violating this section.

19 (2) [Deleted by P.L. 2021, ch. 170, § 1 and P.L. 2021, ch. 171, § 1.]

1 (c) In any criminal prosecution for a violation of subsection (a), evidence as to the amount
2 of intoxicating liquor, toluene, or any controlled substance as defined in chapter 28 of title 21, or
3 any combination of these, in the defendant's blood at the time alleged as shown by a chemical
4 analysis of the defendant's breath, blood, saliva or urine or other bodily substance, shall be
5 admissible and competent, provided that evidence is presented that the following conditions have
6 been complied with:

7 (1) The defendant has consented to the taking of the test upon which the analysis is made.
8 Evidence that the defendant had refused to submit to the test shall not be admissible unless the
9 defendant elects to testify.

10 (2) A true copy of the report of the test result was hand delivered at the location of the test
11 or mailed within seventy-two (72) hours of the taking of the test to the person submitting to a breath
12 test.

13 (3) Any person submitting to a chemical test of blood, urine, saliva or other body fluids
14 shall have a true copy of the report of the test result mailed to him or her within thirty (30) days
15 following the taking of the test.

16 (4) The test was performed according to methods and with equipment approved by the
17 director of the department of health of the state of Rhode Island and by an authorized individual.

18 (5) Equipment used for the conduct of the tests by means of breath analysis had been tested
19 for accuracy within thirty (30) days preceding the test by personnel qualified as hereinbefore
20 provided, and breathalyzer operators shall be qualified and certified by the department of health
21 within three hundred sixty-five (365) days of the test.

22 (6) The person arrested and charged with operating a motor vehicle while under the
23 influence of intoxicating liquor, toluene, or any controlled substance as defined in chapter 28 of
24 title 21 or any combination of these in violation of subsection (a), was afforded the opportunity to
25 have an additional chemical test. The officer arresting or so charging the person shall have informed
26 the person of this right and afforded him or her a reasonable opportunity to exercise this right, and
27 a notation to this effect is made in the official records of the case in the police department. Refusal
28 to permit an additional chemical test shall render incompetent and inadmissible in evidence the
29 original report.

30 (d)(1)(i) Every person found to have violated subsection (b)(1) shall be sentenced as
31 follows: for a first violation whose blood alcohol concentration is eight one-hundredths of one

32 and follow-up for persons who are required to pay the highway safety assessment. The alcohol and
33 drug safety action program will be administered in conjunction with alcohol and drug programs
34 licensed by the department of behavioral healthcare, developmental disabilities and hospitals.

1 (2) Persons convicted under the provisions of this chapter shall be required to attend a

10 Any costs reasonably incurred in connection with the provision of this accommodation shall be
11 borne by the person being retrained. A copy of any violation under this section shall be forwarded
12 by the court to the alcohol and drug safety unit. In the event that persons convicted under the
13 provisions of this chapter fail to attend and complete the above course or treatment program, as
14 ordered by the judge, then the person may be brought before the court, and after a hearing as to
15 why the order of the court was not followed, may be sentenced to jail for a period not exceeding
16 one year.

17 (3) The alcohol and drug safety action program within the division of motor vehicles shall
18 be funded by general revenue appropriations.

30 restitution, or jail provided for under this section can be suspended.

31 (j) An order to attend a special course on driving while intoxicated, that shall be
32 administered in cooperation with a college or university accredited by the state, shall include a
33 provision to pay a reasonable tuition for the course in an amount not less than twenty-five dollars
34 (\$25.00), and a fee of one hundred seventy-five dollars (\$175), which fee shall be deposited into

3 presence of alcohol that relies in whole or in part upon the principle of infrared light absorption is
4 considered a chemical test.

5 (l) If any provision of this section, or the application of any provision, shall for any reason

17 **31-27-2.1. Refusal to submit to chemical test. [Effective July 1, 2025.]**

18 (a) Any person who operates a motor vehicle within this state shall be deemed to have
19 given his or her consent to chemical tests of his or her breath, blood, saliva and/or urine for the
20 purpose of determining the chemical content of his or her body fluids or breath. No more than two
21 (2) complete tests, one for the presence of intoxicating liquor and one for the presence of toluene
22 or any controlled substance, as defined in § 21-28-1.02, shall be administered at the direction of a
23 law enforcement officer having reasonable grounds to believe the person to have been driving a
24 motor vehicle within this state while under the influence of intoxicating liquor, toluene, or any
25 controlled substance, as defined in chapter 28 of title 21, or any combination of these. The director
26 of the department of health is empowered to make and file, with the secretary of state, regulations
27 that prescribe the techniques and methods of chemical analysis of the person’s body fluids or breath
28 and the qualifications and certification of individuals authorized to administer the testing and
29 analysis.

30 (b) If a person, for religious or medical reasons, cannot be subjected to blood tests, the
31 person may file an affidavit with the division of motor vehicles stating the reasons why he or she
32 cannot be required to take blood tests and a notation to this effect shall be made on his or her
33 license. If that person is asked to submit to chemical tests as provided under this chapter, the person
34 shall only be required to submit to chemical tests of his or her breath, saliva or urine. When a person

1 is requested to submit to blood tests, only a physician or registered nurse, or a medical technician
2 certified under regulations promulgated by the director of the department of health, may withdraw
3 blood for the purpose of determining the alcoholic content in it. This limitation shall not apply to
4 the taking of breath, saliva or urine specimens. The person tested shall be permitted to have a
5 physician of his or her own choosing, and at his or her own expense, administer chemical tests of
6 his or her breath, blood, saliva and/or urine in addition to the tests administered at the direction of
7 a law enforcement officer. If a person, having been placed under arrest, refuses upon the request of
8 a law enforcement officer to submit to the tests, as provided in § 31-27-2, none shall be given.

9 (1) At the initial traffic tribunal appearance, the magistrate shall review the incident, action,

12 influence of intoxicating liquor, toluene, or any controlled substance as defined in chapter 28 of
13 title 21, or any combination thereof. The magistrate shall also determine if the person had been
14 informed of the penalties incurred as a result of failing to submit to a chemical test as provided in

15 hearing, the judicial officer shall review the person's driving record, his or her employment history,
16 family background, and any other pertinent factors that would indicate that the person has
17 demonstrated behavior that warrants the reinstatement of their license.

18 (6) For purposes of determining the period of license suspension, a prior violation shall
19 constitute any charge brought and sustained under the provisions of this section or § 31-27-2.

20 (7) In addition to any other fines, a highway safety assessment of five hundred dollars
21 (\$500) shall be paid by any person found in violation of this section, the assessment to be deposited

23 violator before any other fines authorized by this section.

24 (8) In addition to any other fines and highway safety assessments, a two-hundred-dollar
25 (\$200) assessment shall be paid by any person found in violation of this section to support the
26 department of health's chemical testing programs outlined in §§ 31-27-2(f) and 31-27-2(g), that
27 shall be deposited as general revenues, not restricted receipts.

28 (9) No fines, suspensions, assessments, alcohol or drug treatment programs, course on
29 driving while intoxicated or under the influence of a controlled substance, or public community
30 restitution provided for under this section can be suspended.

34 penalties can be imposed and include the following: for a first offense, your Rhode Island driver's

1 license or privilege to operate a motor vehicle in this state can be suspended for six (6) months to
2 one year or modified to permit operation in connection with an ignition interlock device and/or
3 blood and urine testing for a period specified by law; a fine from two hundred dollars (\$200) to five

13 fee, a two hundred dollar (\$200) department of health chemical testing programs assessment fee,
14 and a license reinstatement fee. Refusal to submit to a chemical test of blood shall not subject you
15 to criminal penalties for the refusal itself, but if you have one or more previous offenses other civil
16 penalties may increase. You have the right to be examined at your own expense by a physician
17 selected by you. If you submit to a chemical test at this time, you have the right to have an additional
18 chemical test performed at your own expense. You will be afforded a reasonable opportunity to
19 exercise these rights. Access to a telephone will be made available for you to make those
20 arrangements. You may now use a telephone.”

21 Use of this implied consent notice shall serve as evidence that a person’s consent to a
22 chemical test is valid in a prosecution involving driving under the influence of liquor, controlled
23 substances, and/or drugs.

24 (11) In addition to any other fines and highway assessments, any person found in violation
25 of this section shall pay a one hundred-dollar (\$100) assessment to the ignition interlock system

27 (d) Upon suspending or refusing to issue a license or permit as provided in subsection (a),
28 the traffic tribunal or district court shall immediately notify the person involved in writing, and
29 upon his or her request, within fifteen (15) days, afford the person an opportunity for a hearing as
30 early as practical upon receipt of a request in writing. Upon a hearing, the judge may administer
31 oaths and may issue subpoenas for the attendance of witnesses and the production of relevant books
32 and papers. If the judge finds after the hearing that:

33 (1) The law enforcement officer making the sworn report had reasonable grounds to believe
34 that the arrested person had been driving a motor vehicle within this state while under the influence

1 of intoxicating liquor, toluene, or any controlled substance, as defined in chapter 28 of title 21, or
2 any combination of these;

3 (2) The person, while under arrest, refused to submit to the tests upon the request of a law
4 enforcement officer;

6 (4) The person had been informed of the penalties contained in the implied consent notice
7 set forth in subsection (c)(10) of this section, the judge shall sustain the violation. The judge shall
8 then impose the penalties set forth in subsection (c) of this section. Action by the judge must be
9 taken within seven (7) days after the hearing or it shall be presumed that the judge has refused to
10 issue his or her order of suspension.

11 (e) For the purposes of this section, any test of a sample of blood, breath, or urine for the
12 presence of alcohol that relies, in whole or in part, upon the principle of infrared light absorption is
13 considered a chemical test.

14 (f) If any provision of this section, or the application of any provision, shall, for any reason,
15 be judged invalid, the judgment shall not affect, impair, or invalidate the remainder of the section,
16 but shall be confined in this effect to the provisions or application directly involved in the
17 controversy giving rise to the judgment.

3 based solely upon the imposition of an ignition interlock system.

4 (i) If a conviction pursuant to § 31-27-2(d)(1) or § 31-27-2.1(c)(1) is a first offense, or upon
5 an initial suspension pursuant to § 31-27-2.1(b)(1), where there has been a finding or determination
6 that the motorist was under the influence of intoxicating liquor only, the magistrate shall, upon
7 request, immediately grant a conditional hardship license after a finding of need pursuant to this

18 substance, or any combination thereof, the magistrate shall, upon request immediately grant a
19 conditional hardship license after a finding of need pursuant to this section and upon proof of the
20 installation of an ignition interlock device, subject also to the following testing:

21 (A) The testing of either blood or urine is being performed by or monitored by a licensed
22 physician with knowledge and clinical experience in the diagnosis and treatment of drug-related
23 disorders, a licensed or certified psychologist, social worker, or EAP professional with like
24 knowledge, or a substance abuse counselor certified by the National Association of Alcohol and
25 Drug Abuse Counselors (all of whom shall be licensed in Rhode Island).

26 (B) The motorist is required to pay for the substance abuse professional, any testing,
27 retesting, monitoring, and reporting costs of the blood and urine testing.

28 (C) Samples are to be collected, tested and confirmed by a federally certified laboratory by
29 means of gas chromatography/mass spectrometry or technology recognized as being at least as
30 scientifically accurate.

31 (D) Samples are to be taken weekly for the first sixty (60) days, thereafter in accordance
32 with the recommendation of the substance abuse professional. The samples taken thereafter may
33 be ordered randomly, but must be provided by the motorist within twenty-four (24) hours of the
34 request. The substance abuse professional shall report to the department of the attorney general

1 within twenty-four (24) hours any failure by the motorist to comply with a request for a sample.

2 (E) A positive test of urine or blood that evidences any controlled substances shall be
3 reported by the substance abuse professional to the motorist and to the department of the attorney
4 general within twenty-four (24) hours of receipt of the results. The motorist may, at his or her own
5 expense, have an opportunity to have the sample retested or reevaluated by an independent testing
6 facility which shall provide the result directly to the substance abuse professional. The attorney
7 general may request, at any time, a copy of any or all test results from the substance abuse
8 professional, who shall forward the requested results within forty-eight (48) hours.

9 (F) Upon completion of the license suspension, conditional hardship, ignition interlock and
10 substance abuse testing periods, a finalized report shall be presented to the department of motor
11 vehicles prior to any license reinstatement. The motorist's license shall not be fully reinstated unless
12 the motorist has successfully completed the prescribed ignition interlock and/or blood and urine
13 testing period to which the motorist was sentenced.

14 (G) If a judge or magistrate determines that a motorist either failed, without good cause, to
15 comply with a sample request or tested positive for any controlled substance, he or she may exercise
16 his or her discretion and revoke the conditional hardship license, extend the time period for the
17 ignition interlock system and/or substance abuse testing for an additional period of up to twelve
18 (12) months and/or impose an additional loss of license for up to twenty-four (24) months.

19 (H) A motorist who has failed, without good cause, to comply with a sample request or

21 failure and/or positive test determination shall be guilty of a misdemeanor punishable by up to one
22 year imprisonment, or a fine of up to one thousand dollars (\$1,000), or both.

23 (c) However, in any case where a motorist is convicted of an alcohol-related offense
24 pursuant to the provisions of this chapter, the judge or magistrate may exercise his or her discretion
25 in the granting of the hardship license by imposing up to a ninety (90) day loss of license prior to
26 any imposition of the hardship license. The hardship license shall be valid for twelve (12)
27 continuous hours per day for any valid reason approved in advance by the sentencing judge or
28 magistrate, which shall include employment, medical appointments, job training, schooling, or
29 religious purposes. The hardship license shall not be for less than twelve (12) continuous hours per
30 day. A hardship license shall only be granted in conjunction with the installation of an ignition
31 interlock device and/or blood and urine testing. Any conditional driving privileges must be set by
32 the sentencing judge or magistrate after a hearing in which the motorist must provide proof of
33 employment status and hours of employment, or any other legitimate reasons justifying a hardship
34 license. These shall include, but not be limited to, any unemployment training, schooling, medical

1 appointments, therapy treatments, or any other valid requests set forth by sworn affidavit. Once
2 said hardship period has concluded, the motorist must still be subject to the conditions of the
3 ignition interlock system and/or blood and urine testing as set forth under this section for the period
4 of time as directed by the court. Any individual who violates the requirements of this subsection
5 shall be subject to the penalties enumerated in § 31-11-18.1.

6 (d) Any person convicted of an offense of driving under the influence of liquor or drugs
7 resulting in death, § 31-27-2.2; driving under the influence of liquor or drugs resulting in serious
8 bodily injury, § 31-27-2.6; driving to endanger resulting in death, § 31-27-1; or driving to endanger
9 resulting in serious bodily injury, § 31-27-1.1; may, in addition to any other penalties provided by
10 law, be prohibited from operating a motor vehicle that is not equipped with an approved ignition
11 interlock system and/or blood and urine testing for one to five (5) years.

12 (e) Any person who operates a motor vehicle with a suspended license during the period
13 of suspension, and the reason for the suspension was due to a conviction of driving under the
14 influence of drugs or alcohol or a sustained violation or conviction of refusal to submit to a chemical
15 test, shall be subject to the further use of the ignition interlock system and/or blood and urine testing
16 for a period of six (6) months subsequent to the penalties enumerated in § 31-11-18.1.

17 (f) When the court orders the use of an ignition interlock system, the judge or magistrate
18 shall cause an appropriate notation to be made on the person's record that clearly sets forth the
19 requirement for, and the period of the use of, the ignition interlock system.

20 (g) In addition to the requirements of subsection (f) of this section, the court or traffic
21 tribunal shall:

22 (1) Require proof of the installation of the ignition interlock system and periodic reporting
23 by the person for the purpose of verification of the proper operation of the ignition interlock system;

24 (2) Require the person to have the ignition interlock system monitored for the proper use
25 and accuracy by a person, firm, corporation, or other association to be approved by the division of
26 motor vehicles at least once every six (6) months, or more frequently as the circumstances may
27 require; and

28 (3) Require the person to pay the reasonable cost of leasing or buying, monitoring, and
29 maintenance of the ignition interlock system.

30 (4) The requirements under subsection (g) of this section shall be the responsibility of the
31 probation department or justice assistance, if the individual is under their control, or the division of
32 motor vehicles if the individual is not monitored as a condition of the individual's plea or finding
33 of guilt.

34 (h) Any person granted a conditional hardship license upon proof of installation of an

1 ignition interlock device, may operate that motor vehicle during the entire twelve-hour (12) period
2 of operation granted by the sentencing judge or magistrate including during the scope of the
3 person's employment and/or any other valid reason approved by the sentencing judge or magistrate.

4 (i) If a person is required, in the course of the person's employment, to operate a motor
5 vehicle owned or provided by the person's employer, the person may operate that motor vehicle in
6 the course of the person's employment without installation of an ignition interlock system if the
7 court makes specific findings expressly permitting the person to operate, in the course of the
8 person's employment, a motor vehicle that is not equipped with an ignition interlock system.

9 (j)(1) Any person subject to an ignition interlock order and/or blood and urine testing who
10 violates such order shall be guilty of a misdemeanor punishable by up to one year imprisonment,
11 or a fine of up to one thousand dollars (\$1,000), or both.

12 (2) For a second violation within six (6) months from entry of the order, the person
13 violating the order shall be imprisoned for a term of not less than ten (10) days and not more than
14 one year.

15 (k) For the purposes of this subsection, a violation of the interlock order, includes, but is
16 not limited to:

17 (1) Altering, tampering, or in any way attempting to circumvent the operation of an ignition
18 interlock system that has been installed in the motor vehicle of a person under this section;

19 (2) Operating a motor vehicle that is not equipped with an ignition interlock system; or

20 (3) Soliciting or attempting to have another person start a motor vehicle equipped with an
21 ignition interlock system for the purpose of providing an operable motor vehicle to a person who
22 is prohibited from operating a motor vehicle that is not equipped with an ignition interlock system.

23 (l) Any person who attempts to start, or starts, a motor vehicle equipped with an ignition
24 interlock system, tampers with, or in any way attempts to circumvent, the operation of an ignition
25 interlock system that has been installed in the motor vehicle for the purpose of providing an
26 operable motor vehicle to a person who is prohibited from operating a motor vehicle that is not
27 equipped with an ignition interlock system, shall be guilty of a misdemeanor punishable by up to
28 one year imprisonment or a fine of up to one thousand dollars (\$1,000), or both.

29 (m) Any ignition interlock system installed pursuant to the provisions of this chapter shall
30 be equipped with a camera in order to accurately identify the driver who provides a breath sample.
