(3) That the necessity in the public interest of the enactment of the provisions of this chapter is a matter of legislative determination.

SECTION 10. Section 45-24-37 of the General Laws in Chapter 45-24 entitled "Zoning Ordinances" is hereby amended to read as follows:

45-24-37. General provisions — Permitted uses.

(a) The zoning ordinance shall provide a listing of all land uses and/or performance standards for uses that are permitted within the zoning use districts of the municipality. The ordinance may provide for a procedure under which a proposed land use that is not specifically listed may be presented by the property owner to the zoning board of review or to a local official or agency charged with administration and enforcement of the ordinance for an evaluation and determination of whether the proposed use is of a similar type, character, and intensity as a listed permitted use. Upon such determination, the proposed use may be considered to be a permitted use.

1 (b) Notwithstanding any other provision of this chapter, the following uses are permitted
2 uses within all residential zoning use districts of a municipality and all industrial and commercial
3 zoning use districts except where residential use is prohibited for public health or safety reasons:

10 or homes, as the need may be, elsewhere upon the land, for use and occupancy of the former
11 occupants for a period of up to twelve (12) months, or until the building or structure is rehabilitated
12 and otherwise made fit for occupancy. The property owner, or a properly designated agent of the
13 owner, is only allowed to cause the mobile and manufactured home, or homes, to remain
14 temporarily upon the land by making timely application to the local building official for the
15 purposes of obtaining the necessary permits to repair or rebuild the structure.

16 (d) Notwithstanding any other provision of this chapter, appropriate access for people with
17 disabilities to residential structures is allowed as a reasonable accommodation for any person(s)
18 residing, or intending to reside, in the residential structure.

19 (e) Notwithstanding any other provision of this chapter, an accessory dwelling unit

32 medical buildings, and malls into residential units or mixed-use developments which include the
33 development of at least fifty percent (50%) of the existing gross floor area into residential units,
34 shall be a permitted use and allowed by specific and objective provisions of a zoning ordinance,

1 except where such is prohibited by environmental land use restrictions recorded on the property by
2 the state of Rhode Island department of environmental management or the United States
3 Environmental Protection Agency preventing the conversion to residential use.

4 (1) The specific zoning ordinance provisions for adaptive reuse shall exempt adaptive reuse
5 developments from off-street parking requirements of over one space per dwelling unit.

7 (i) For projects that meet the following criteria, zoning ordinances shall allow for high
8 density development and shall not limit the density to less than fifteen (15) dwelling units per acre:

17 structure shall be the maximum allowed that otherwise meets all standards of minimum housing
18 and has access to public sewer and water service or has access to adequate private water, such as a
19 well, and wastewater treatment system(s) approved by the relevant state agency for the entire
20 development, as applicable. The density proposed shall be determined to meet all public health and
21 safety standards.

22 (3) Notwithstanding any other provisions of this chapter, for adaptive reuse projects,
23 existing building setbacks shall remain and shall be considered legal nonconforming, but no
24 additional encroachments shall be permitted into any nonconforming setback, unless otherwise
25 allowed by zoning ordinance or relief is granted by the applicable authority.

26 (4) For adaptive reuse projects, notwithstanding any other provisions of this chapter, the
27 height of the existing structure, if it exceeds the maximum height of the zoning district, may remain
28 and shall be considered legal nonconforming, and any rooftop construction shall be included within
29 the height exemption.

30 (i) Notwithstanding any other provisions of this chapter, all towns and cities may allow
31 manufactured homes that comply with § 23-27.3-109.1.3 as a type of single-family home on any
32 lot zoned for single-family use. Such home shall comply with all dimensional requirements of a
33 single-family home in the district or seek relief for the same under the provisions of this chapter.

34 SECTION 11. Construction. This act, being necessary for the welfare of the state and its

1 inhabitants, shall be construed liberally so as to effectuate its purposes.

5 clause, sentence, paragraph, section, or part directly involved in the controversy in which that
6 judgment shall have been rendered.

7 SECTION 13. This act shall take effect upon passage.
