1           SECTION 1. Section 45-23-53 of the General Laws in Chapter 45-23 entitled "Subdivision  
2 of Land" is hereby amended to read as follows:

3           **45-23-53. Local regulations — Public hearing and notice requirements.**

4           (a) No local regulations shall be adopted, repealed, or amended until after a public hearing  
5 has been held upon the question before the city or town planning board. The city or town planning  
6 board shall first give notice of the public hearing by publication of notice in a newspaper of local  
7 circulation within the municipality at least once each week for ~~three (3)~~ two (2) successive weeks  
8 prior to the date of the hearing, which may include the week in which the hearing is to be held. The  
9 same notice shall be posted in the town or city clerk's office and one other municipal building in  
10 the municipality and the municipality must make the notice accessible on the municipal home page  
11 of its website at least fourteen (14) days prior to the hearing. At this hearing, opportunity shall be  
12 given to all persons interested on being heard upon the matter of the proposed regulations. The  
13 newspaper notice shall:

14           (1) Specify the place of the hearing and the date and time of its commencement;

15           (2) Indicate that adoption, amendment, or repeal of local regulations is under consideration;

16           (3) Contain a statement of the proposed amendments to the regulations that may be printed  
17 once in its entirety, or may summarize or describe the matter under consideration as long as the  
18 intent and effect of the proposed regulation is expressly written in that notice;

19           (4) Advise those interested where and when a copy of the matter under consideration may

1 be obtained or examined and copied; and

2 (5) State that the proposals shown on the notice may be altered or amended prior to the  
3 close of the public hearing without further advertising as a result of further study or because of the  
4 views expressed at the public hearing. Any alteration or amendment must be presented for comment  
5 in the course of the hearing.

6 (b) Notice of the public hearing shall be sent by first-class mail to the city or town planning  
7 board of any municipality where there is a public or quasi-public water source, or private water  
8 source that is used, or is suitable for use, as a public water source, located within two thousand feet  
9 (2,000') of the municipal boundaries.

10 (c) Notice of a public hearing shall be sent to the governing body of any state or municipal  
11 water department or agency, special water district, or private water company that has riparian rights  
12 to a surface water resource and/or surface watershed that is used, or is suitable for use, as a public  
13 water source, located within either the municipality or two thousand feet (2,000') of the municipal  
14 boundaries; provided, that a map survey has been filed with the building inspector as specified in  
15 § 45-24-53(f).

16 (d) Notwithstanding any of the requirements set forth in subsections (a) through (c) above,  
17 each municipality shall establish and maintain a public notice registry allowing any person or entity  
18 to register for electronic notice of any changes to the local regulations. Municipalities shall annually  
19 provide public notice of the existence of the registry by a publication of notice in a newspaper of  
20 general circulation within the municipality. In addition, each municipality is hereby encouraged to  
21 provide public notice of the existence of the public notice registry in all of its current and future  
22 communications with the public, including, but not limited to, governmental websites, electronic  
23 newsletters, public bulletins, press releases, and all other means the municipality may use to impart  
24 information to the local community.

25 (1) Provided, however, notice pursuant to a public notice registry as per this section does  
26 not alone qualify a person or entity on the public notice registry as an "aggrieved party" under §  
27 45-24-31.

28 (e) No defect in the form of any notice under this section renders any regulations invalid,  
29 unless the defect is found to be intentional or misleading.

30 (f) The cost of newspaper notice and mailings shall be borne by the applicant.

31 (g) The requirements in this section are to be construed as minimum requirements.

27 conforming lot of record to become nonconforming by lot area or frontage, written notice shall be  
28 given to all owners of the real property as shown on the current real estate tax assessment records  
29 of the city or town. The notice shall be given by first-class mail at least two (2) weeks prior to the

32 nonconforming lots would be subject, the notice shall include reference to the merger clause and  
33 the impacts of common ownership of nonconforming lots. For any notice sent by first-class mail,  
34 the sender of the notice shall submit a notarized affidavit to attest to such mailing.

1 (d) Where a proposed amendment to an existing ordinance includes a specific change in a  
2 zoning district map, but does not affect districts generally, public notice shall be given as required  
3 by subsection (a) of this section, with the additional requirements that:

18 governmental agencies or instrumentalities having jurisdiction over the land and use that are the  
19 subject of the zoning change; (2) Those relating to the effectiveness or continued effectiveness of  
20 the zoning change; and/or (3) Those relating to the use of the land as it deems necessary. The  
21 responsible town or city official shall cause the limitations and conditions so imposed to be clearly  
22 noted on the zoning map and recorded in the land evidence records; provided, that in the case of a  
23 conditional zone change, the limitations, restrictions, and conditions shall not be noted on the  
24 zoning map until the zone change has become effective. If the permitted use for which the land has  
25 been rezoned is abandoned or if the land is not used for the requested purpose for a period of two  
26 (2) years or more after the zone change becomes effective, the town or city council may, after a  
27 public hearing, change the land to its original zoning use before the petition was filed. If any  
28 limitation, condition, or restriction in an ordinance is held to be invalid by a court in any action,  
29 that holding shall not cause the remainder of the ordinance to be invalid.

30 (k) The above requirements are to be construed as minimum requirements.
