Date Introduced: March 24, 2022

Referred To: Senate Judiciary

It is enacted by the General Assembly as follows:

1 SECTION 1. Section 31-22-31 of the General Laws in Chapter 31-22 entitled
2 "Miscellaneous Rules" is hereby amended to read as follows:

3 **31-22-31. Mobile telephone usage by motor vehicle operators.**

4 (a) For purposes of this section, the following terms shall have the following meanings:

5 (1) "Engage in a call" means talking into or listening on a hand-held personal wireless
6 communication device, but does not include holding a hand-held personal wireless communication
7 device to activate, deactivate, or initiate a function of such telephone.

8 (2) "Hands-free accessory" means an attachment, add-on, built-in feature, or addition to a
9 personal wireless communication device, whether or not permanently installed in a motor vehicle,
10 that, when used, allows the vehicle operator to maintain both hands on the steering wheel.

11 (3) "Hands-free personal wireless communication device" means a hand-held personal
12 wireless communication device that has an internal feature or function, or that is equipped with an
13 attachment or addition, whether or not permanently part of such hand-held personal wireless
14 communication device, by which a user engages in a call without the use of either hand, whether
15 or not the use of either hand is necessary to activate, deactivate, or initiate a function of such
16 telephone.

17 (4) "Hand-held personal wireless communication device" means a personal wireless
18 communication device with which a user engages in a call using at least one hand.

19 (5) "Immediate proximity" means the distance that permits the operator of a hand-held

1 personal wireless communication device to hear telecommunications transmitted over such hand-
2 held personal wireless communication device, but does not require physical contact with such
3 operator's ear.

4 (6) "Mobile telephone" means a personal wireless communication device, analog, wireless,
5 or digital telephone capable of sending or receiving telephone communication without an access
6 line for service.

7 (7) "Public utility" means a business that provides electricity, natural gas, water, and
8 communications and other information services to residential and commercial customers.

9 (8) "Using" or "use" means holding a hand-held personal wireless communication device
10 to, or in the immediate proximity of, the user's ear.

11 (b)(1) Except as otherwise provided in this section, no person shall operate a motor vehicle
12 while using a hand-held personal wireless communication device to engage in a call while such
13 vehicle is in motion.

14 (2) An operator of a motor vehicle who holds a hand-held personal wireless communication
15 device to, or in the immediate proximity of, the operator's ear while such vehicle is in motion is
16 presumed to be engaging in a call within the meaning of this section. The presumption established
17 by this subdivision is rebuttable by evidence tending to show that the operator was not engaged in
18 a call.

19 (3) The provisions of this section shall not be construed as authorizing the seizure or
20 forfeiture of a hand-held personal wireless communication device, unless otherwise provided by
21 law.

22 (4) Subsection (b)(1) of this section shall not apply to:
