10 take-home technology program.

11 (b) No student shall be permitted to participate in a take-home technology program without  
12 the written consent of the student's parent or guardian, including the signing of an opt-in agreement.

13 (c) A valid opt-in agreement shall identify, with specificity:

14 (1) The precise subset of data on the device to which access is being granted;

2 or other electronic communications or social media account with a specific service provider.

6 the sharing of personally-identifiable student data is unlawful under this chapter.

7           (i) When a device is permanently returned by a student, the educational institution or third

29 warrant has been secured, even if the student is also suspected of a related or unrelated violation of  
30 school policy;

31           (3) A school employee or law enforcement official reasonably suspects the student has  
32 engaged or is engaging in illegal conduct, reasonably suspects data on the device contains evidence
