AN ACT
RELATING TO WATERS AND NAVIGATION -- PFAS IN DRINKING WATER, GROUNDWATER, AND SURFACE WATER

Introduced By: Representative June Speakman

Date Introduced: February 02, 2024

Referred To: House Environment and Natural Resources
(Dept. of Health)

It is enacted by the General Assembly as follows:

SECTION 1. Section 46-32-7 of the General Laws in Chapter 46-32 entitled "PFAS in Drinking Water, Groundwater, and Surface Waters" is hereby amended to read as follows:

(a) On or before November 1, 2023, the director of the department of environmental management shall publish a plan for public review and comment to complete a statewide investigation of potential sources of per- and polyfluoroalkyl substances (PFAS) contamination. As part of this investigation, the director of the department of health shall conduct a pilot project at public water systems by an applicable analytical method to evaluate total PFAS the maximum number of PFAS detectable from standard laboratory methods. The director of the department of environmental management shall initiate implementation of the plan not later than January 1, 2024.

(b) On or before June 1, 2024, all public water systems in the state as defined in § 46-13-2, except transient, non-community water systems as defined by the department of health in R.I.C.R.-50-5-1 as may be amended, shall conduct monitoring of raw, untreated drinking water for the maximum number of PFAS detectable from standard laboratory methods.

SECTION 2. This act shall take effect upon passage.
EXPLANATION
BY THE LEGISLATIVE COUNCIL
OF
A N A C T
RELATING TO WATERS AND NAVIGATION -- PFAS IN DRINKING WATER, GROUNDWATER, AND SURFACE WATER

***
1 This act would delay from June 1, 2024, until June 1, 2025, the necessity to conduct
2 monitoring for the maximum number PFAS in drinking water and would amend the type of water
3 systems to which the requirement applies.
4 This act would take effect upon passage.
