## IN GENERAL ASSEMBLY

---

## RELATING TO HEALTH AND SAFETY - PARENTS' BILL OF RIGHTS ACT

Referred To: Senate Judiciary

1           SECTION 1. Title 23 of the General Laws entitled "HEALTH AND SAFETY" is hereby  
2   amended by adding thereto the following chapter:

## PARENTS' BILL OF RIGHTS ACT

The general assembly finds that it is a fundamental right of parents to direct the upbringing, education, and care of their minor children. The general assembly further finds that important information relating to a minor child should not be withheld, either inadvertently or purposefully, from their parents, including information relating to the minor child's health, well-being, and education, while the minor child is in the custody of the school district. The general assembly further finds it is necessary to establish a consistent mechanism for parents to be notified of information relating to the health and well-being of their minor children.

(a) The state, any of its political subdivisions, any other governmental entity, or any other institution may not infringe on the fundamental rights of a parent to direct the upbringing, education, health care, and mental health of their minor child, without demonstrating that such action is reasonable and necessary to achieve a compelling state interest and that such action is

1 narrowly tailored and is not otherwise served by a less restrictive means.

2 (b) For purposes of this chapter, the term "parent" means a person who has legal custody  
3 of a minor child as a natural or adoptive parent or a legal guardian.

4 **23-104-4. Parental rights.**

5 (a) All parental rights are reserved to the parent of a minor child in this state without  
6 obstruction or interference from the state, any of its political subdivisions, any other governmental  
7 entity, or any other institution, including, but not limited to, all of the following:

8 (1) The right to direct the education and care of their minor child.

9 (2) The right to direct the upbringing and the moral and religious training of their minor  
10 child.

11 (3) The right to apply to enroll their minor child in a public school or, as an alternative to  
12 public education, a private school, including a religious school, a home education program, or other  
13 available options, as authorized by law.

14 (4) The right to access and review all school records relating to their minor child.

15 (5) The right to make health care decisions for their minor child, unless otherwise provided  
16 by law.

17 (6) The right to access and review all medical records of their minor child unless prohibited  
18 by law, or if the parent is the subject of an investigation of a crime committed against the minor  
19 child, the records may be withheld, if a law enforcement agency or official upon application to a  
20 court of competent jurisdiction obtains an order that the information is not to be released.

21 (7) The right to consent in writing before a biometric scan of their minor child is made,  
22 shared, or stored.

23 (8) The right to consent in writing before any record of their minor child's blood or  
24 deoxyribonucleic acid (DNA) is created, stored, or shared, except as required by law or authorized  
25 pursuant to a court order.

26 (9) The right to consent in writing before the state or any of its political subdivisions makes  
27 a video or voice recording of their minor child unless such recording is made during or as part of a  
28 court proceeding or is made as part of a forensic interview in a criminal or department of children,  
29 youth and families investigation or is to be used solely for the following:

30 (i) A safety demonstration, including the maintenance of order and discipline in the  
31 common areas of a school or on student transportation vehicles;

32 (ii) A purpose related to a legitimate academic or extracurricular activity;

33 (iii) A purpose related to regular classroom instructions;

34 (iv) Security or surveillance of buildings or grounds; or

1           (v) A photo identification card.

2           (10) The right to be notified promptly if an employee of the state, any of its political  
3 subdivisions, any other governmental entity, or any other institution suspects that a criminal offense  
4 has been committed against their minor child, unless the incident has first been reported to law  
5 enforcement or the department of children, youth and families and notifying the parents would  
6 impede the investigation.

7           (b) This section does not:

8           (1) Authorize a parent of a minor child in this state to engage in conduct that is unlawful  
9 or to abuse or neglect their minor child in violation of law;

10          (2) Condone, authorize, approve, or apply to a parental action or decision that would end  
11 life;

12          (3) Prohibit a court of competent jurisdiction, law enforcement officer, or employees of a  
13 government agency that is responsible for child welfare from acting in their official capacity within  
14 the reasonable and prudent scope of their authority; or

15          (4) Prohibit a court of competent jurisdiction from issuing an order that is otherwise  
16 permitted by law.

17          (c) An employee of the state, any of its political subdivisions, or any other governmental  
18 entity who encourages or coerces, or attempts to encourage or coerce, a minor child to withhold  
19 information from their parent may be subject to disciplinary action.

20          (d) A parent of a minor child in this state has inalienable rights that are more comprehensive  
21 than those listed in this section, unless such rights have been legally waived or terminated. This  
22 chapter does not prescribe all rights to a parent of a minor child in this state. Unless required by  
23 law, the rights of a parent of a minor child in this state may not be limited or denied. This chapter  
24 may not be construed to apply to a parental action or decision that would end life.

25           **23-104-5. Parental consent for healthcare services.**

26          (a) Except as otherwise provided by law, a healthcare provider or professional, as defined  
27 in § 27-19-1, or an individual employed by such healthcare practitioner may not provide or solicit  
28 or arrange to provide healthcare services or prescribe medicinal drugs to a minor child without first  
29 obtaining written parental consent.

30          (b) Except as otherwise provided by law or a court order, a healthcare provider may not  
31 allow a medical procedure to be performed on a minor child in its facility without first obtaining  
32 written parental consent.

33          (c) This section does not apply to an abortion, which is governed by chapter 4.13 of title  
34 23.

1        (d) This section does not apply to services provided by a clinical laboratory, unless the  
2 services are delivered through a direct encounter with the minor at the clinical laboratory facility.  
3 For purposes of this subsection, the term "clinical laboratory" has the same meaning as provided in  
4 § 23-16.2-2.

5        **23-104-6. Penalties.**

6        Any healthcare provider, professional or other person who violates this section is subject  
7 to disciplinary action pursuant to chapter 37 of title 5, as applicable, and commits a misdemeanor  
8 punishable by imprisonment for a term not exceeding one year or by a fine of not more than one  
9 thousand dollars (\$1,000) and/or an administrative fine of one thousand dollars (\$1,000) for each  
10 violation, as applicable.

11        SECTION 2. Chapter 16-71 of the General Laws entitled "The Rhode Island Educational  
12 Records Bill of Rights" is hereby amended by adding thereto the following section:
