STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2012

—————  
A N A C T

RELATING TO REDISTRICTING OF THE GENERAL ASSEMBLY

Introduced By: Representative Stephen R. Ucci

Date Introduced: January 19, 2012

Referred To: House Judiciary

It is enacted by the General Assembly as follows:

1           SECTION 1. Section 22-1-2 of the General Laws in Chapter 22-1 entitled "Composition  
2 of Senate" is hereby amended to read as follows:

3           **22-1-2. Districts.** -- The state is hereby divided into thirty-eight (38) senatorial districts  
4 bounded and described as follows:

5           (1) It is understood and intended that for the purpose of this section a line described as  
6 running on, along, to or through any street (including road, avenue, lane, way, parkway,  
7 expressway, divided highway, state route or interstate route, or trail), stream or river, is intended  
8 to mean the center line of that street, stream or river, [and a line described as the shoreline is](#)  
9 [intended to mean the line along the mean low water level](#), in all instances, unless it shall be  
10 otherwise specified.

11           (2) It is further understood and intended that for the purpose of this section, the districts  
12 described in this section shall be composed of United States census geography (tracts and blocks),  
13 as defined by the ~~2000~~ [2010](#) version of the "TIGER" files from the United States Census Bureau,  
14 whose boundaries correspond to the below metes and bounds set forth in this section and which  
15 are hereby made a part of this chapter. A listing of which census blocks are contained within each  
16 district shall be deemed to be incorporated by reference.

17           (3) (i) It is further understood and intended that for the purpose of this section, the  
18 districts will be depicted on thirty-nine (39) maps, compiled by Election Data Services, Inc. for  
19 each city and town, and hereinafter may be referred to as town maps.

1 (ii) The secretary of state shall keep a copy of each set of the foregoing maps and a copy  
2 of the census tract and block listing available for inspection during ordinary business hours at his  
3 or her office. The secretary of state shall furnish each city and town a copy of the town map  
4 covering that particular city or town within ten (10) days from the passage of this act.

5 (iii) For purposes of this title, references to "tract" or "CT" shall mean "census tract", as  
6 that demographic unit is established by the United States Bureau of the Census for the ~~2000~~ [2010](#)  
7 census as described by maps and publications of the bureau. References to "block", "blocks", [or](#)  
8 "block groups", ~~"enumeration district", or "enumeration districts"~~, refer to those demographic  
9 units as established by the United States Census Bureau for the ~~2000~~ [2010](#) census as described by  
10 maps and publications of the bureau.

11 (iv) Any reference to a "city or town", "city or town boundaries", or "city or town limits"  
12 shall refer to the boundaries or limits of the particular city or town ~~as they existed on January 1,~~  
13 ~~2000~~ [as defined by the 2010 version of the "TIGER" files from the United States Census Bureau.](#)

14 (v) In the census tract and block listing, the first two (2) digits of a census description  
15 shall refer to the state of Rhode Island (44), the next three (3) digits of a census description shall  
16 refer to the county in which the district lies. Bristol county carries the code 001; Kent county  
17 carries the code 003; Newport county carries the code 005; Providence county carries the code  
18 007 and Washington county carries the code 009. The next six (6) digits refer to the census tract  
19 within the county set forth in the description. The last four (4) digits refer to the census block  
20 within the census tract. "TIGER" is an acronym for the computer readable geographic data base  
21 that automates the mapping and related geographic activities required to support the United  
22 States' Census Bureau's census and survey programs and stands for "Topologically Integrated  
23 Geographic Encoding and Referencing."

24 (vi) If any census tract, block, block group, or enumeration district is omitted, listed  
25 more than once, or is only partially provided for, it is intended that the districts be defined in such  
26 a manner as to not omit any area of Rhode Island from a district and to comply with the standard  
27 of Articles VII and VIII of the Rhode Island Constitution requiring that districts be reasonably  
28 equal. In order to carry out the intent of the general assembly as expressed in this section the  
29 secretary of state, shall if necessary, undertake measures to insure compliance with this section.

30 (vii) In the event of a discrepancy between the metes and bounds description, the  
31 description of census tracts and blocks, and the maps which shall be on file with the secretary of  
32 state, then the listing of census tracts and blocks shall take precedence and be controlling.

20 SECTION 2. Section 22-2-2 of the General Laws in Chapter 22-2 entitled "Composition  
21 of House of Representatives" is hereby amended to read as follows:

22 **22-2-2. Districts.** -- The state is hereby divided into seventy-five (75) representative  
23 districts bounded and described as follows:

24 (1) It is understood and intended that for the purpose of this section a line described as  
25 running on, along, to or through any street (including road, avenue, lane, way, parkway,  
26 expressway, divided Highway, state route or interstate route, or trail), stream or river, is intended  
27 to mean the centerline of that street, stream or river, and a line described as the shoreline is  
28 intended to mean the line along the mean low water level, in all instances, unless the same shall  
29 be otherwise specified.

30 (2) It is further understood and intended that for the purpose of this section, the districts  
31 described in this section shall be composed of United States census geography (tracts and blocks),  
32 as defined by the ~~2000~~ 2010 version of the "TIGER" files from the United States Census Bureau,  
33 whose boundaries correspond to the below metes and bounds set forth in this section and hereby  
34 made a part of this chapter. A listing of which census blocks are contained within each district

1 shall be deemed to be incorporated by reference.

2 (3) (i) It is further understood and intended that for the purpose of this section, the  
3 districts will be depicted on thirty-nine (39) maps, compiled by Election Data Services, Inc. for  
4 each city and town, and hereinafter may be referred to as town maps.

5 (ii) The secretary of state shall keep a copy of each set of the foregoing maps and a copy  
6 of the census tract and block listing available for inspection during ordinary business hours at his  
7 or her office. The secretary of state shall furnish each city and town a copy of the town map  
8 covering that particular city or town within ten (10) days from the date of passage of this act  
9 ~~[February 20, 2002]~~.

10 (iii) For purposes of this title, references to "tract" or "CT" shall mean "census tract", as  
11 that demographic unit is established by the United States Bureau of the Census for the ~~2000~~ 2010  
12 census as described by maps and publications of the bureau. References to "block", "blocks", or  
13 "block groups", ~~"enumeration district", or "enumeration districts"~~, refer to those demographic  
14 units as established by the United States Census Bureau for the ~~2000~~ 2010 census as described by  
15 maps and publications of the bureau.

16 (iv) Any reference to a "city or town", "city or town boundaries", or "city or town limits"  
17 shall refer to the boundaries or limits of the particular city or town ~~as they existed on January 1,~~  
18 2000 as defined by the 2010 version of the "TIGER" files from the United States Census Bureau.

19 (v) In the census tract and block listing, the first two (2) digits of a census description  
20 shall refer to the state of Rhode Island (44), the next three (3) digits of a census description shall  
21 refer to the county in which the district lies. Bristol county carries the code 001; Kent county  
22 carries the code 003; Newport county carries the code 005; Providence county carries the code  
23 007 and Washington county carries the code 009. The next six (6) digits refer to the census tract  
24 within the county set forth in the description. The last four (4) digits refer to the census block  
25 within the census tract. "TIGER" is an acronym for the computer readable geographic data base  
26 that automates the mapping and related geographic activities required to support the United  
27 States' Census Bureau's census and survey programs and stands for "Topologically Integrated  
28 Geographic Encoding and Referencing."

29 (vi) If any census tract, block, block group, or enumeration district is omitted, listed  
30 more than once, or is only partially provided for, it is intended that the districts be defined in such  
31 a manner as to not omit any area of Rhode Island from a district and to comply with the standard  
32 of Articles VII and VIII of the Rhode Island Constitution requiring that districts be reasonably  
33 equal. In order to carry out the intent of the general assembly as expressed in this section the  
34 secretary of state, shall if necessary, undertake measures to insure compliance with this section.

1 (vii) In the event of a discrepancy between the metes and bounds description, the  
2 description by census tracts and blocks, and the maps which shall be on file with the secretary of  
3 state, then the listing of census tracts and blocks shall take precedence and be controlling.

10 ~~The second congressional district shall also consist of all of that part of the city of~~  
11 ~~Providence not included in the first congressional district.~~

12 SECTION 4. The senatorial committees of the senatorial districts and the district  
13 committees of the representative districts in office on the effective date of this act shall not  
14 thereafter exercise any powers of nomination or endorsement of candidates for senator or  
15 representative, except for an election for senator or representative prior to the first Tuesday after  
16 the first Monday in November, 2012, but the chairperson of the state committee of each political  
17 party, forthwith upon passage of this act shall appoint the members of a senatorial district  
18 committee for each senatorial district and the members of a representative district committee for  
19 each representative district. Each of said senatorial district committees shall consist of five (5)  
20 members except that in senatorial districts which include all or parts of two (2) or more cities or  
21 towns, the committee shall consist of seven (7) members. Each of said representative district  
22 committees shall consist of three (3) members, except that in representative districts which  
23 include all or parts of two (2) or more cities and towns, the committee shall consist of five (5)  
24 members. Such district committee members, so appointed, shall hold office until the primary  
25 elections in 2012 and thereafter until their successors shall have been duly elected, qualified and  
26 organized. Nothing herein contained shall be construed to vacate the office or terminate the term  
27 of office of any state committee member of any party prior to the party primary election in  
28 September, 2012.

29 SECTION 5. Whenever in the general laws or in any public law a duty is imposed upon  
30 the president of a town council or upon the local board of any city or town or upon a town clerk,  
31 town sergeant or constable in connection with the election of a senator or representative, such  
32 duty in the case of a senatorial or representative district comprising parts or the whole of more  
33 than one town shall be deemed to be imposed upon the president of the town council or local  
34 board or town clerk, town sergeant or constable of each or all of the towns in which such

1 senatorial or representative district shall lie. Wherever in the general laws or in any public law a  
2 duty is imposed upon the city committee, town committee, or ward committee of a political party  
3 in connection with the election of a senator or representative, such duty shall be deemed to be  
4 imposed upon the senatorial or representative district committee of the party as the context shall  
5 require.

6 SECTION 6. Wherever in the general laws or in any public law reference is made to a  
7 senator or representative from any city or town, or to the election of a senator or representative  
8 from any city or town, such reference shall mean and be deemed to refer to a senator or  
9 representative from a senatorial or representative district, or the election of a senator or  
10 representative from a senatorial or representative district, as the context may require.

11 SECTION 7. This act shall be liberally construed to effectuate the purposes thereof and  
12 to apportion the state into senatorial or representative districts in compliance with the  
13 requirements of the United States Constitution. It is intended that the senatorial or representative  
14 districts described herein completely encompass all the area within the state and contain all the  
15 population residing in the state. It is further intended that the apportionment and districting  
16 provided for in this act results in the creation of districts containing substantially equal  
17 population. It is also intended that no senatorial or representative district shall include any of the  
18 area included within the description of any other senatorial or representative district. If the  
19 districts described in this act do not carry out the purposes thereof because of patent unintentional  
20 omissions, duplications, overlapping area, erroneous nomenclature, faulty description of  
21 boundary lines, street closings, changes in names of streets or of public places, alteration of the  
22 courses of rivers or streams, the filling in of lands under water or changes in shorelines due to  
23 accretion, the secretary of state is hereby authorized and empowered to correct such omissions,  
24 overlaps, erroneous nomenclature, or other defects in the description of districts so as to  
25 accomplish the purposes and objectives of this act. In making such corrections, the secretary of  
26 state shall be guided by the following standards:

27 (1) Gaps in the description of any district shall be completed in a manner which results in  
28 a total description of the district in manner consonant with the description of adjacent districts;

29 (2) Areas included within the descriptions of more than one district shall be allocated to  
30 the district having the lowest population; and

31 (3) Areas not included within the descriptions of any district shall be allocated to the  
32 adjacent district having the lowest population.

33 SECTION 8. This act shall take effect upon passage; provided, however, that the  
34 provisions hereof shall first be effective in connection with elections to be held on or subsequent

1 to the first day of September, 2012, and for the purpose of greater clarity, the first election under  
2 the provisions of this act for congress, senator and representative from each of the senatorial,  
3 congressional or representative districts hereby created, shall be held on the Tuesday next after  
4 the first Monday in November, 2012, and the first primary election under the provisions of this  
5 act for nomination of candidates for congress, senate and for representative from each of said  
6 representative district shall be held on the second Tuesday after the first Monday in September,  
7 2012, provided, however, that if any provision of this act or the application of such provision to  
8 any person or under any circumstances shall be held unconstitutional or otherwise invalid or  
9 inoperative by a decision of any court of competent jurisdiction, or if any action performed or to  
10 be performed under any provision of this act is restrained or enjoined by any court of competent  
11 jurisdiction, the remaining provisions of this act shall not be deemed to be impaired or affected  
12 thereby but shall be deemed to remain in full force and effect. Any primary or special election  
13 held prior to the first day of September, 2012, shall be conducted under the laws as they existed  
14 prior to the passage of this act.

1 SECTION 9. This act shall take effect upon passage.

EXPLANATION  
BY THE LEGISLATIVE COUNCIL  
OF  
A N A C T  
RELATING TO REDISTRICTING OF THE GENERAL ASSEMBLY

\*\*\*

1           This act would set forth the boundaries of the voting districts for the House of  
2 Representatives and the Senate. The act would also set forth the territory for the First and Second  
3 Congressional Districts in Rhode Island.

4           This act would take effect upon its passage; provided, however, that the provisions hereof  
5 would first be effective in connection with elections to be held on or subsequent to the first day of  
6 September, 2012, and for the purpose of greater clarity, the first election under the provisions of  
7 this act for congress, senator and representative from each of the congressional, senatorial, or  
8 representative districts hereby created, would be held on the Tuesday next after the first Monday  
9 in November, 2012, and the first primary election under the provisions of this act for nomination  
10 of candidates for congress, senator and for representative from each of said representative district  
11 would be held on the second Tuesday after the first Monday in September, 2012, provided,  
12 however, that if any provision of this act or the application of such provision to any person or  
13 under any circumstances would be held unconstitutional or otherwise invalid or inoperative by a  
14 decision of any court of competent jurisdiction, or if any action performed or to be performed  
15 under any provision of this act is restrained or enjoined by any court of competent jurisdiction,  
16 the remaining provisions of this act would not be deemed to be impaired or affected thereby but  
17 would be deemed to remain in full force and effect. Any primary or special election held prior to  
18 the first day of September, 2012, would be conducted under the laws as they existed prior to the  
19 passage of this act.
