It is enacted by the General Assembly as follows:

1           SECTION 1. Section 31-28-7 of the General Laws in Chapter 31-28 entitled "Parking  
2 Facilities and Privileges" is hereby amended to read as follows:

3           **31-28-7. Motor vehicle plates for persons with disabilities -- Entitlement --**  
4 **Designated parking spaces -- Violations. --** (a) Persons, as defined in subsection (h) of this  
5 section, upon application and proof of permanent or long-term disability to the division of motor  
6 vehicles, shall be issued one motor vehicle disability parking privilege placard or in the case of a  
7 motorcycle, one motor vehicle sticker, of blue which shall be imprinted with the white  
8 international symbol of access, certificate number, the words "Rhode Island Disability Parking  
9 Permit" and shall bear the expiration date upon its face. A placard or motorcycle sticker issued to  
10 a person whose disability is temporary shall be substantially similar to that issued to a person with  
11 a permanent or long term disability. The temporary placard, however, shall be a red placard with  
12 a white international symbol of access, certificate number, the words "Rhode Island Disability  
13 Parking Permit" and shall bear the expiration dates upon its face. [A preliminary placard shall be](#)  
14 [similar to that issued to a person with a permanent, long-term, or temporary disability. The](#)  
15 [preliminary placard shall be effective for fourteen \(14\) days, and may be issued by an applicant's](#)  
16 [licensed physician, if in the medical provider's opinion the applicant's medical condition merits](#)  
17 [the issuance of a preliminary placard while the division considers the applicant's qualifications for](#)  
18 [any type of disability parking permit. The preliminary placard shall be an orange placard with a](#)  
19 [white international symbol of access, certificate number, the words "Rhode Island disability](#)

1 parking permit" and shall bear the expiration date upon its face and shall be displayed on the  
2 dashboard of the vehicle in a manner that it is clearly visible from the front. The division of motor  
3 vehicles shall promulgate rules governing the issuance and use of preliminary placards.  
4 Applicants shall not be charged any fee associated with the issuance of a preliminary placard.  
5 Physicians submitting false information to the division of motor vehicles to obtain a preliminary  
6 placard on anyone's behalf may be subject to the penalties set forth in section 11-18-1.3. Persons  
7 issued a placard or motorcycle sticker pursuant to this section shall be entitled to the immunities  
8 of sections 31-28-4 and 31-28-6. The placard shall conform to the Uniform Parking System for  
9 Disabled Drivers standard issued by the United States Department of Transportation. If an  
10 application for a placard or motorcycle sticker is denied, the division of motor vehicles shall  
11 promptly notify the applicant in writing, stating the specific reason(s) for the denial, and advising  
12 the applicant of the procedures for requesting a hearing to appeal the denial. Prior to the appeal  
13 hearing, the applicant shall be provided with any and all documents relied upon by the division in  
14 denying the application. If an application contains a physician certification that the applicant is  
15 sufficiently disabled to require a placard or motorcycle sticker, and the division has not provided  
16 specific reasons in its denial letter to the applicant, the hearing officer shall summarily order that  
17 a placard or motorcycle sticker be provided to the applicant. At all other hearings of application  
18 denials where a physician certification has been provided, the division shall bear the burden of  
19 proof that the individual is not entitled to a placard or motorcycle sticker pursuant to this chapter.

20 (b) A placard issued pursuant to this section shall be portable and used only when the  
21 person is being transported. The placard is to be hung from the rear view mirror so as to be seen  
22 through the front or rear windshield of the motor vehicle. A placard may be issued to a person  
23 with a disability who does not own a motor vehicle, to be used only when he or she is being  
24 transported. A motorcycle sticker issued pursuant to this section shall not be portable and shall be  
25 affixed to the rear plate of the motorcycle.

26 (c) (1) The certificate of entitlement to the placard or motorcycle sticker shall be  
27 renewed every three (3) years for individuals with a long-term disability, as defined in subsection  
28 (d) of this section, and the renewal application shall require a physician's certification that the  
29 condition has not changed since the previous approval, and three (3) years for individuals with a  
30 permanent disability as defined in subsection (h) of this section, in accordance with a schedule  
31 prepared by the division of motor vehicles that uses the last name of an individual to determine  
32 the month of renewal. If an application or subsequent renewal is accompanied by a physician's  
33 certification that the applicant's condition is a chronic, permanent impairment and that application  
34 is approved, then any subsequent renewal shall be authorized upon receipt of a notarized affidavit

1 from the applicant or applicant's, guardian or legal representative or a certificate from the  
2 applicant's physician that his or her condition has not changed since the previous approval.

3 (2) The certificate of entitlement to the placard or motorcycle sticker shall be covered  
4 with plastic or similar material. The applicant shall, upon timely renewal, receive a sticker  
5 bearing the expiration date of the certificate of entitlement to be affixed across the expiration date  
6 of the disability parking privilege placard or in the case of a motorcycle the applicant shall  
7 receive a new motorcycle sticker. The division of motor vehicles shall establish rules and  
8 regulations allowing for the renewal of the certificates of entitlement by mail.

9 (3) Whenever the division of motor vehicles proposes to suspend, revoke or fail to renew  
10 the certificate of entitlement for noncompliance with the requirements of this section or for  
11 violation of subsection (h) of this section, the individual shall first be entitled to a hearing before  
12 the division of motor vehicles to contest the proposed action. At the hearing, the division of motor  
13 vehicles shall bear the burden of proof that the individual is not entitled to the placard or  
14 motorcycle sticker pursuant to this chapter. There shall be no renewal fee charged for the placards  
15 or motorcycle sticker. The division of motor vehicles shall be authorized to issue a temporary  
16 disability parking privilege placard or motorcycle sticker immediately upon receipt of an  
17 application for individuals with a temporary impairment, as defined in subsection (h) of this  
18 section. A temporary placard or motorcycle sticker shall be valid for sixty (60) days from the date  
19 of issuance. Temporary placards or motorcycle stickers may be renewed for a period of one year  
20 or less, as determined by the medical advisory board upon application if the disability persists.  
21 The division of motor vehicles shall subsequently review the applications in accordance with the  
22 procedures currently in effect as to applications from persons whose disability is long term. Any  
23 issuance which, after subsequent review, shall be found to be inappropriate shall be revoked and  
24 notice of the revocation shall be sent to the applicant.

25 (d) A person, other than a person with a disability, who for his or her own purposes uses  
26 the parking privilege placard, shall be fined five hundred dollars (\$500) for each violation. A  
27 person issued a special placard who uses the placard after expiration, or who shall allow  
28 unauthorized use of the disability parking placard or sticker, may be subject to immediate  
29 revocation of the use of the placard by the division of motor vehicles, and subject to a fine of five  
30 hundred dollars (\$500).

31 (e) Disability parking spaces shall be designated and identified by the posting of signs  
32 above ground level incorporating the international symbol of access of white on blue, and the  
33 words "Handicapped Parking", "Disability Parking," "Disabled Parking," or "Reserved Parking"  
34 at each space, at both ends of a row or series of adjacent disability parking spaces, or at the

1 entrance to a parking lot restricted to only disability parking.

2 (f) A person, other than a person issued a special placard or motorcycle sticker pursuant  
3 to this section, who parks a vehicle in a parking space designated for persons with disabilities,  
4 shall be fined: (1) one hundred dollars (\$100) for a first violation, (2) one hundred seventy-five  
5 dollars (\$175) for a second violation, and (3) three hundred twenty-five dollars (\$325) for a third  
6 or subsequent violation. The vehicle may be subject to towing at the owner's expense. Provided  
7 further, that it shall not be unlawful for a person to park a vehicle in a space designated for person  
8 with disabilities if that person is transporting a person who has been issued a special placard and  
9 is properly displaying the placard on the vehicle.

10 (g) Enforcement of the parking provisions of this section shall be enforced by the local  
11 or state authorities on public or private property when the location of the parking spaces is within  
12 the purview of the State Building Code, chapter 27.3 of title 23.
