Referred To: Senate Judiciary

1 WHEREAS, The safe travel of all Rhode Island motorists on the state's roads and bridges
2 is the General Assembly's paramount concern; and

3 WHEREAS, Ensuring the safe travel of Rhode Island motorists requires that the state's
4 roads and bridges be in the safest condition possible, and that law enforcement officials strictly
5 enforce laws prohibiting speeding and distracted driving; and

6 WHEREAS, Tragically, within the past twenty-seven months, three people have lost their
7 lives in head-on collisions on the Claiborne Pell Bridge; and

8 WHEREAS, In each instance, the presence of an enforced hard median barrier, and strict
9 enforcement of state speeding and distracted driving laws, may have helped in preventing these
10 tragic accidents from occurring; and

11 WHEREAS, Despite their heartbreak, the families and friends of the victims of these
12 recent accidents have turned their sorrow into action, forming "Citizens United for Bridge Safety"
13 an organization committed to improving the safety of the Claiborne Pell Bridge and preventing
14 accidents like those that befell their loved ones from happening to others; and

15 WHEREAS, The installation of median barriers is either planned, or underway, on
16 bridges across the United States, including the iconic Golden Gate Bridge in San Francisco,
17 California; and

18 WHEREAS, While the state cannot prevent all accidents, the installation of median
19 barriers on the Claiborne Pell Bridge, and stricter enforcement of state speeding and distracted

1 driving law, may be effective in preventing future head-on collisions; now, therefore be it

2 RESOLVED, That this General Assembly of the State of Rhode Island and Providence
3 Plantations hereby respectfully requests the Rhode Island Turnpike and Bridge Authority install a
4 solid median barrier on the Claiborne Pell Bridge, of a type that is designed to prevent head-on
5 collisions without further delay and to complete the installation of the barrier by no later than
6 March 31, 2015, to protect Rhode Island motorists. The costs of said barrier should be paid for
7 from the Authority's own funds; and be it further

8 RESOLVED, That this General Assembly hereby respectfully requests the Rhode Island
9 Turnpike and Bridge Authority and the Rhode Island State Police to work together to rigorously
10 enforce the 40 miles per hour speed limit established for the bridge, and state traffic laws
11 prohibiting distracted driving, including the law prohibiting the use of cell phones by drivers
12 under the age of 18, and the law prohibiting texting while driving, without delay, to protect
13 Rhode Island motorists; and be it further

14 RESOLVED, That this General Assembly hereby respectfully requests that the Rhode
15 Island Turnpike and Bridge Authority, the Rhode Island Department of Transportation, and the
16 Rhode Island State Police publicize their aforementioned bridge safety provisions as well as their
17 plans to rigorously enforce the speed limit and traffic laws on the bridge; and be it further

18 RESOLVED, That this General Assembly hereby respectfully requests the Rhode Island
19 Turnpike and Bridge Authority to report back to the Rhode Island Department of Transportation,
20 the Rhode Island State Police, the President of the Senate, and the Speaker of the House of
