STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2014

A N A C T

TO CREATE AND ESTABLISH THE TIVERTON WASTEWATER DISTRICT

Introduced By: Senators Felag, DiPalma, and Ottiano

Date Introduced: March 25, 2014

Referred To: Senate Housing & Municipal Government

It is enacted by the General Assembly as follows:

1 SECTION 1. [Short title.](#)

2 This act shall be known as the "Tiverton Wastewater District Act".

3 SECTION 2. [Legislative findings and intent.](#)

4 It is hereby found and declared that:

5 (1) The 2013 Wastewater Facilities Plan Update recommended providing a wastewater  
6 collection system in North Tiverton, portions of eastern Tiverton as well as the Stonebridge area  
7 of Tiverton.

8 (2) Provision of sewers in these areas will have a direct beneficial impact on Tiverton's  
9 economy.

10 (3) The expansion of sewers will minimize the financial burden to property owners  
11 within the district in regard to the wastewater disposal systems.

12 (4) The town as a whole will benefit from the expansion of the collection system through  
13 preservation of the town's environment.

14 (5) The passage of Rhode Island's 2007 Cesspool Phase-Out Act set a timetable for the  
15 inspection and replacement of cesspools located within two hundred (200) feet of a coastal area,  
16 and these cesspools must be replaced by January 1, 2014. This has proven to be cost prohibitive  
17 to numerous residents.

18 (6) The act identifies an exemption which applies to cesspools located in areas to be  
19 seweraged on or before January 1, 2020.

1 (7) The 2013 Wastewater Facilities Plan recommended creating a sewer district  
2 encompassing the existing and future sewer collection areas so that only properties located within  
3 the sewer district will be responsible for the costs of design, construction, and operation of the  
4 system.

5 (8) Pollution in the storm water outfalls identified in the January 2010 Total Maximum  
6 Daily Load (TMDL) study must be addressed by the town.

7 (9) It is further found and declared that there is a potential health hazard from surfacing  
8 of wastewater effluent due to poor soil characteristics, underground water movement and the  
9 large number of subsurface disposal systems.

10 (10) It is in the best interests of the public health, safety, and welfare that present users of  
11 the Tiverton sewer system, as well as future users, to establish the Tiverton wastewater district.

12 SECTION 3. [Definitions.](#)

23 land, or duly authorized agent, has made application in writing to the district for permission to  
24 make same, and has been granted such permission;

25 (2) Separate and connecting building sewers.

26 A separate and independent building sewer shall be provided for every building. Where  
27 one building stands at the rear of another on an interior lot and no private sewer is available or  
28 can be constructed to the rear building through an adjoining alley, court, yard or driveway, the  
29 building sewer from the front building may be extended to the rear building and the whole  
30 considered as one building sewer. The district does not and will not assume any obligation or  
31 responsibility for damage caused by or resulting from any such single connection  
32 aforementioned. The rights appurtenant to such single connection or extension from a front  
33 building to a rear building shall be recorded with each of the respective deeds. No sewer service  
34 connection shall serve more than one building except by permission of the district.

2 All costs and expense incident to the installation and connections of the building sewer  
3 shall be borne by the owner. The owner shall indemnify the district from any loss or damage that  
4 may directly or indirectly be occasioned by the installation of the building sewer.

7 depth and gradient and in such location as the district may determine. No sewer service  
8 connection shall serve more than one building, except by permission of the district.

11 drains are away drains, or other sources of surface runoff or groundwater to a building sewer or  
12 building drain, which in turn is connected directly or indirectly to a public sewer.

17 department of public works or state of Rhode Island department of transportation as appropriate  
18 in accordance with the street opening permits and regulations.

21 drainage shall not be discharged through direct or indirect connections to the public sanitary  
22 sewer district.

28 pretreatment standards or any other national, state, or local pretreatment standards or  
29 requirements.

30 SECTION 12. [Wastewater discharge permit requirements.](#)

31 (1) No significant industrial user shall discharge wastewater into the WWCS without first  
32 obtaining a wastewater discharge permit from the district. Any violation of the terms and  
33 conditions of a wastewater discharge permit shall be deemed a violation of this chapter and  
34 subjects the wastewater discharge permittee to the sanctions established by the district. Obtaining

1 a wastewater discharge permit does not relieve a permittee of its obligation to comply with all  
2 federal and state pretreatment standards or requirements or with any other requirements of  
3 federal, state, and local law.

4 SECTION 13. New discharges and changes in discharges.

5 Any person proposing a new discharge into the system, or a substantial change in the  
6 volume or character of pollutants that are being discharged into the system shall notify the district  
7 at least forty-five (45) days prior to the proposed change or connection. Such notification will not  
8 relieve users of liability for any expense, loss or damage to the sewer system, wastewater  
9 treatment works or treatment processes.

10 SECTION 14. Monitoring, sampling and analyses.

11 (1) Inspection powers:

12 (a) Inspections. Inspections shall be conducted at the discretion of the district. The district

25 requirements.

20 replacements, and renewals; to provide for the payment of interest on the indebtedness created or  
21 assumed by the district; to provide for the principal payments on serial indebtedness created or  
22 assumed by the district; to provide for contingency and capital reserve allowances; to maintain  
23 such reserves as may be required by any trust agreement or resolution.

5 valuation, the assessor of the district shall make an equitable valuation of that portion of the  
6 property lying within the district; and in the assessing and collecting of taxes, proceedings shall

23 such bonds and notes and the making of all other expenditures of the district incident to and  
24 necessary or convenient to carrying out its corporate purposes and powers;

25 (2) All bonds and notes issued by the district may be secured by the full faith and credit  
26 of the district and may be payable solely out of revenues, earnings and receipts of the district.

28 time, may be in such form and denominations, including interest coupons, if any, to be attached to  
29 them, and of such tenor and maturities, and may be in bearer form or in registered form, as to  
30 principal and interest, or at such discount in lieu of interest, or as to principal alone, all as the  
31 district may determine. Such bonds and notes may provide for authentication of bonds and notes  
32 by a directors or fiscal agent;

33 (3) Bonds may be payable in such installments, and at such times not exceeding fifty (50)  
34 years from the date thereof, as shall be determined by the district;

2 be payable in such installments and at such times not exceeding ten (10) years from the date of  
3 the original issue of such notes, as shall be determined by the district;

4 (5) Bonds and notes may be payable at such places, which may be any bank or trust  
5 company, whether within or without the state, may bear interest at such rate or rates payable at  
6 such time or times and at such place or places, and evidenced in such manner, and may contain  
7 such provisions not inconsistent herewith, all as shall be provided in the proceedings of the  
8 district under which they shall be authorized to be issued. Bonds shall bear the seal of or a  
9 facsimile of the seal;

10 (6) There may be retained by provision made in the proceedings under which any bonds  
11 or notes of the district are authorized to be issued an option to redeem all or any part thereof at  
12 such prices and upon such notice, and on such further terms and conditions as shall be set forth in  
13 the record of such proceedings and on the face of the bonds or notes;

14 (7) Any bonds or notes of the district may be sold from time to time at such prices, at  
15 public or private sale, and such manner as shall be determined by the district, and the district shall  
16 pay all expenses, premiums and commissions that it shall deem necessary or advantageous in  
17 connection with the issuance and sale thereof;

18 (8) Moneys of the district, including proceeds from the sale of bonds or notes, and  
19 revenues, receipts and income from any of its water supply facilities, may be invested and  
20 reinvested in such obligations, securities and other investments consistent herewith as shall be  
21 specified in the resolution under which such bonds or notes are authorized.

22 (9) Issuance by the district of one or more series of bonds or notes for one or more  
23 purposes shall not preclude it from issuing other bonds and notes, but the proceedings  
24 whereunder any subsequent bonds or notes may be issued shall recognize and protect a prior  
25 pledge or mortgage made for a prior issue of bonds or notes unless in the proceedings authorizing  
26 such prior issue the right is reserved to issue subsequent bonds or notes on a parity with such  
27 prior issue;

28 (10) The district is authorized to issue bonds or notes for the purpose of refunding its  
29 bonds or notes then outstanding, including the payment of any redemption premium thereon and  
30 any interest accrued or to accrue to the earliest or subsequent date of redemption, purchase or  
31 maturity of such bonds or notes, payment of any expenses of issuance of such bonds or notes,  
32 payment of any expenses of redeeming bonds or notes being refunded, reserves for debt service,  
33 and, if deemed advisable by the district, for the additional purpose of paying all or part of the cost  
34 of acquiring, constructing, reconstructing, rehabilitating, or improving any wastewater treatment,

1 conveyance or other appurtenant facility. The proceeds of any issuance of bonds or notes for the  
2 purpose of refunding outstanding bonds or notes may be applied, in the discretion of the district,  
3 to the purchase, retirement at maturity, or redemption of such outstanding bonds or notes either  
4 on their earliest or subsequent redemption date, and may, pending such application, be placed in  
5 escrow. Any such escrowed proceeds may be invested and reinvested in obligations of or  
6 guaranteed by the United States of America, or in certificates of deposit or time deposits secured  
7 or guaranteed by the state of Rhode Island or the United States, or an instrumentality thereof,  
8 maturing at such time or times as shall be appropriate to assure the prompt payment, as to  
9 principal, interest and redemption premium, if any, of the outstanding bonds or notes to be so  
10 refunded. The interest, income and profits, if any, earned or realized on any such investment may  
11 be applied to the payment of the outstanding bonds or notes to be so refunded. After the terms of  
12 the escrow have been fully satisfied and carried out, any balance of such proceeds and interest,  
13 income and profits, if any, earned or realized on the investments thereof may be returned to the  
14 district for use by it in furtherance of its purposes. The portion of the proceeds of bonds or notes  
15 issued for the additional purpose of paying all or part of the cost of acquiring, constructing,  
16 reconstructing, rehabilitating, developing or improving any water supply facility, may be invested  
17 and reinvested in such obligations, securities and other investments consistent herewith as shall  
18 be specified in the resolutions under which such bonds or notes are authorized and which shall  
19 mature not later than the times when such proceeds will be needed for such purpose. The income,  
20 interest, and profits, if any, earned or realized on such investments may be applied to the payment  
21 of all parts of such costs, or to the making of such loans, or may be used by the district otherwise  
22 in furtherance of its purposes. All such bonds or notes shall be issued and secured and shall be  
23 subject to the provisions of this act in the same manner and to the same extent as any other bonds  
24 or notes issued pursuant to this act.

25 (11) The directors of the district, and other persons executing such bonds or notes, shall  
26 not be subject to personal liability by reason of the issuance thereof.

27 (12) Bonds or notes issued under any of the provisions of this act shall require the  
28 approval of the annual or a special meeting of the district voters, but otherwise shall not require  
29 the consent of any department, division, commission, board, body, bureau or agency of the state,  
30 and may be issued without any other proceedings or the happening of any conditions or things  
31 other than those proceedings, conditions or things which are specifically required by this act and  
32 by the provisions of the resolution authorizing the issuance of such bonds or notes or the trust  
33 agreement securing the same;

34 (13) The district, subject to such agreements with noteholders or bondholders as may then

1 be in force, shall have the power out of any funds available thereof to purchase bonds or notes of  
2 the district, which shall thereupon be cancelled, at a price not exceeding:

3 (a) If the bonds or notes are then redeemable, the redemption price then applicable plus  
4 accrued interest to the next interest payment date; or

5 (b) If the bonds or notes are not then redeemable, the redemption price applicable on the  
6 earliest date that the bonds or notes become subject to redemption, plus the interest that would  
7 have accrued to such date.

8 (14) Whether or not the bonds and notes are of such form and character as to be  
9 negotiable instruments under Rhode Island law, the bonds and notes are hereby made negotiable  
10 instruments within the meaning of and for all purposes of Rhode Island law, subject only to the  
11 provisions of the bonds and notes for registration;

12 (15) If a director or officer of the district whose signature appears on bonds, notes or  
13 coupons shall cease to be a director or officer before the delivery of such bonds or notes, such  
14 signature shall, nevertheless, be valid and sufficient for all purposes, the same as if such director  
15 or officer had remained in office until such delivery;

16 (16) Any bonds or notes issued under authority of this act may be issued by the district in  
17 the form of lines of credit, loans or other banking arrangements and under such terms and  
18 conditions not inconsistent with this act, and under such agreements with the purchasers or  
19 makers thereof, as the district may determine to be in the best interest of the district;

20 (17) The district may at any time deposit with a trustee, a sum sufficient, with amounts  
21 then on deposit, including the debt service reserve fund, to purchase direct or guaranteed  
22 obligations of the United States of America which are adequate to pay the entire principal amount  
23 of the bonds or notes of a series, together with the interest to maturity, or to an applicable  
24 redemption date specified by the district to the trustee and any applicable redemption premium; or  
25 the district may deposit direct or guaranteed obligations of the United States of America in lieu of  
26 money for their purchase. The obligations are deemed adequate if the principal and interest  
27 payable on them are sufficient to pay the previously mentioned sums when due. Upon any deposit  
28 of money and a request by the district, the trustee shall purchase direct or guaranteed obligations  
29 of the United States of America. When adequate direct or guaranteed obligations of the United  
30 States of America are held by the director pursuant to this section, the bond resolution or  
31 indenture shall cease to be in effect with respect to such series of bonds or notes. The obligations  
32 and their proceeds shall be held in trust for the benefit of the bondholders or note holders, and the  
33 trustee shall, on behalf of the district, call bonds or notes for redemption on the applicable  
34 redemption date. Any compensation or expenses of the trustee in carrying out this section shall be

1 paid by the district, and any surplus funds held by the trustee under this section shall be remitted  
2 by the trustee to the district;

3 (18) The district may covenant in any resolution, trust indenture or other agreement that  
4 as long as bonds or notes are outstanding the district shall establish and maintain its rates and  
5 charges adequate at all times to pay and provide for all operating expenses of the district, all  
6 payments of principal, redemption premium, if any, and interest on bonds, notes or other  
7 evidences of indebtedness of or assumed by the district, all renewals, repairs, or replacements to  
8 the property of the district deemed necessary, and all other amounts which the district may by  
9 law, resolution or contract be obligated to pay. On or before the last day of the district's fiscal  
10 year, the district shall review the adequacy of its rates and charges to satisfy the above  
11 requirements for the next succeeding fiscal year. If the review indicates that the rates and charges  
12 are, or are likely to be, insufficient to meet the requirements of this act, the district shall promptly  
13 take such steps as are necessary to cure or avoid deficiency, including but not limited to, raising  
14 its rates and charges;

15 (19) It shall be lawful for any bank or trust company to act as a depository or trustee of  
16 the proceeds of bonds, notes, revenues or other moneys under any such trust agreement or  
17 resolution and to furnish such indemnification or to pledge such securities and issue such letters  
18 of credit as may be required by the district. Any pledge of revenues or other property made by the  
19 district under this act shall be valid and binding and shall be deemed continuously perfected from  
20 the time when the pledge is made; the revenues, moneys, rights and proceeds so pledged and then  
21 held or thereafter acquired or received by the district shall immediately be subject to the lien of  
22 such pledge without any physical delivery or segregation thereof or further act; and the lien of  
23 any such pledge shall be valid and binding against all parties having claims of any kind in tort,  
24 contract or otherwise against the district, irrespective of whether such parties have notice thereof.  
25 Neither the resolution, any trust agreement nor any other agreement by which a pledge is created  
26 need be filed or recorded except in the records of the district.

27 SECTION 20. [Short-term notice.](#)

28 Money borrowed by the district for the purpose of providing temporary financing of the  
29 district operations pending the issuance of bonds or other notes shall be evidenced by notes or  
30 other obligations. The principal and interest of all notes or other obligations of the district so  
31 issued under the provisions of section 12 shall be payable no later than the fifth anniversary of the  
32 date of issue thereof, and shall be payable from the following:

33 (1) From the proceeds of bonds subsequently issued; or

34 (2) From the proceeds of subsequent borrowings which comply with the provisions

1 hereof; or

2 (3) From general revenues of the district which may be equal and proportionate with, but  
3 not superior to, that securing bonds then outstanding or subsequently issued. Notwithstanding any  
4 other provisions of this act, all such notes shall be deemed to be negotiable instruments under the  
5 laws of the state subject only to the provisions for registration contained therein. Such notes or  
6 other obligations or any issue thereof shall be in a form and contain such other provisions as the  
7 district may determine and such notes or resolutions or proceedings authorizing such notes or  
8 other obligations or any issue thereof may contain, in addition to any provisions, conditions,  
9 covenants or limitations authorized by this act, any provisions, conditions, covenants or  
10 limitations which the district is authorized to include in any resolution or resolutions authorizing  
11 bonds or notes or in any trust indenture relating thereto. The district may issue such notes or other  
12 obligations in such manner either publicly or privately on such terms as it may determine to be in  
13 its best interests.

14 SECTION 21. [Security for bonds or notes.](#)

15 (1) The principal of and interest on any bonds or notes issued by the district may be  
16 secured by a pledge of any revenues and receipts of the district and may be secured by a mortgage  
17 or other instrument covering all or any parts of one or more wastewater treatment, conveyance or  
18 other appurtenant facilities, including all or part of any additions, improvements, extensions to or  
19 enlargements of such facilities thereafter made.

20 (2) The resolution under which the bonds or notes are authorized to be issued and any  
21 such mortgage, lease, sales agreement or loan agreement, or other instrument may contain  
22 agreements and provisions respecting the maintenance of the facilities covered thereby, the fixing  
23 and collection of rents, payments or repayments or other revenues there from, including moneys  
24 received in repayment of loans, and interest thereon, the creation and maintenance of special  
25 funds from such rents or other revenues and the rights and remedies available in the event of  
26 default, all as the district shall deem advisable.

27 (3) Each pledge, agreement, mortgage or other instrument made for the benefit or  
28 security of any bonds or notes of the district shall continue in effect until the principal of and  
29 interest on the bonds or notes for the benefit of which the same was made shall have been fully  
30 paid, or until provision shall have been made for such payment in the manner provided in the  
31 resolutions under which such bonds or notes were authorized.

32 (4) The district may provide in any proceedings under which bonds or notes may be  
33 authorized that any wastewater treatment, conveyance or other appurtenant facility or part thereof  
34 may be constructed, reconstructed, rehabilitated or improved by the district, or any lessee,

1 vendee, obligor or any designee of the district and may also provide in such proceedings for the  
2 time and manner of and requisitions for disbursements to be made for the cost of such  
3 construction, and for all such certificates and approvals of construction and disbursements as the  
4 district shall deem necessary and provide for in such proceedings.

5 (5) Any resolution under which bonds or notes of the district are authorized to be issued  
6 (and any trust indenture established thereby) may contain provisions for vesting in a trustee or  
7 directors such properties, rights, powers and duties in trust as the district may determine including  
8 any or all of the rights, powers and duties of the trustee appointed by the holders of any issue or  
9 bonds and notes pursuant to section 27; in which event the provisions of section 27 authorizing  
10 the appointment of directors by such holders of bonds or notes shall not apply.

11 SECTION 22. [Reserve funds and appropriations.](#)

12 To assure the contained operation and solvency of the district for the carrying out of its  
13 corporate purposes:

14 (1) The district may create and establish one or more special funds (herein referred to as  
15 "capital reserve funds"), and may pay into each such capital reserve fund:

16 (a) Any moneys appropriated and made available by the state, or any municipality for the  
17 purpose of such fund;

18 (b) Proceeds from the sale of notes or bonds to the extent provided in the resolution or  
19 resolutions of the district authorizing the issuance thereof; and

20 (c) Any other moneys that may be made available to the district for the purpose of such  
21 fund from any other source. All moneys held in a capital reserve fund, except as hereinafter  
22 provided, shall be used solely for the payment of the principal of bonds secured in whole or in  
23 part by such fund or of the sinking fund payments hereinafter mentioned with respect to such  
24 bonds, the purchase or redemption of such bonds, the payment of interest on such bonds or the  
25 payment of any redemption premium required to be paid when such bonds are redeemed prior to  
26 maturity, provided that moneys in such fund shall not be withdrawn therefrom except for the  
27 purpose of making (with respect to bonds secured in whole or in part by such fund) payment  
28 when due of principal, interest, redemption premiums and the sinking fund payments hereinafter  
29 mentioned, for the payment of which other moneys of the district are not available if such  
30 withdrawal would reduce the amount of such fund to less than the minimum capital reserve  
31 requirement established for such fund as hereinafter provided. Any income or interest earned by,  
32 or incremental to, any capital reserve fund due to the investment of the funds thereof may be  
33 transferred by the district to other funds or accounts of the district if such transfer would not  
34 reduce the amount of the capital reserve fund below the minimum capital reserve fund

1 requirement for such fund.

2 (2) The district shall not at any time issue bonds secured in whole or in part by a capital  
3 reserve fund if, upon the issuance of such bonds, the amount of such capital reserve fund would  
4 be less than the minimum capital reserve required for such fund, unless the district, at the time of  
5 issuance of such bonds, shall deposit in such fund from the proceeds of the bonds so to be issued,  
6 or from other sources, an amount that, together with the amount then in such fund, is not less than  
7 the minimum capital reserve fund requirement for such fund. For the purpose of this section, the  
8 term "minimum capital reserve fund requirement" shall mean, as of any particular date of  
9 computation, an amount of money, as provided in the resolution or resolutions of the district  
10 authorizing the bonds or notes with respect to which such fund is established, equal to not more  
11 than the greatest of the respective amounts, for the current or any future fiscal year of the district,  
12 of annual debt service on the bonds of the district secured in whole or in part by such fund, such  
13 annual debt service for any fiscal year being the amount of money equal to the sum of:

14 (a) The interest payable during such fiscal year on all bonds secured in whole or in part  
15 by such fund outstanding on the date of computation; plus

16 (b) The principal amount of all such bonds and bond anticipation notes outstanding on  
17 said date of computation that mature during such fiscal year; plus

18 (c) All amounts specified in any resolution of the district authorizing such bonds as  
19 payable during such fiscal year as a sinking fund payment with respect to any of such bonds that  
20 mature after such fiscal year, all calculated on the assumption that such bonds will, after said date  
21 of computation, cease to be outstanding by reason, but only by reason, of the payment of bonds  
22 when due and application in accordance with the resolution authorizing those bonds of all of such  
23 sinking fund payments payable at or after said date of computation.

24 (3) In computing the amount of the capital reserve funds for the purpose of this section,  
25 securities in which all or a portion of such funds shall be invested, shall be valued as provided in  
26 the proceedings under which the bonds are authorized but in no event shall be valued at a value  
27 greater than par;

28 (4) The district may create and establish such other fund or funds as may be necessary or  
29 desirable for its corporate purposes;

30 (5) The district may by resolution permit the issuance of bonds and notes to carry out the  
31 purposes of this act without establishing a capital reserve fund pursuant to this section and  
32 without complying with the limitations set forth in this section. Bonds and notes issued pursuant  
33 to this paragraph may be secured by such other funds or methods as the district may in its  
34 discretion determine by resolution.

1 SECTION 23. [Trust funds.](#)

2 All moneys received as proceeds from the sale of bonds or notes as revenues, receipts or  
3 income therefrom, shall be trust funds to be held and applied solely as provided in the  
4 proceedings under which such bonds or notes are authorized. Any officer with whom or any bank  
5 or trust company with which such moneys shall be deposited as trustee hereof shall hold and  
6 apply the same for the purposes thereof, subject to the applicable provisions of this act, the  
7 proceedings authorizing the bonds or notes and the trust agreement securing such bonds or notes,  
8 if any.

9 SECTION 24. [Notes and bonds as legal investments.](#)

10 The notes and bonds of the district are hereby made securities in which all public officers  
11 and bodies of this state and all municipalities and municipal subdivisions, all insurance  
12 companies and associations, and other persons carrying on an insurance business, all banks,  
13 bankers, trust companies, savings banks and savings associations, including savings and loan  
14 associations, building and loan associations, investment companies and other persons carrying on  
15 a banking business, all administrators, guardians, executors, directors and other fiduciaries, and  
16 all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or  
17 other obligations of the state, may properly and legally invest funds, including capital, in their  
18 control or belonging to them.

19 SECTION 25. [Agreement of the sale.](#)

20 The state does hereby pledge to agree with the holders of any bonds or notes issued under  
21 this act, that the state will not limit or alter the rights hereby vested in the district to fulfill the  
22 terms of any agreements made with the holders until such bonds or notes, together with the  
23 interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in  
24 connection with any action or proceeding by or on behalf of such holders, are fully met and  
25 discharged. The district is authorized to include this pledge and agreement of the state in any  
26 agreement with the holders of such bonds or notes.

27 SECTION 26. [Credit of state.](#)

28 Obligations issued under the provisions of this act, shall not constitute a debt, liability or  
29 obligation of the state or of any political subdivision thereof other than the district or a pledge of  
30 the full faith and credit of the state or any political subdivision thereof other than the district, but  
31 shall be payable solely from the revenues or assets of the district. Each obligation issued under  
32 this act shall contain on the face thereof a statement to the effect that the district shall not be  
33 obligated to pay the same or interest thereon except from revenues or assets pledged therefor and  
34 that neither the full faith and credit, nor the taxing power of the state, or any political subdivision

1 thereof, other than the district is pledged to the payment of the principal of or the interest on such  
2 obligation.

3 SECTION 27. [Remedies of bondholders and noteholders.](#)

4 Any holder of a bond or note issued by the district under the provisions of this act or of  
5 any of the coupons appertaining thereto and any trustee under a trust agreement or resolution  
6 securing the same, except to the extent the rights herein given may be restricted by such trust  
7 agreement or resolution securing the same, may bring suit upon the bonds or notes or coupons  
8 and may, either at law or in equity, by suit, action, mandamus, or other proceedings for legal or  
9 equitable relief, including proceedings for the appointment of a receiver to take possession and  
10 control of the business and properties of the district, to operate and maintain the same, to make  
11 any necessary repairs, renewals and replacements in respect thereof and to fix, revise and collect  
12 fees and charges, protect and enforce and compel the performance of all duties required by this  
13 act or by such trust agreement or resolution to be performed by the district or by any officer  
14 thereof.

15 SECTION 28. [Authorization to accept appropriate moneys.](#)

16 The district is authorized to accept such moneys as may be appropriated from time to  
17 time by the general assembly, any municipality, or any other source, for effectuating its corporate  
18 purposes including, without limitation, the payment of the initial expenses of administration and  
19 operation and the establishment of reserves or contingency funds to be available for the payment  
20 of the principal of and the interest on any bonds, notes or other obligations of the district.

21 SECTION 29. [Exemption from taxation.](#)

22 The exercise of the powers granted by this act will be in all respects for the benefit of the  
23 people of this state, the increase of their commerce, welfare and prosperity and for the  
24 improvement of their health, safety and welfare and will in all respects constitute the performance  
25 of an essential governmental function. Therefore, the district shall not be required to pay taxes or  
26 assessments of any kind upon or in respect to any of its operations, real or personal property, or  
27 any wastewater treatment, conveyance or other appurtenant facilities, or on account of  
28 instruments recorded by it or on its behalf, or upon any earnings, revenues, moneys or other  
29 income derived by the district. The bonds and notes of the district and the income therefrom shall  
30 at all times be exempt from taxation.

31 Bonds and notes issued by the district and their transfer and the income therefrom,  
32 including any profit made on the sale or exchange thereof, shall at all times be exempt from  
33 taxation by the state and all political subdivisions of the state. The district shall not be required to  
34 pay any transfer tax of any kind on account of instruments recorded by it or on its behalf.

1           SECTION 30. [Right to alter, amend, or repeal.](#)

2           The right to alter, amend or repeal this act is hereby expressly reserved to the general  
3 assembly, but no such alteration, amendment or repeal shall operate to impair the obligation of  
4 any contract made by the district under any power conferred by this act.

5           SECTION 31. This act shall take effect upon passage.
