18 this title shall file an itemized bill and an affidavit with the insurer, the employee and his or her
19 attorney, and the medical advisory board. A ten percent (10%) discount may be taken on the
20 itemized bill affidavits not filed in a timely manner and received by the insurer one week or more
21 late. The affidavit shall be on a form designed and provided by the administrator of the medical
22 advisory board and shall state:

23 (i) The type of medical treatment provided to date, including type and frequency of
24 treatment(s);

25 (ii) Anticipated further treatment, including type, frequency, and duration of treatment(s),
26 whether or not maximum medical improvement has been reached, and the anticipated date of
27 discharge;

28 (iii) Whether the employee can return to the former position of employment, or is capable
29 of other work, specifying work restrictions and work capabilities of the employee;

30 (2) The affidavit shall be admissible as an exhibit of the workers' compensation court

32 (d) "Itemized bill", as referred to in this section, means a completed statement of charges,
33 on a form CMS HCFA 1500, UB 92/94 or other form suitable to the insurer, that includes, but is
34 not limited to, an enumeration of specific types of care provided; facilities or equipment used;

1 services rendered; and appliances or medicines prescribed, for purposes of identifying the
2 treatment given the employee with respect to his or her injury.

3 (e)(1) The treating physician shall furnish to the employee, or to his or her legal
4 representative, a copy of his or her medical report within ten (10) days of the examination date.

5 (2) The treating physician shall notify the employer, and the employee and his or her
6 attorney, immediately when an employee is able to return to full or modified work.

7 (3) There shall be no charge for a health record when that health record is necessary to
8 support any appeal or claim under the Workers' Compensation Act § 23-17-19.1(16). The treating
9 physician shall furnish to the employee, or to his or her legal representative, a medical report,
10 within ten (10) days of the request, stating the diagnosis, disability, loss of use, end result and/or
11 causal relationship of the employee's condition associated with the work related injury. The
12 physician shall be entitled to charge for these services only as enunciated in the State of Rhode
13 Island workers compensation medical fee schedule.

14 (f)(1) Compensation for medical expenses and other services under §§ 28-33-5, 28-33-7,
15 or 28-33-8 is due and payable within twenty-one (21) days from the date a request is made for
16 payment of these expenses by the provider of the medical services. In the event payment is not
17 made within twenty-one (21) days from the date a request is made for payment, the provider of
18 medical services may add, and the insurer or self-insurer shall pay, interest at the per annum rate
19 as provided in § 9-21-10 on the amount due. The employee or the medical provider may file a
20 petition with the administrator of the workers' compensation court which petition shall follow the
21 procedure as authorized in chapter 35 of this title.

22 (2) The twenty-one day (21) period in subdivision (1) of this subsection and in § 28-35-
23 12 shall begin on the date the insurer receives a request with appropriate documentation required
24 to determine whether the claim is compensable and the payment requested is due.

25 SECTION 17. Section 30-30.1-1 of the General Laws in Chapter 30-30.1 entitled
26 "Educational Benefits for Disabled American Veterans" is hereby amended to read as follows:

27 **30-30.1-1. Educational benefits for disabled American veterans.** -- Any veteran who
28 is a permanent resident of this state who submits proof sufficient to establish a veterans' rated ten
29 percent (10%) to one hundred percent (100%) disability by the department of veterans' affairs as a
30 result of military service shall be entitled to take courses at any public institution of higher
31 education in the state without the payment of tuition, exclusive of other fees and charges;
32 provided, however, that any person eligible for financial aid as determined by the institution of
33 higher education shall apply for such financial aid. Any financial aid award received by the
34 applicant shall be applied towards the full amount of tuition that would otherwise have been

1 charged by the public institution of higher education. Students using the tuition waivers for
2 courses and competitive programs shall register at the start of open registration for the applicable
3 semester in accordance with each institution's registration policies. This ~~will include~~ includes
4 priority registration where granted to students with disability status. Use of this waiver for
5 competitive programs does not supersede any existing academic criteria for admission into those
6 programs.

7 SECTION 18. Section 31-5.1-4 of the General Laws in Chapter 31-5.1 entitled
8 "Regulation of Business Practices Among Motor Vehicle Manufacturers, Distributors, and
9 Dealers" is hereby amended to read as follows:

10 **31-5.1-4. Violations.** -- (a) It shall be deemed a violation of this chapter for any
11 manufacturer or motor vehicle dealer to engage in any action that is arbitrary, in bad faith, or
12 unconscionable and that causes damage to any of the parties involved or to the public.

13 (b) It shall be deemed a violation of this chapter for a manufacturer, or officer, agent, or
14 other representative of a manufacturer, to coerce, or attempt to coerce, any motor vehicle dealer:

15 (1) To order or accept delivery of any motor vehicle or vehicles, equipment, parts, or
16 accessories for them, or any other commodity or commodities that the motor vehicle dealer has
17 not voluntarily ordered.

18 (2) To order or accept delivery of any motor vehicle with special features, accessories, or
19 equipment not included in the list price of that motor vehicle as publicly advertised by the
20 manufacturer of the vehicle.

21 (3) To participate monetarily in an advertising campaign or contest, or to purchase any
22 promotional materials, or training materials, showroom, or other display decorations, or materials
23 at the expense of the new motor vehicle dealership.

24 (4) To enter into any agreement with the manufacturer or to do any other act prejudicial
25 to the new motor vehicle dealer by threatening to terminate or cancel a franchise or any
26 contractual agreement existing between the dealer and the manufacturer; except that this
27 subdivision is not intended to preclude the manufacturer or distributor from insisting on
28 compliance with the reasonable terms or provisions of the franchise or other contractual
29 agreement. Notice in good faith to any new motor vehicle dealer of the new motor vehicle
30 dealer's violation of those terms or provisions shall not constitute a violation of the chapter.

31 (5) To refrain from participation in the management of, investment in, or acquisition of
32 any other line of new motor vehicle or related products. This subdivision does not apply unless
33 the new motor vehicle dealer maintains a reasonable line of credit for each make or line of new
34 motor vehicles, the new motor vehicle dealer remains in compliance with any reasonable facilities

1 requirements of the manufacturer; and no change is made in the principal management of the new
2 motor vehicle dealer.

3 (6) To assent to a release, assignment, novation, waiver, or estoppel in connection with
4 the transfer or voluntary termination of a franchise, or that would relieve any person from the
5 liability to be imposed by this law; or to require any controversy between a new motor vehicle
6 dealer and a manufacturer, distributor, or representative to be referred to any person other than
7 the duly constituted courts of this state or of the United States of America, or to the department of
8 revenue of this state, if that referral would be binding upon the new motor vehicle dealer.

9 (7) To order for any person any parts, accessories, equipment, machinery, tools, or any
10 commodities.

11 (c) It shall be deemed a violation of this chapter for a manufacturer, or officer, agent, or
12 other representative:

13 (1) To refuse to deliver in reasonable quantities and within a reasonable time after
14 receipt of the dealer's order, to any motor vehicle dealer having a franchise or contractual
15 arrangement for the retail sale of new motor vehicles sold or distributed by the manufacturer, any
16 motor vehicles covered by the franchise or contract, specifically publicly advertised by the
17 manufacturer to be available for immediate delivery. However, the failure to deliver any motor
18 vehicle shall not be considered a violation of this chapter if that failure is due to an act of God,
19 work stoppage, or delay due to a strike or labor difficulty, shortage of materials, a freight
20 embargo, or other cause over which the manufacturer, distributor, or wholesaler, its agent, shall
21 have no control.

22 (2) To refuse to deliver, or otherwise deny, to any motor vehicle dealer having a
23 franchise or contractual arrangement for the retail sale of new motor vehicles sold or distributed
24 by the manufacturer any particular new motor vehicle model made or distributed by the
25 manufacturer under the name of the division of the manufacturer of which the dealer is an
26 authorized franchise.

27 (3) It shall be deemed a prima facie violation of this chapter for any automotive vehicle
28 division manufacturer to require any separate franchise or contractual arrangement with any new
29 motor vehicle dealer already a party to a franchise or contractual arrangement with that
30 automotive vehicle division for the retail sale of any particular new motor vehicle model made or
31 distributed by that division.

32 (4) To coerce, or attempt to coerce, any motor vehicle dealer to enter into any agreement
33 with the manufacturer, or their officers, agents, or other representatives, or to do any other act
34 prejudicial to the dealer, by threatening to cancel any franchise or any contractual agreement

1 existing between the manufacturer and the dealer. Notice in good faith to any motor vehicle
2 dealer of the dealer's violation of any terms or provisions of the franchise or contractual
3 agreement shall not constitute a violation of this chapter.

4 (5) To resort to or use any false or misleading advertisement in connection with his or
5 her business as a manufacturer, an officer, agent, or other representative.

6 (6) To sell or lease any new motor vehicle to, or through, any new motor vehicle dealer
7 at a lower actual price therefore than the actual price offered to any other new motor vehicle
8 dealer for the same model vehicle similarly equipped or to utilize any device, including, but not
9 limited to, sales promotion plans or programs, that result in a lesser actual price. The provisions
10 of this paragraph shall not apply to sales to a new motor vehicle dealer for resale to any unit of
11 the United States government or to the state or any of its political subdivisions. A manufacturer
12 may not reduce the price of a motor vehicle charged to a dealer or provide different financing
13 terms to a dealer in exchange for the dealer's agreement to:

14 (i) Maintain an exclusive sales or service facility;

15 (ii) Build or alter a sales or service facility; or

16 (iii) Participate in a floor plan or other financing.

17 (7) To sell or lease any new motor vehicle to any person, except a manufacturer's
18 employee, at a lower actual price than the actual price offered and charged to a new motor vehicle
19 dealer for the same model vehicle similarly equipped or to utilize any device which results in a
20 lesser actual price. The provisions of this paragraph shall not apply to sales to a new motor
21 vehicle dealer for resale to any unit of the United States government, or to the state or any of its
22 political subdivisions.

23 (8) To offer in connection with the sale of any new motor vehicle or vehicles, directly or
24 indirectly, to a fleet purchaser, within or without this state, terms, discounts, refunds, or other
25 similar types of inducements to that purchaser without making the same offer or offers available
26 to all of its new motor vehicles dealers in this state. No manufacturer may impose or enforce any
27 restrictions against new motor vehicle dealers in this state or their leasing, rental, or fleet
28 divisions or subsidiaries that are not imposed or enforced against any other direct or indirect
29 purchaser from the manufacturer. The provisions of this paragraph shall not apply to sales to a
30 new motor vehicle dealer for resale to any unit of the United States government, or to the state or
31 any of its political subdivisions.

32 (9) To use or consider the performance of a motor vehicle dealer relating to the sale of
33 the manufacturer's vehicles or the motor vehicle dealer's ability to satisfy any minimum sales or
34 market share quota or responsibility relating to the sale of the manufacturer's new vehicles in

1 determining:

2 (i) The motor vehicle dealer's eligibility to purchase program, certified, or other used
3 motor vehicles from the manufacturer;

4 (ii) The volume, type, or model of program, certified, or other used motor vehicles that a
5 motor vehicle dealer is eligible to purchase from the manufacturer;

6 (iii) The price of any program, certified, or other used motor vehicle that the dealer is
7 eligible to purchase from the manufacturer; or

8 (iv) The availability or amount of any discount, credit, rebate, or sales incentive that the
9 dealer is eligible to receive from the manufacturer for the purchase of any program, certified, or
10 other used motor vehicle offered for sale by the manufacturer.

11 (10) To offer to sell or to sell parts or accessories to any new motor vehicle dealer for
12 use in the dealer's own business for the purpose of repairing or replacing the same parts or
13 accessories or a comparable part or accessory, at a lower actual price than the actual price
14 charged to any other new motor vehicle dealer for similar parts or accessories to use in the
15 dealer's own business. In those cases where new motor vehicle dealers operate or serve as
16 wholesalers of parts and accessories to retail outlets, these provisions shall be construed to
17 prevent a manufacturer, or its agents, from selling to a new motor vehicle dealer who operates
18 and services as a wholesaler of parts and accessories, any parts and accessories that may be
19 ordered by that new motor vehicle dealer for resale to retail outlets at a lower actual price than the
20 actual price charged a new motor vehicle dealer who does not operate or serve as a wholesaler of
21 parts and accessories.

22 (11) To prevent, or attempt to prevent, by contract or otherwise, any new motor vehicle
23 dealer from changing the capital structure of his or her dealership or the means by which, or
24 through which the dealer finances the operation of his or her dealership. However, the new motor
25 vehicle dealer shall at all times meet any reasonable capital standards agreed to between the
26 dealership and the manufacturer, provided that any change in the capital structure by the new
27 motor vehicle dealer does not result in a change in the executive management control of the
28 dealership.

29 (12) To prevent, or attempt to prevent, by contract or otherwise, any new motor vehicle
30 dealer, or any officer, partner, or stockholder of any new motor vehicle dealer, from selling or
31 transferring any part of the interest of any of them to any other person or persons or party or
32 parties. Provided, however, that no dealer, officer, partner, or stockholder shall have the right to
33 sell, transfer, or assign the franchise or power of management or control without the consent of
34 the manufacturer, except that the consent shall not be unreasonably withheld.

1 (13) To obtain money, goods, services, anything of value, or any other benefit from any
2 other person with whom the new motor vehicle dealer does business, on account of, or in relation
3 to, the transactions between the dealer and that other person, unless that benefit is promptly
4 accounted for and transmitted to the new motor vehicle dealer.

5 (14) To compete with a new motor vehicle dealer operating under an agreement or
6 franchise from the manufacturer in the state of Rhode Island, through the ownership, operation, or
7 control of any new motor vehicle dealers in this state, or by participation in the ownership,
8 operation, or control of any new motor vehicle dealer in this state. A manufacturer shall not be
9 deemed to be competing when operating, controlling, or owning a dealership, either temporarily
10 for a reasonable period, **but** in any case not to exceed one year, which one-year (1) period may be
11 extended for a one-time, additional period of up to six (6) months upon application to, and
12 approval by, the motor vehicle dealers license and hearing board, which approval shall be subject
13 to the manufacturer demonstrating the need for this extension, and with other new motor vehicle
14 dealers of the same line **making or make** being given notice and an opportunity to be heard in
15 connection with said application, or in a bona fide relationship in which an independent person
16 had made a significant investment subject to loss in the dealership and can reasonably expect to
17 acquire full ownership of the dealership on reasonable terms and conditions within a reasonable
18 period of time.

19 (15) To refuse to disclose to any new motor vehicle dealer, handling the same line or
20 make, the manner and mode of distribution of that line or make within the relevant market area.

21 (16) To increase prices of new motor vehicles that the new motor vehicle dealer had
22 ordered for private retail consumers prior to the new motor vehicle dealer's receipt of the written,
23 official price increase notification. A sales contract signed by a private retail consumer shall
24 constitute evidence of an order, provided that the vehicle is in fact delivered to that customer. In
25 the event of manufacturer price reductions or cash rebates paid to the new motor vehicle dealer,
26 the amount of any reduction or rebate received by a new motor vehicle dealer shall be passed on
27 to the private retail consumer by the new motor vehicle dealer. Price reductions shall apply to all
28 vehicles in the dealer's inventory that were subject to the price reduction. Price differences
29 applicable to new model or series motor vehicles at the time of the introduction of new models or
30 series shall not be considered a price increase or price decrease. Price changes caused by either:
31 (i) The addition to a motor vehicle of required or optional equipment; (ii) Revaluation of the
32 United States dollar, in the case of foreign-make vehicles or components; or (iii) An increase in
33 transportation charges due to increased rates imposed by common carriers, shall not be subject to
34 the provisions of this subdivision.

1 (17) To release to any outside party, except under subpoena or as otherwise required by
2 law, or in an administrative, judicial, or arbitration proceeding involving the manufacturer or new
3 motor vehicle dealer, any business, financial, or personal information that may be, from time to
4 time, provided by the new motor vehicle dealer to the manufacturer, without the express written
5 consent of the new motor vehicle dealer.

6 (18) To unfairly discriminate among its new motor vehicle dealers with respect to
7 warranty reimbursement, or any program that provides assistance to its dealers, including internet
8 listings; sales leads; warranty policy adjustments; marketing programs; and dealer recognition
9 programs.

10 (19) To unreasonably withhold consent to the sale, transfer, or exchange of the franchise
11 to a qualified buyer capable of being licensed as a new motor vehicle dealer in this state.

12 (20) To fail to respond, in writing, to a request for consent as specified in subdivision
13 (19) of this subsection within sixty (60) days of the receipt of a written request on the forms, if
14 any, generally utilized by the manufacturer or distributor for those purposes and containing the
15 information required therein. The failure to respond shall be deemed to be a consent to the
16 request. A manufacturer may not impose a condition on the approval of a sale, transfer, or
17 exchange of the franchise if the condition would violate the provisions of this chapter if imposed
18 on an existing dealer.

19 (21) To unfairly prevent a new motor vehicle dealer from receiving fair and reasonable
20 compensation for the value of the new motor vehicle dealership.

21 (22) To require that a new motor vehicle dealer execute a written franchise agreement
22 that does not contain substantially the same provisions as the franchise agreement being offered
23 to other new motor vehicle dealers handling the same line or make. In no instance shall the term
24 of any franchise agreement be of a duration of less than three (3) years.

25 (23) To require that a new motor vehicle dealer provide exclusive facilities, personnel, or
26 display space taking into consideration changing market conditions, or that a dealer execute a site
27 control agreement giving a manufacturer control over the dealer's facilities.

28 (24) To require that a dealer expand facilities without a guarantee of a sufficient supply
29 of new motor vehicles to justify that expansion or to require that a dealer expand facilities to a
30 greater degree than is necessary to sell and service the number of vehicles that the dealer sold and
31 serviced in the most recent calendar year.

32 (25) To prevent a dealer from adjusting his or her facilities to permit a relocation of
33 office space, showroom space, and service facilities so long as the relocation is within five
34 hundred (500) yards of the present location.

1 (26) To engage in any predatory practice against a new motor vehicle dealer.

2 (27) To prevent, prohibit, or coerce any new motor vehicle dealer from charging any
3 consumer any fee allowed to be charged by the dealer under Rhode Island law or regulation
4 except as related to eligible participants under a military discount program in which the dealer
5 voluntarily participates and receives financial compensation from the manufacturer or distributor,
6 to the extent that such a program is not offered to the general public.

7 (d) It shall be a violation of this chapter for a manufacturer to terminate, cancel, or fail to
8 renew the franchise of a new motor vehicle dealer except as provided in this subsection:

9 (1) Notwithstanding the terms, provisions, or conditions of any franchise, whether
10 entered into before or after the enactment of this chapter or any of its provisions, or
11 notwithstanding the terms or provisions of any waiver, whether entered into before or after the
12 enactment of this chapter or any of its provisions, no manufacturer shall cancel, terminate, or fail
13 to renew any franchise with a licensed new motor vehicle dealer unless the manufacturer has:

- 14 (i) Satisfied the notice requirement of this subsection;
- 15 (ii) Has good cause for the cancellation, termination, or nonrenewal;
- 16 (iii) Has not committed any violations set forth in subsection (b) of this section; and
- 17 (iv) Has acted in good faith as defined in this chapter and has complied with all
18 provisions of this chapter.

19 (2) Notwithstanding the terms, provisions, or conditions of any franchise or the terms or
20 provisions of any waiver, good cause shall exist for the purposes of a termination, cancellation, or
21 nonrenewal when:

22 (i) There is a failure by the new motor vehicle dealer to comply with a provision of the
23 franchise, which provision is both reasonable and of material significance to the franchise
24 relationship, provided that the dealer has been notified, in writing, of the failure within one
25 hundred eighty (180) days after the manufacturer first acquired knowledge of that failure;

26 (ii) If the failure by the new motor vehicle dealer, as provided in paragraph (i) of this
27 subdivision, relates to the performance of the new motor vehicle dealer in sales or service, then
28 good cause shall be defined as the failure of the new motor vehicle dealer to comply with
29 reasonable performance criteria established by the manufacturer if the new motor vehicle dealer
30 was apprised by the manufacturer, in writing, of that failure; and:

31 (A) The notification stated that notice was provided of failure of performance pursuant to
32 paragraph (i) of this subdivision;

33 (B) The new motor vehicle dealer was afforded a reasonable opportunity, for a period of
34 not less than six (6) months, to comply with those criteria; and

1 (C) The new motor vehicle dealer did not demonstrate substantial progress towards
2 compliance with the manufacturer's performance criteria during that period.

3 (3) The manufacturer shall have the burden of proof for showing that the notice
4 requirements have been complied with; that there was good cause for the franchise termination;
5 cancellation or nonrenewal; and that the manufacturer has acted in good faith.

6 (i) Notwithstanding the terms, provisions, or conditions of any franchise, prior to the
7 termination, cancellation, or nonrenewal of any franchise, the manufacturer shall furnish
8 notification of the termination, cancellation, or nonrenewal to the new motor vehicle dealer as
9 follows:

10 (A) In the manner described in paragraph (ii) of this subdivision; and

11 (B) Not fewer than ninety (90) days prior to the effective date of the termination,
12 cancellation, or nonrenewal; or

13 (C) Not fewer than fifteen (15) days prior to the effective date of the termination,
14 cancellation, or nonrenewal for any of the following reasons:

15 (I) Insolvency of the new motor vehicle dealer, or the filing of any petition by, or
16 against, the new motor vehicle dealer under any bankruptcy or receivership law;

17 (II) Failure of the new motor vehicle dealer to conduct his customary sales and service
18 operations during his or her customary business hours for seven (7) consecutive business days;

19 (III) Final conviction of the new motor vehicle dealer, or any owner or operator of the
20 dealership, of a crime which is associated with or related to, the operation of the dealership;

21 (IV) Revocation of any license that the new motor vehicle dealer is required to have to
22 operate a dealership; or

23 (D) Not fewer than one hundred eighty (180) days prior to the effective date of the
24 termination or cancellation where the manufacturer or distributor is discontinuing the sale of the
25 product line.

26 (ii) Notification under this subsection shall be in writing, shall be by certified mail or
27 personally delivered to the new motor vehicle dealer, and shall contain:

28 (A) A statement of intention to terminate, cancel, or not to renew the franchise;

29 (B) A statement of the reasons for the termination, cancellation, or nonrenewal; and

30 (C) The date on which the termination, cancellation, or nonrenewal shall take effect.

31 (iii) Upon the involuntary or voluntary termination, nonrenewal, or cancellation of any
32 franchise, by either the manufacturer or the new motor vehicle dealer, notwithstanding the terms
33 of any franchise whether entered into before or after the enactment of this chapter or any of its
34 provisions, the new motor vehicle dealer shall be allowed fair and reasonable compensation by

1 the manufacturer for the following:

2 (A) The new motor vehicle dealer's cost, less allowances paid by the manufacturer, of
3 each new, undamaged, unsold, and unaltered, except for dealer-installed, manufacturer-authorized
4 accessories, motor vehicle, regardless of model year purchased from the manufacturer or another
5 dealer of the same line ~~make~~ or make in the ordinary course of business within twenty-four (24)
6 months of termination, having five hundred (500) or fewer miles recorded on the odometer that is
7 in the new motor vehicle dealer's inventory at the time of termination, nonrenewal, or
8 cancellation.

9 (B) The new motor vehicle dealer's cost of each new, unused, undamaged, and unsold
10 part or accessory that is in the current parts catalogue, or is identical to a part or accessory in the
11 current parts catalogue except for the number assigned to the part or accessory due to a change in
12 the number after the purchase of the part or accessory, and that is still in the original, resalable
13 merchandising package and in an unbroken lot, except that, in the case of sheet metal, a
14 comparable substitute for the original package may be used.

15 (C) The fair market value of each undamaged sign, normal wear and tear excepted,
16 owned by the dealer that bears a trademark or trade name used or claimed by the manufacturer
17 that was purchased as a requirement of the manufacturer.

18 (D) The fair market value of all special tools, and automotive services equipment owned
19 by the dealer that: (I) Were recommended in writing and designated as special tools and
20 equipment; (II) Were purchased as a requirement of the manufacturer; and (III) Are in usable and
21 good condition except for reasonable wear and tear.

22 (E) The cost of transporting, handling, packing, storing, and loading any property that is
23 subject to repurchase under this section.

24 (F) The payments above are due within sixty (60) days from the date the dealer submits
25 an accounting to the manufacturer of the vehicle inventory subject to repurchase, and for other
26 items within sixty (60) days from the date the dealer submits an accounting of the other items
27 subject to repurchase, provided, the new motor vehicle dealer has clear title (or will have clear
28 title upon using the repurchase funds to obtain clear title) to the inventory and other items and is
29 in a position to convey that title to the manufacturer. If the inventory or other items are subject to
30 a security interest, the manufacturer, wholesaler, or franchisor may make payment jointly to the
31 dealer and the holder of the security interest. In no event shall the payments be made later than
32 ninety (90) days of the effective date of the termination, cancellation, or nonrenewal.

33 (iv) In the event the termination, cancellation, or nonrenewal is involuntary and not
34 pursuant to subsection (3)(i)(C) of this section and:

1 (A) The new motor vehicle dealer is leasing the dealership facilities from a lessor other
2 than the manufacturer, the manufacturer shall pay the new motor vehicle dealer a sum equivalent
3 to the rent for the unexpired term of the lease or (2) two year's rent, whichever is less; or

4 (B) If the new motor vehicle dealer owns the facilities, the manufacturer shall pay the
5 new motor vehicle dealer a sum equivalent to the reasonable rental value of the facilities for two
6 (2) years; if:

7 (I) The new motor vehicle dealer is unable to reasonably utilize the facilities for another
8 purpose;

9 (II) The new motor vehicle dealer, or the manufacturer acting as its agent, is unable to
10 make arrangements for the cancellation or assumption of its lease obligations by another party in
11 the case of leased facilities, or is unable to sell dealer-owned facilities; and

12 (III) Only to the extent those facilities were required as a condition of the franchise and
13 used to conduct sales and service operations related to the franchise product.

14 (v) In addition to any injunctive relief and any other damages allowable by this chapter,
15 if the manufacturer is discontinuing the product line or fails to prove that there was good cause
16 for the termination, cancellation, or nonrenewal, or if the manufacturer fails to prove that the
17 manufacturer acted in good faith, then the manufacturer shall pay the new motor vehicle dealer
18 fair and reasonable compensation for the value of the dealership as an ongoing business.

19 In addition to the other compensation described in paragraphs (iii) and (iv) above and in
20 this section, the manufacturer shall also reimburse the dealer for any costs incurred for facility
21 upgrades or alterations required by the manufacturer within two (2) years of the effective date of
22 the termination.

23 (vi) If a manufacturer is discontinuing the product line and thus, as a result a franchise
24 for the sale of motor vehicles is subject to termination, cancellation, or nonrenewal, the
25 manufacturer shall:

26 (A) Authorize the dealer, at the dealer's option, that remains a franchised dealer of the
27 manufacturer regardless of the discontinuation of a product line, to continue servicing and
28 supplying parts (without prejudice to the right of the manufacturer to also authorize other
29 franchised dealers to provide service and parts for a discontinued product line), including services
30 and parts pursuant to a warranty issued by the manufacturer for any goods or services marketed
31 by the dealer pursuant to the motor vehicle franchise for a period of not less than five (5) years
32 from the effective date of the termination, cancellation, or nonrenewal;

33 (B) Continue to reimburse the dealer that remains a franchised dealer of the
34 manufacturer regardless of the discontinuation of a product line or another franchised dealer of

1 the manufacturer in the area for warranty parts and service in an amount, and on terms not less
2 favorable than, those in effect prior to the termination, cancellation, or nonrenewal;

3 (C) The manufacturer shall continue to supply the dealer that remains a franchised dealer
4 of the manufacturer regardless of the discontinuation of a product line or another franchised
5 dealer of the manufacturer in the area with replacement parts for any goods or services marketed
6 by the dealer pursuant to the franchise agreement for a period of not less than five (5) years from
7 the effective date of the termination, cancellation, or nonrenewal, at a price, and on terms not less
8 favorable than, those in effect prior to the termination, cancellation, or nonrenewal;

9 (vii) The requirements of this section do not apply to a termination, cancellation, or
10 nonrenewal due to the sale of the assets or stock of the motor vehicle dealer.

11 (D) To be entitled to facilities assistance from the manufacturer as described above, the
12 dealer shall have the obligation to mitigate damages by listing the dealership facilities for lease or
13 sublease with a licensed real estate agent within thirty (30) days after the effective date of the
14 termination of the franchise and thereafter be reasonably cooperating with such real estate agent
15 in the performance of the agent's duties and responsibilities. If the dealer is able to lease or
16 sublease the dealership facilities on terms that are consistent with local zoning requirements to
17 preserve the right to sell motor vehicles from the dealership facilities and the terms of the dealer's
18 lease, the dealer shall be obligated to pay the manufacturer the net revenue received from such
19 mitigation, but only following receipt of facilities assistance payments pursuant to this chapter,
20 and only up to the total amount of facilities assistance payments that the dealer has received.

21 (e) It shall be deemed a violation of this chapter for a motor vehicle dealer:

22 (1) To require a purchaser of a new motor vehicle, as a condition of the sale and delivery
23 thereof, to also purchase special features, equipment, parts, or accessories not desired or
24 requested by the purchaser. This prohibition shall not apply as to special features, equipment,
25 parts, or accessories that are already installed on the car before sale by the dealer.

26 (2) To represent and sell as a new motor vehicle any motor vehicle that is a used motor
27 vehicle.

28 (3) To resort to or use any false or misleading advertisement in connection with his or
29 her business as a motor vehicle dealer.

30 (4) To engage in any deception or fraudulent practice in the repair of motor vehicles.

31 SECTION 19. Section 31-44-3 of the General Laws in Chapter 31-44 entitled "Mobile
32 and Manufactured Homes" is hereby amended to read as follows:

33 **31-44-3. Rules and regulations.** -- The following requirements and restrictions shall
34 apply to all mobile and manufactured home parks:

1 (1) A mobile and manufactured home park licensee shall promulgate reasonable rules
2 and regulations that shall specify standards for mobile and manufactured homes in the park, entry
3 requirements, and rules governing the rental or occupancy of a mobile- and manufactured-home
4 lot and mobile and manufactured-home park;

5 (2) Current rules and regulations promulgated by a mobile- and manufactured-home park
6 licensee shall be delivered by the licensee to a prospective resident prior to entering into a rental
7 agreement, and to the resident(s) as soon as promulgated and whenever revised. A copy of the
8 rules and regulations shall be filed with the director and posted in a conspicuous place in the
9 mobile-and manufactured-home park;

10 (3) Any rule or change in rent that does not apply uniformly to all mobile and
11 manufactured home residents of a similar class shall create a rebuttable presumption that the rule
12 or change in rent is unreasonable;

13 (4) (i) A mobile- and manufactured-home park licensee shall not impose any conditions
14 of rental or occupancy that restricts the mobile and manufactured home owner in his or her choice
15 of a seller of fuel, furnishings, goods, services, accessories, or other utilities connected with the
16 rental or occupancy of a mobile- and manufactured-home lot.;

17 (ii) The licensee who purchases electricity or gas (natural, manufactured, or similar
18 gaseous substance) from any public utility or municipally owned utility or who purchases water
19 from a water system for the purpose of supplying or reselling the electricity or gas to any other
20 person to whom he leases, lets, rents, subleases, sublets, or subrents the premises upon which the
21 electricity, gas, or water is to be used, shall not charge, demand, or receive directly or indirectly,
22 any amount for the resale of any electricity, gas, or water greater than that amount charged by the
23 public utility or municipally owned utility from which the electricity, ~~or~~ gas, or water was
24 purchased or by the public water system from which the water was purchased.;

25 (iii) However, if the licensee incurs costs in bringing the utility service to individual
26 units, or in utilizing individual meters, or in some similar cost, the licensee will be entitled to a
27 return for the investment.;

28 (iv) The park operator shall post in a conspicuous place the prevailing utility rate
29 schedule as published by the serving utility;

30 (5) If any mobile- and manufactured-home park licensee adds, changes, deletes, or
31 amends any rule governing the rental or occupancy of a mobile- and manufactured-home lot in a
32 mobile- and manufactured-home park, a new copy of all those rules shall be furnished to all
33 mobile- and manufactured-home residents in the park, and filed with the department for its
34 review, recommendations, and recording for future reference at least forty-five (45) days prior to

1 the effective date of the addition, change, deletion, or amendment. The new copy furnished to the
2 resident shall be signed by both the mobile- and manufactured-home park owner and the mobile-
3 and manufactured-home park resident. Any mobile park resident who believes the rule change is
4 in violation of the chapter, may file a complaint with the director in accordance with § 31-44-17.
5 The complaint shall be filed within twenty (20) days of receipt of written notice of the change.
6 The complaint shall specify the rule in dispute and contain the basis by which the change violates
7 this chapter.;

8 (6) If any mobile- and manufactured-home park licensee changes the rent or fees
9 associated with a mobile- and manufactured-home lot, notice of the change shall be given to the
10 mobile- and manufactured-home resident at least sixty (60) days prior to the effective date of the
11 change. Any mobile park resident who believes that the rule change is in violation of this chapter,
12 may file a complaint with the director in accordance with § 31-44-17. The complaint shall be
13 filed within twenty (20) days after receipt of written notice of the change. The complaint shall
14 specify the basis by which the change violates this chapter.;

15 (7) The owners of individual mobile and manufactured homes shall be entitled to have as
16 many occupants in their homes as is consistent with the number of bedrooms and/or bed spaces
17 certified by the manufacturer; provided that the occupancy does not violate any provision of the
18 general laws or other municipal regulations. All bedrooms shall consist of a minimum of fifty
19 (50) square feet of floor area and bedrooms designed and certified for two (2) or more people
20 shall consist of seventy (70) square feet of floor area plus fifty (50) square feet for each person in
21 excess of two (2). If there is sufficient bed space, according to the criteria set forth in this
22 subdivision, additional rent or charges may not be imposed by a park owner or manager for any
23 person or persons moving in with current resident owners of a mobile and manufactured home;

24 (8) A prospective resident shall not be charged an entrance fee for the privilege of
25 leasing or occupying a mobile- and manufactured-home lot, except as provided in § 31-44-4;
26 provided, that when a mobile and manufactured home is transported onto the mobile- and
27 manufactured-home park, an entrance fee may be charged. However, if the park owner received a
28 commission for the sale of the mobile and manufactured home, no entrance fee shall be charged.
29 A reasonable charge for the fair value of the owner's cost in obtaining, preparing, and maintaining
30 a lot, or for the fair value of services performed in placing a mobile and manufactured home on a
31 lot, shall not be considered an entrance fee, but shall be deemed a hook-up fee or maintenance fee
32 and shall be detailed in the fee schedule. No tenant, or person seeking space in a mobile- and
33 manufactured-housing park, shall be required to purchase manufactured housing from any
34 particular person unless the person designated is the park owner or operator and the requirement

1 is imposed only in connection with the initial leasing or renting of a newly-constructed lot or
2 space not previously leased or rented to any other person. A resident may remove and replace a
3 mobile and manufactured home; provided, that the resident shall install the mobile and
4 manufactured home in accordance with present park standards regarding structural requirements
5 and aesthetic maintenance in the mobile- and manufactured-home park where the replacement
6 occurs, and in accordance with minimum standards for mobile and manufactured homes
7 established by the United States Department of Housing and Urban Development. No fee shall be
8 charged by the licensee to residents as a result of the resident's installation of cable television;

9 (9) Prior to signing a lease, a licensee shall ~~dispose~~ disclose, in writing, to the
10 prospective resident:

11 (i) The rental for the space or lot; and

12 (ii) Any charges, including service charges, imposed by the licensee. The licensee shall
13 ~~dispose~~ disclose the rent and charges that were in effect during the three (3) preceding years, or
14 the period during which the licensee has operated the mobile home park, whichever is shorter;

15 (10) A copy of the fee schedule shall be filed with the commission and posted in a
16 conspicuous place in the mobile- and manufactured-home park; and

17 (11) (i) A resident shall not be charged a fee for keeping a pet in a mobile- and
18 manufactured-home park unless the park owner or management actually provides special
19 facilities or services for pets. If special pet facilities are maintained by the park owner or
20 management, the fee charged shall reasonably relate to the cost of maintenance of the facilities or
21 services and the number of pets kept in the park.;

22 (ii) If the park owner or management of a mobile- and manufactured-home park
23 implements a rule or regulation prohibiting residents from keeping pets in the park, the new rule
24 or regulation shall not apply to prohibit the residents from continuing to keep the pets currently in
25 the park if the pet otherwise conforms with the previous park rules or regulations relating to pets.
26 However, if the pet dies, the resident shall have the right to replace the pet.;

27 (iii) Any rule or regulation prohibiting residents from keeping pets in a mobile- and
28 manufactured-home park shall not apply to guide, signal, or service animals.;

29 (12) Any board or commission vested with governing powers over a mobile- or
30 manufactured-home community, including resident-owned and nonresident-owned mobile home
31 park resident associations, shall establish and/or adhere to fair and impartial written guidelines
32 and bylaws for conducting elections that have been provided to all residents of the mobile home
33 park at least forty-five (45) days prior to any election. The written guidelines and bylaws shall
34 ensure transparency in the election process with reasonable and meaningful notice to, and

1 participation of, all residents. The department is authorized to promulgate rules and regulations
2 necessary to implement this subsection.

22 SECTION 21 Section 34-18.2-6 of the General Laws in Chapter 34-18.2 entitled "Leased
23 Land Dwellings" is hereby amended to read as follows:

24 **34-18.2-6. Leased land exempt.** -- The provisions of §§ 34-18-2.4 and 34-18-2.5 of this
25 chapter shall not apply to any landowner who holds a recreation facility license under chapter 21
26 of title 23, or a trailer park or campground license issued by the municipality in which it is
27 located ~~on or~~ leased land ~~which~~ that is leased to at least ninety percent (90%) of the homeowners
28 on a seasonal basis.

29 SECTION 22. Section 34-25.2-6 of the General Laws in Chapter 34-25.2 entitled "Rhode
30 Island Home Loan Protection Act" is hereby amended to read as follows:

31 **34-25.2-6. Limitations and prohibited practices regarding high-cost home loans.** -- A
32 high-cost home loan shall be subject to the following additional limitations and prohibited
33 practices:

34 (a) In connection with a high-cost home loan, no creditor shall directly or indirectly

1 finance any points or fees which total is greater than five percent (5%) ~~of~~ or the total loan amount
2 of eight hundred dollars (\$800) whichever is greater.

3 (b) No prepayment fees or penalties shall be included in the loan documents for a high-
4 cost home loan.

5 (c) No high-cost home loan may contain a scheduled payment that is more than twice as
6 large as the average of earlier scheduled payments. This provision does not apply when the
7 payment schedule is adjusted to the seasonal or irregular income of the borrower.

8 (d) No high-cost home loan may include payment terms under which the outstanding
9 principal balance or accrued interest will increase at any time over the course of the loan because
10 the regularly scheduled periodic payments do not cover the full amount of interest due.

11 (e) No high-cost home loan may contain a provision that increases the interest rate after
12 default. This provision does not apply to interest rate changes in a variable rate loan otherwise
13 consistent with the provisions of the loan documents, provided the change in the interest rate is
14 not triggered by the event of default or the acceleration of the indebtedness.

15 (f) No high-cost home loan may include terms under which more than two (2) periodic
16 payments required under the loan are consolidated and paid in advance from the loan proceeds
17 provided to the borrower.

18 (g) A creditor may not make a high-cost home loan without first receiving certification
19 from a counselor with a third-party nonprofit organization approved by the United States
20 Department of Housing and Urban Development that the borrower has received counseling on the
21 advisability of the loan transaction.

22 (h) A high-cost home loan shall not be extended to a borrower unless a reasonable
23 creditor would believe at the time the loan is closed that one or more of the borrowers will be able
24 to make the scheduled payments associated with the loan based upon a consideration of his or her
25 current and expected income, current obligations, employment status, and other financial
26 resources, other than the borrower's equity in the collateral that secures the repayment of the loan.
27 There is a rebuttable presumption that the borrower is able to make the scheduled payments to
28 repay the obligation if, at the time the loan is consummated, said borrower's total monthly debts,
29 including amounts under the loan, do not exceed fifty percent (50%) of said borrower's monthly
30 gross income as verified by tax returns, payroll receipts, and other third-party income verification.

31 (i) A creditor may not pay a contractor under a home-improvement contract from the
32 proceeds of a high-cost home loan, unless:

33 (1) ~~the~~ The creditor is presented with a signed and dated completion certificate showing
34 that the home improvements have been completed; and

1 (2) ~~the~~ The instrument is payable to the borrower or jointly to the borrower and the
2 contractor, or, at the election of the borrower, through a third-party escrow agent in accordance
3 with terms established in a written agreement signed by the borrower, the creditor, and the
4 contractor prior to the disbursement.

5 (j) A creditor may not charge a borrower any fees or other charges to modify, renew,
6 extend, or amend a high-cost home loan or to defer any payment due under the terms of a high-
7 cost home loan.

8 (k) A creditor shall not make available a high-cost home loan that provides for a late
9 payment fee except as follows:

10 (1) The late payment fee shall not be in excess of three percent (3%) of the amount of the
11 payment past due.

12 (2) The late payment fee shall only be assessed for a payment past due for fifteen (15)
13 days or more or ten (10) days or more in cases of bi-weekly mortgage payment arrangement.

14 (3) The late payment fee shall not be imposed more than once with respect to a single
15 late payment. If a late payment fee is deducted from a payment made on the loan, and the
16 deduction causes a subsequent default on a subsequent payment, no late payment fee may be
17 imposed for the default.

18 (4) A creditor shall treat each payment as posted on the same business day as it was
19 received.

20 (1) All high-cost home loan documents that create a debt or pledge property as collateral
21 shall contain the following notice on the first page in a conspicuous manner: "Notice: This a high-
22 cost home loan subject to special rules under state law. Purchasers or assignees of this high-cost
23 home loan may be liable for all claims and defenses by the borrower with respect to the home
24 loan."

25 SECTION 23. Section 34-27-7 of the General Laws in Chapter 34-27 entitled "Mortgage
26 Foreclosure and Sale" is hereby amended to read as follows:

27 **34-27-7. Notice to tenants of foreclosure sale.** -- (a) The mortgagee shall provide to
28 each bona fide tenant a written notice: (1) Stating that the real estate is scheduled to be sold at
29 foreclosure; (2) Stating the date, time, and place initially scheduled for the sale; (3) Informing of
30 the availability and advisability of counseling and information services; (4) Providing the address
31 and telephone number of the Rhode Island housing help center and the United Way 2-1-1 center;
32 (5) Reminding the recipient to continue paying rent to the landlord until the foreclosure sale
33 occurs; and (6) Stating that this notice is not an eviction notice. The notice shall be mailed by
34 first-class mail at least one business day prior to the first publication of the notice required by §

1 ~~34-27-7~~ 34-27-4. A form of written notice meeting the requirements of this section shall be
2 promulgated by the department of business regulation for use by mortgagees no later than sixty
3 (60) days after the effective date of this section. The notice may be addressed to "Occupant" and
4 mailed to each dwelling unit of the real estate identified in the application for the loan secured by
5 the mortgage being foreclosed. Failure of the mortgagee to provide notice as provided herein
6 shall not affect the validity of the foreclosure.

7 (b) For purposes of this section, a lease or tenancy shall be considered bona fide only if:

8 (1) The mortgagor, or the child, spouse, or parent of the mortgagor, under the contract is
9 not the tenant;

10 (2) The lease or tenancy was the result of an arms-length transaction; and

11 (3) The lease or tenancy requires the receipt of rent that is not substantially less than fair-
12 market rent for the property or the unit's rent is reduced or subsidized due to a federal, state, or
13 local subsidy.

14 SECTION 24. Section 38-2-3 of the General Laws in Chapter 38-2 entitled "Access to
15 Public Records" is hereby amended to read as follows:

16 **38-2-3. Right to inspect and copy records -- Duty to maintain minutes of meetings --**

17 **Procedures for access.** -- (a) Except as provided in § ~~38-2-2(5)~~ 38-2-2(4), all records maintained
18 or kept on file by any public body, whether or not those records are required by any law or by any
19 rule or regulation, shall be public records and every person or entity shall have the right to inspect
20 and/or copy those records at such reasonable time as may be determined by the custodian thereof.

21 (b) Any reasonably segregable portion of a public record excluded by subdivision 38-2-
22 2(4) shall be available for public inspection after the deletion of the information which is the basis
23 of the exclusion. If an entire document or record is deemed non-public, the public body shall state
24 in writing that no portion of the document or record contains reasonable segregable information
25 that is releasable.

26 (c) Each public body shall make, keep, and maintain written or recorded minutes of all
27 meetings.

28 (d) Each public body shall establish written procedures regarding access to public
29 records but shall not require written requests for public information available pursuant to R.I.G.L.
30 § 42-35-2 or for other documents prepared for or readily available to the public.

31 These procedures must include, but need not be limited to, the identification of a
32 designated public records officer or unit, how to make a public records request, and where a
33 public record request should be made, and a copy of these procedures shall be posted on the
34 public body's website if such a website is maintained and be made otherwise readily available to

1 the public. The unavailability of a designated public records officer shall not be deemed good
2 cause for failure to timely comply with a request to inspect and/or copy public records pursuant to
3 subsection (e). A written request for public records need not be made on a form established by a
4 public body if the request is otherwise readily identifiable as a request for public records.

5 (e) A public body receiving a request shall permit the inspection or copying within ten
6 (10) business days after receiving a request. If the inspection or copying is not permitted within
7 ten (10) business days, the public body shall forthwith explain in writing the need for additional
8 time to comply with the request. Any such explanation must be particularized to the specific
9 request made. In such cases the public body may have up to an additional twenty (20) business
10 days to comply with the request if it can demonstrate that the voluminous nature of the request,
11 the number of requests for records pending, or the difficulty in searching for and retrieving or
12 copying the requested records, is such that additional time is necessary to avoid imposing an
13 undue burden on the public body.

14 (f) If a public record is in active use or in storage and, therefore, not available at the time
15 a person or entity requests access, the custodian shall so inform the person or entity and make an
16 appointment for the person or entity to examine such records as expeditiously as they may be
17 made available.

18 (g) Any person or entity requesting copies of public records may elect to obtain them in
19 any and all media in which the public agency is capable of providing them. Any public body
20 which maintains its records in a computer storage system shall provide any data properly
21 identified in a printout or other reasonable format, as requested.

22 (h) Nothing in this section shall be construed as requiring a public body to reorganize,
23 consolidate, or compile data not maintained by the public body in the form requested at the time
24 the request to inspect the public records was made except to the extent that such records are in an
25 electronic format and the public body would not be unduly burdened in providing such data.

26 (i) Nothing in this section is intended to affect the public record status of information
27 merely because it is stored in a computer.

28 (j) No public records shall be withheld based on the purpose for which the records are
29 sought, nor shall a public body require, as a condition of fulfilling a public records request, that a
30 person or entity provide a reason for the request or provide personally identifiable information
31 about him/herself.

32 (k) At the election of the person or entity requesting the public records, the public body
33 shall provide copies of the public records electronically, by facsimile, or by mail in accordance
34 with the requesting person or entity's choice, unless complying with that preference would be

1 unduly burdensome due to the volume of records requested or the costs that would be incurred.
2 The person requesting delivery shall be responsible for the actual cost of delivery, if any.

3 SECTION 25. Section 39-1.2-5 of the General Laws in Chapter 39-1.2 entitled
4 "Excavation Near Underground Utility Facilities" is hereby amended to read as follows:

5 **39-1.2-5. Notice of excavation.** -- (a) Except as provided in § 39-1.2-9, any person,
6 public agency, or public utility responsible for excavating within one hundred feet (100') or for
7 discharging explosives within one hundred feet (100') of a public utility facility shall notify the
8 association of the proposed excavation or discharge at least seventy-two (72) hours, excluding
9 Saturdays, Sundays, and holidays, but not more than thirty (30) days before commencing the
10 excavation or discharge of explosives. Actual excavation must thereupon commence within thirty
11 (30) days and be completed within sixty (60) days, including Saturdays, Sundays, and holidays,
12 or the excavator must renotify the association. Each public utility shall, upon receipt of each
13 notice of excavation, mark within seventy-two (72) hours or, where applicable in accordance with
14 § 39-1.2-12, re-mark within forty-eight (48) hours, the location of all underground facilities.

15 (b) Each excavator shall provide a description of the excavation location that shall
16 include:

17 (1) The name of the city or town where the excavation will take place;

18 (2) The name of the street, way, or route number where appropriate;

19 (3) The name of the streets at the nearest intersection to the excavation;

20 (4) The numbered address of buildings closest to the excavation; and

21 (5) Any other description that will accurately define the excavation location, including
22 landmarks and utility pole numbers.

23 (c) If an excavator determines that a public utility facility has been mismarked, the
24 excavator may notify the association and the appropriate public utility shall remark no later than
25 three (3) hours after receipt of notification from the association. The failure to mark or re-mark
26 the location of all underground facilities upon each notice of excavation shall constitute a separate
27 violation of this chapter. Where an excavation is to be made by a contractor as part of the work
