2 Ordinances" is hereby amended to read as follows:

3 **45-24-31. Definitions.** -- Where words or terms used in this chapter are defined in § 45-
4 22.2-4, or 45-23-32, they have the meanings stated in that section. In addition, the following
5 words have the following meanings. Additional words and phrases may be used in developing
6 local ordinances under this chapter; however, the words and phrases defined in this section are
7 controlling in all local ordinances created under this chapter:

8 (1) Abutter. - One whose property abuts, that is, adjoins at a border, boundary, or point
9 with no intervening land.

10 (2) Accessory Dwelling Unit. - A dwelling unit: (i) rented to and occupied either by one
11 or more members of the family of the occupant or occupants of the principal residence; or (ii)
12 reserved for rental occupancy by a person or a family where the principal residence is owner
13 occupied, and which meets the following provisions:

14 (A) In zoning districts that allow residential uses, no more than one accessory dwelling
15 unit may be an accessory to a single-family dwelling.

16 (B) An accessory dwelling unit shall include separate cooking and sanitary facilities,
17 with its own legal means of ingress and egress and is a complete, separate dwelling unit. The
18 accessory dwelling unit shall be within or attached to the principal dwelling unit structure or
19 within an existing structure, such as a garage or barn, and designed so that the appearance of the

1 principal structure remains that of a one-family residence.

2 (3) Accessory Use. - A use of land or of a building, or portion thereof, customarily
3 incidental and subordinate to the principal use of the land or building. An accessory use may be
4 restricted to the same lot as the principal use. An accessory use shall not be permitted without the
5 principal use to which it is related.

6 (4) Aggrieved Party. - An aggrieved party, for purposes of this chapter, shall be:

7 (i) Any person or persons or entity or entities who can demonstrate that their property
8 will be injured by a decision of any officer or agency responsible for administering the zoning
9 ordinance of a city or town; or

22 occupancy.

27 ~~municipality, to the top of the highest point of the roof or structure. The distance may exclude~~
28 ~~spires, chimneys, flag poles, and the like.~~ For a vacant parcel of land, building height shall be
29 measured from the average existing grade elevation where the foundation of the structure is
30 proposed. For an existing structure, building height shall be measured from average grade taken
31 from the outermost four (4) corners of the existing foundation. In all cases, building height shall
32 be measured to the top of the highest point of the existing or proposed roof or structure. This
33 distance may exclude spires, chimneys, flag poles, and the like. For any property located in a
34 flood hazard area, the building height shall be measured from the base flood elevation where the

1 [structure is located, as shown on the official FEMA Flood Insurance Rate Maps \(FIRMs\).](#)

6 the site to allow the remaining land to be used for recreation, common open space, and/or
7 preservation of environmentally, historically, culturally, or other sensitive features and/or
8 structures. The techniques used to concentrate buildings shall be specified in the ordinance and
9 may include, but are not limited to, reduction in lot areas, setback requirements, and/or bulk
10 requirements, with the resultant open land being devoted by deed restrictions for one or more
11 uses. Under cluster development there is no increase in the number of lots that would be
12 permitted under conventional development except where ordinance provisions include incentive
13 bonuses for certain types or conditions of development.

14 (14) Common Ownership. - Either:

15 (i) Ownership by one or more individuals or entities in any form of ownership of two (2)

1 nor more than two (2) years. Residents will have access to and use of all common areas, including
2 eating areas and living rooms, and will receive appropriate social services for the purpose of
3 fostering independence, self-sufficiency, and eventual transition to a permanent living situation.

20 any structure on any lot in a zoning district. An individual household shall consist of any one of
21 the following:

- 22 (i) A family, which may also include servants and employees living with the family; or

25 entirely within the lot, parallel to and at a maximum distance from the front lot line; and

26 (iii) Side: any lot line other than a front or rear lot line. On a corner lot, a side lot line
27 may be a street lot line, depending on requirements of the local zoning ordinance.

13 (i) Nonconforming by use: a lawfully established use of land, building, or structure
14 which is not a permitted use in that zoning district. A building or structure containing more
15 dwelling units than are permitted by the use regulations of a zoning ordinance is nonconformity
16 by use; or

17 (ii) Nonconforming by dimension: a building, structure, or parcel of land not in
18 compliance with the dimensional regulations of the zoning ordinance. Dimensional regulations
19 include all regulations of the zoning ordinance, other than those pertaining to the permitted uses.
20 A building or structure containing more dwelling units than are permitted by the use regulations
21 of a zoning ordinance is nonconforming by use; a building or structure containing a permitted
22 number of dwelling units by the use regulations of the zoning ordinance, but not meeting the lot
23 area per dwelling unit regulations, is nonconforming by dimension.

24 ~~(52)~~(53) Overlay District. - A district established in a zoning ordinance that is
25 superimposed on one or more districts or parts of districts. The standards and requirements
26 associated with an overlay district may be more or less restrictive than those in the underlying

29 particular use or process must either meet or may not exceed.

31 zoning district.

32 ~~(55)~~(56) Planned Development. - A "land development project", as defined in § 45-24-
33 31(37), and developed according to plan as a single entity and containing one or more structures

5 ~~(58)~~(59) Setback Line or Lines. - A line or lines parallel to a lot line at the minimum
6 distance of the required setback for the zoning district in which the lot is located that establishes
7 the area within which the principal structure must be erected or placed.

8 ~~(59)~~(60) Slope of Land. - The grade, pitch, rise or incline of the topographic landform or
9 surface of the ground.

10 ~~(60)~~(61) Site Plan. - The development plan for one or more lots on which is shown the

14 as a special exception.

15 ~~(62)~~(63) Structure. - A combination of materials to form a construction for use,

17 ~~(63)~~(64) Substandard Lot of Record. - Any lot lawfully existing at the time of adoption
18 or amendment of a zoning ordinance and not in conformance with the dimensional and/or area
19 provisions of that ordinance.

20 ~~(64)~~(65) Use. - The purpose or activity for which land or buildings are designed,
21 arranged, or intended, or for which land or buildings are occupied or maintained.

22 ~~(65)~~(66) Variance. - Permission to depart from the literal requirements of a zoning
23 ordinance. An authorization for the construction or maintenance of a building or structure, or for
24 the establishment or maintenance of a use of land, which is prohibited by a zoning ordinance.
25 There are only two (2) categories of variance, a use variance or a dimensional variance.

26 (i) Use Variance. - Permission to depart from the use requirements of a zoning ordinance
27 where the applicant for the requested variance has shown by evidence upon the record that the
28 subject land or structure cannot yield any beneficial use if it is to conform to the provisions of the
29 zoning ordinance.

30 (ii) Dimensional Variance. - Permission to depart from the dimensional requirements of
31 a zoning ordinance, where the applicant for the requested relief has shown, by evidence upon the
32 record, that there is no other reasonable alternative way to enjoy a legally permitted beneficial use
33 of the subject property unless granted the requested relief from the dimensional regulations.
34 However, the fact that a use may be more profitable or that a structure may be more valuable after

1 the relief is granted are not grounds for relief.

2 ~~(66)~~(67) Waters. - As defined in § 46-12-1(23).

3 ~~(67)~~(68) Wetland, Coastal. - As defined in § 45-22.2-4.

6 required in the zoning ordinance, which acknowledges that a use, structure, building, or lot either
7 complies with or is legally nonconforming to the provisions of the municipal zoning ordinance or
8 is an authorized variance or modification therefrom.

9 ~~(70)~~(71) Zoning Map. - The map or maps which are a part of the zoning ordinance and
10 which delineate the boundaries of all mapped zoning districts within the physical boundary of the
11 city or town.

12 ~~(71)~~(72) Zoning Ordinance. - An ordinance enacted by the legislative body of the city or
13 town pursuant to this chapter and in the manner providing for the adoption of ordinances in the
14 city or town's legislative or home rule charter, if any, which establish regulations and standards
15 relating to the nature and extent of uses of land and structures, which is consistent with the
16 comprehensive plan of the city or town as defined in chapter 22.2 of this title, which includes a
17 zoning map, and which complies with the provisions of this chapter.

18 ~~(72)~~(73) Zoning Use District. - The basic unit in zoning, either mapped or unmapped, to
19 which a uniform set of regulations applies, or a uniform set of regulations for a specified use.
20 Zoning use districts include, but are not limited to: agricultural, commercial, industrial,
21 institutional, open space, and residential. Each district may include sub-districts. Districts may be
22 combined.
