Date Introduced: March 02, 2017

Referred To: House Finance

(RIIB)

It is enacted by the General Assembly as follows:

1 SECTION 1. Sections 16-7-41, 16-7-41.1 and 16-7-44 of the General Laws in Chapter
2 16-7 entitled "Foundation Level School Support [See Title 16 Chapter 97 - The Rhode Island
3 Board Of Education Act]" are hereby amended to read as follows:

4 **16-7-41. Computation of school housing aid.**

5 (a) In each fiscal year the state shall pay to each community a grant to be applied to the
6 cost of school housing equal to the following:

7 The cost of each new school housing project certified to the commissioner of elementary
8 and secondary education not later than July 15 of the fiscal year shall be divided by the actual
9 number of years of the bond issued by the local community, ~~or~~ the Rhode Island Health and
10 Educational Building Corporation, or the Rhode Island Infrastructure Bank in support of the
11 specific project, times the school housing aid ratio; and provided, further, with respect to costs of
12 new school projects financed with proceeds of bonds issued by the local ~~or~~ the Rhode Island
13 Health and Educational Building Corporation, or the Rhode Island Infrastructure Bank in support
14 of the specific project, the amount of the school housing aid payable in each fiscal year shall not
15 exceed the amount arrived at by multiplying the principal and interest of the bonds payable in
16 each fiscal year by the school housing aid ratio and which principal and interest amount over the
17 life of the bonds, shall, in no event, exceed the costs of each new school housing project certified
18 to the commissioner of elementary and secondary education. If a community fails to specify or
19 identify the appropriate reimbursement schedule, the commissioner of elementary and secondary

1 education may at his or her discretion set up to a five (5) year reimbursement cycle for projects
2 under five hundred thousand dollars (\$500,000); up to ten (10) years for projects up to three
3 million dollars (\$3,000,000); and up to twenty (20) years for projects over three million dollars
4 (\$3,000,000).

5 (b) Aid shall be provided for the same period as the life of the bonds issued in support of
6 the project and at the school housing aid ratio applicable to the local community at the time of the
7 bonds issued in support of the project as set forth in § 16-7-39.

8 (c) Aid shall be paid either to the community or in the case of projects financed through
9 the Rhode Island Health and Educational Building Corporation [or the Rhode Island Infrastructure](#)
10 [Bank](#), to the Rhode Island Health and Educational Building Corporation [or the Rhode Island](#)
11 [Infrastructure Bank](#) or its designee including, but not limited to, a trustee under a bond indenture
12 or loan and trust agreement, in support of bonds issued for specific projects of the local
13 community in accordance with this section, § 16-7-40 and § 16-7-44. Notwithstanding the
14 preceding, in case of failure of any city, town or district to pay the amount due in support of
15 bonds issued on behalf of a city, town, school or district project financed by the Rhode Island
16 Health and Educational Building Corporation [or the Rhode Island Infrastructure Bank](#), upon
17 notification by the Rhode Island Health and Educational Building Corporation [or the Rhode](#)
18 [Island Infrastructure Bank](#), the general treasurer shall deduct the amount from aid provided under
19 this section, § 16-7-40, § 16-7-44 and § 16-7-15 through § 16-7-34.3 due the city, town or district
20 and direct said funding to the Rhode Island Health and Educational Building Corporation [or the](#)
21 [Rhode Island Infrastructure Bank](#) or its designee.

22 (d) Notwithstanding any provisions of law to the contrary, in connection with the
23 issuance of refunding bonds benefiting any local community, any net interest savings resulting
24 from the refunding bonds issued by such community or a municipal public buildings authority for
25 the benefit of the community or by the Rhode Island health and educational building corporation
26 [or the Rhode Island Infrastructure Bank](#) for the benefit of the community, in each case in support
27 of school housing projects for the community, shall be allocated between the community and the
28 state of Rhode Island, by applying the applicable school housing aid ratio at the time of issuance
29 of the refunding bonds, calculated pursuant to § 16-7-39, that would otherwise apply in
30 connection with school housing projects of the community; provided however, that for any
31 refundings that occur between July 1, 2013 and December 31, 2015, the community shall receive
32 eighty percent (80%) of the total savings and the state shall receive twenty percent (20%). In
33 connection with any such refunding of bonds, the finance director or the chief financial officer of
34 the community shall certify such net interest savings to the commissioner of elementary and

1 secondary education. Notwithstanding § 16-7-44 or any other provision of law to the contrary,
2 school housing projects costs in connection with any such refunding bond issue shall include
3 bond issuance costs incurred by the community, the municipal public buildings authority or the
4 Rhode Island health and educational building corporation [or the Rhode Island Infrastructure](#)
5 [Bank](#), as the case may be, in connection therewith. In connection with any refunding bond issue,
6 school housing project costs shall include the cost of interest payments on such refunding bonds,
7 if the cost of interest payments was included as a school housing cost for the bonds being
8 refunded. A local community or municipal public buildings authority shall not be entitled to the
9 benefits of this subsection (d) unless the net present value savings resulting from the refunding is
10 at least three percent (3%) of the refunded bond issue.

11 (e) Any provision of law to the contrary notwithstanding, the commissioner of
12 elementary and secondary education shall cause to be monitored the potential for refunding
13 outstanding bonds of local communities or municipal public building authorities or of the Rhode
14 Island Health and Educational Building Corporation [or the Rhode Island Infrastructure Bank](#)
15 issued for the benefit of local communities or municipal public building authorities and benefiting
16 from any aid referenced in this section. In the event it is determined by said monitoring that the
17 net present value savings which could be achieved by refunding such bonds of the type
18 referenced in the prior sentence including any direct costs normally associated with such
19 refundings is equal to (i) at least one hundred thousand dollars (\$100,000) and (ii) for the state
20 and the communities or public building authorities at least three percent (3%) of the bond issue to
21 be refunded including associated costs then, in such event, the commissioner (or his or her
22 designee) may direct the local community or municipal public building authority for the benefit
23 of which the bonds were issued, to refund such bonds. Failure of the local community or
24 municipal public buildings authority to timely refund such bonds, except due to causes beyond
25 the reasonable control of such local community or municipal public building authority, shall
26 result in the reduction by the state of the aid referenced in this § 16-7-4.1 associated with the
27 bonds directed to be refunded in an amount equal to ninety percent (90%) of the net present value
28 savings reasonably estimated by the commissioner of elementary and secondary education (or his
29 or her designee) which would have been achieved had the bonds directed to be refunded been
30 refunded by the ninetieth (90th) day (or if such day is not a business day in the state of Rhode
31 Island, the next succeeding business day) following the date of issuance of the directive of the
32 commissioner (or his or her designee) to refund such bonds. Such reduction in the aid shall begin
33 in the fiscal year following the fiscal year in which the commissioner issued such directive for the
34 remaining term of the bond.

1 (f) Payments shall be made in accordance with § 16-7-40 and this section.

2 (g) For purposes of financing or refinancing school facilities in the city of Central Falls
3 through the issuance bonds through the Rhode Island Health and Educational Building
4 Corporation [or the Rhode Island Infrastructure Bank](#), the city of Central Falls shall be considered
5 an "educational institution" within the meaning of subdivision 45-38.1-3(13) of the general laws.

6 **16-7-41.1. Eligibility for reimbursement.**

7 (a) School districts, not municipalities, may apply for and obtain approval for a project
8 under the necessity of school construction process set forth in the regulations of the board of
9 regents for elementary and secondary education, provided, however, in the case of municipality
10 which issues bonds through the Rhode Island Health and Educational Building Corporation [or the](#)
11 [Rhode Island Infrastructure Bank](#) to finance or refinance school facilities for a school district
12 which is not part of the municipality, the municipality may apply for and obtain approval for a
13 project. Such approval will remain valid until June 30 of the third fiscal year following the fiscal
14 year in which the board of regents for elementary and secondary education's approval is granted.
15 Only those projects undertaken at school facilities under the care and control of the school
16 committee and located on school property may qualify for reimbursement under §§ 16-7-35 -- 16-
17 7-47. Facilities with combined school and municipal uses or facilities that are operated jointly
18 with any other profit or non-profit agency do not qualify for reimbursement under §§ 16-7-35 --
19 16-7-47. Projects completed by June 30 of a fiscal year are eligible for reimbursement in the
20 following fiscal year. A project for new school housing or additional housing shall be deemed to
21 be completed when the work has been officially accepted by the school committee or when the
22 housing is occupied for its intended use by the school committee, whichever is earlier.

23 (b) Notwithstanding the provisions of this section, the board of regents shall not grant
24 final approval for any project between June 30, 2011 and May 1, 2015 except for projects that are
25 necessitated by immediate health and safety reasons. In the event that a project is requested
26 during the moratorium because of immediate health and safety reasons, those proposals shall be
27 reported to the chairs of the house and senate finance committees.

28 (c) Any project approval granted prior to the adoption of the school construction
29 regulations in 2007, and which are currently inactive; and any project approval granted prior to
30 the adoption of the school construction regulations in 2007 which did not receive voter approval
31 or which has not been previously financed, are no longer eligible for reimbursement under this
32 chapter. The department of elementary and secondary education shall develop recommendations
33 for further cost containment strategies in the school housing aid program.

34 (d) Beginning July 1, 2015, the council on elementary and secondary education shall

1 approve new necessity of school construction applications on an annual basis. The department of
2 elementary and secondary education shall develop an annual application timeline for LEAs
3 seeking new necessity of school construction approvals.

4 **16-7-44. School housing project costs.**

5 School housing project costs, the date of completion of school housing projects, and the
6 applicable amount of school housing project cost commitments shall be in accordance with the
7 regulations of the commissioner of elementary and secondary education and the provisions of §§
8 16-7-35 -- 16-7-47; provided, however, that school housing project costs shall include the
9 purchase of sites, buildings, and equipment, the construction of buildings, and additions or
10 renovations of existing buildings and/or facilities. School housing project costs shall include the
11 cost of interest payment on any bond issued after July 1, 1988, provided that such bond is
12 approved by the voters on or before June 30, 2003, or issued by a municipal public building
13 authority or by the appropriate approving authority on or before June 30, 2003. Except as
14 provided in § 16-7-41(d), those projects approved after June 30, 2003, interest payments may
15 only be included in project costs provided that the bonds for these projects are issued through the
16 Rhode Island Health and Educational Building Corporation [or the Rhode Island infrastructure](#)
17 [bank](#). School housing project costs shall exclude: (1) any bond issuance costs incurred by the
18 municipality or regional school district; (2) demolition costs for buildings, facilities, or sites
19 deemed surplus by the school committee; and (3) restrictions pursuant to § 16-7-44.1 below. A
20 building, facility, or site is declared surplus by a school committee when the committee no longer
21 has such building, facility, or site under its direct care and control and transfers control to the
22 municipality, § 16-2-15. The board of regents for elementary and secondary education will
23 promulgate rules and regulations for the administration of this section. These rules and
24 regulations may provide for the use of lease revenue bonds, capital leases, or capital reserve
25 funding, to finance school housing provided that the term of any bond, or capital lease shall not
26 be longer than the useful life of the project and these instruments are subject to the public review
27 and voter approval otherwise required by law for the issuance of bonds or capital leases. Cities or
28 towns issuing bonds, or leases issued by municipal public buildings authority for the benefit of a
29 local community pursuant to chapter 50 of title 45 shall not require voter approval. Effective
30 January 1, 2008, and except for interim finance mechanisms, refunding bonds, borrowing from
31 the school building authority capital fund, and bonds issued by the Rhode Island Health and
32 Educational Building Corporation [or the Rhode Island infrastructure bank](#) to finance school
33 housing projects for towns, cities, or regional school districts borrowing for which has previously
34 been authorized by an enabling act of the general assembly, all bonds, notes and other forms of

1 indebtedness issued in support of school housing projects shall require passage of an enabling act
2 by the general assembly.

15 **39-2-1.2. Utility base rate -- Advertising, demand-side management and renewables.**

16 (a) In addition to costs prohibited in § 39-1-27.4(b), no public utility distributing or
17 providing heat, electricity, or water to or for the public shall include as part of its base rate any
18 expenses for advertising, either direct or indirect, which promotes the use of its product or
19 service, or is designed to promote the public image of the industry. No public utility may furnish
20 support of any kind, direct or indirect, to any subsidiary, group, association, or individual for
21 advertising and include the expense as part of its base rate. Nothing contained in this section shall
22 be deemed as prohibiting the inclusion in the base rate of expenses incurred for advertising,
23 informational or educational in nature, which is designed to promote public safety conservation of
24 the public utility's product or service. The public utilities commission shall promulgate such rules
25 and regulations as are necessary to require public disclosure of all advertising expenses of any
26 kind, direct or indirect, and to otherwise effectuate the provisions of this section.

27 (b) Effective as of January 1, 2008, and for a period of fifteen (15) years thereafter, each
28 electric-distribution company shall include a charge per kilowatt-hour delivered to fund demand-
29 side management programs. The 0.3 mills per kilowatt-hour delivered to fund renewable energy
30 programs shall remain in effect until December 31, 2022. The electric-distribution company shall
31 establish and, after July 1, 2007, maintain, two (2) separate accounts, one for demand-side
32 management programs (the "demand-side account"), which shall be funded by the electric
33 demand-side charge and administered and implemented by the distribution company, subject to
34 the regulatory reviewing authority of the commission, and one for renewable-energy programs,

1 which shall be administered by the Rhode Island commerce corporation pursuant to § 42-64-13.2
2 and shall be held and disbursed by the distribution company as directed by the Rhode Island
3 commerce corporation for the purposes of developing, promoting, and supporting renewable
4 energy programs.

6 discretion, after notice and public hearing, increase the sums for demand-side management and
7 renewable resources. In addition, the commission shall, after notice and public hearing, determine
8 the appropriate charge for these programs. The office of energy resources and/or the administrator
9 of the renewable energy programs may seek to secure for the state an equitable and reasonable

13 including off-grid and on-grid generating technologies located in Rhode Island, as a priority; (2)
14 Research and development activities in Rhode Island pertaining to eligible renewable-energy
15 resources and to other renewable-energy technologies for electrical generation; or (3) Projects and

18 water may also be funded through the renewable-energy programs. Fuel cells may be considered
19 an energy efficiency technology to be included in demand-sided management programs. Special
20 rates for low-income customers in effect as of August 7, 1996, shall be continued, and the costs of
21 all of these discounts shall be included in the distribution rates charged to all other customers.
22 Nothing in this section shall be construed as prohibiting an electric-distribution company from
23 offering any special rates or programs for low-income customers which are not in effect as of
24 August 7, 1996, subject to the approval by the commission.

25 (1) The renewable energy investment programs shall be administered pursuant to rules
26 established by the Rhode Island commerce corporation. Said rules shall provide transparent
27 criteria to rank qualified renewable-energy projects, giving consideration to:

- 28 (i) the feasibility of project completion;
- 29 (ii) the anticipated amount of renewable energy the project will produce;
- 30 (iii) the potential of the project to mitigate energy costs over the life of the project; and
- 31 (iv) the estimated cost per kilo-watt hour (kwh) of the energy produced from the project.
- 32 (c) [Deleted by P.L. 2012, ch. 241, art. 4, § 14].

33 (d) The executive director of the commerce corporation is authorized and may enter into
34 a contract with a contractor for the cost-effective administration of the renewable-energy

1 programs funded by this section. A competitive bid and contract award for administration of the
2 renewable-energy programs may occur every three (3) years and shall include, as a condition, that
3 after July 1, 2008, the account for the renewable-energy programs shall be maintained and
4 administered by the commerce corporation as provided for in subsection (b).

5 (e) Effective January 1, 2007, and for a period of sixteen (16) years thereafter, each gas-
6 distribution company shall include, with the approval of the commission, a charge per deca therm
7 delivered to fund demand-side management programs (the "gas demand-side charge"), including,
8 but not limited to, programs for cost-effective energy efficiency, energy conservation, combined
9 heat and power systems, and weatherization services for low-income households.

10 (f) Each gas company shall establish a separate account for demand-side management
11 programs (the "gas demand-side account"), which shall be funded by the gas demand-side charge
12 and administered and implemented by the distribution company, subject to the regulatory
13 reviewing authority of the commission. The commission may establish administrative
14 mechanisms and procedures that are similar to those for electric demand-side management
15 programs administered under the jurisdiction of the commission and that are designed to achieve
16 cost-effectiveness and high, life-time savings of efficiency measures supported by the program.

17 (g) The commission may, if reasonable and feasible, except from this demand-side
18 management charge:

19 (i) Gas used for distribution generation; and

20 (ii) Gas used for the manufacturing processes, where the customer has established a self-
21 directed program to invest in and achieve best-effective energy efficiency in accordance with a
22 plan approved by the commission and subject to periodic review and approval by the
23 commission, which plan shall require annual reporting of the amount invested and the return on
24 investments in terms of gas savings.

25 (h) The commission may provide for the coordinated and/or integrated administration of
26 electric and gas demand-side management programs in order to enhance the effectiveness of the
27 programs. Such coordinated and/or integrated administration may after March 1, 2009, upon the
28 recommendation of the office of energy resources, be through one or more third-party entities
29 designated by the commission pursuant to a competitive selection process.

30 (i) Effective January 1, 2007, the commission shall allocate from demand-side
31 management gas and electric funds authorized pursuant to this section, an amount not to exceed
32 two percent (2%) of such funds on an annual basis for the retention of expert consultants, and
33 reasonable administration costs of the energy efficiency and resources management council
34 associated with planning, management, and evaluation of energy-efficiency programs, renewable-

1 energy programs, system reliability least-cost procurement, and with regulatory proceedings,
2 contested cases, and other actions pertaining to the purposes, powers, and duties of the council,
3 which allocation may by mutual agreement, be used in coordination with the office of energy
4 resources to support such activities.

5 (j) Effective January 1, 2016, the commission shall annually allocate from the
6 administrative funding amount allocated in (i) from the demand-side management program as
7 described in subsection (i) as follows: fifty percent (50%) for the purposes identified in
8 subsection (i) and fifty percent (50%) annually to the office of energy resources for activities
9 associated with planning, management, and evaluation of energy-efficiency programs, renewable-
10 energy programs, system reliability, least-cost procurement, and with regulatory proceedings,
11 contested cases, and other actions pertaining to the purposes, powers, and duties of the office of
12 energy resources.

13 (k) On April 15, of each year, the office and the council shall submit to the governor, the
14 president of the senate, and the speaker of the house of representatives, separate financial and
15 performance reports regarding the demand-side management programs, including the specific
16 level of funds that were contributed by the residential, municipal, and commercial and industrial
17 sectors to the overall programs; the businesses, vendors, and institutions that received funding
18 from demand-side management gas and electric funds used for the purposes in this section; and
19 the businesses, vendors, and institutions that received the administrative funds for the purposes in
20 subsections (i) and (j). These reports shall be posted electronically on the websites of the office of
21 energy resources and the energy efficiency resource management council.

22 (l) On or after August 1, 2015, at the request of the Rhode Island infrastructure bank,
23 each electric-distribution company, except for the Pascoag Utility District and Block Island
24 Power Company, shall remit two percent (2%) of the amount of the 2014 electric demand-side
25 charge collections to the Rhode Island infrastructure bank ~~in accordance with the terms of § 46-~~
26 ~~12.2-14.1.~~

27 (m) On or after August 1, 2015, at the request of the Rhode Island infrastructure bank,
28 each gas-distribution company shall remit two percent (2%) of the amount of the 2014 gas
29 demand-side charge collections to the Rhode Island infrastructure bank ~~in accordance with the~~
30 ~~terms of § 46-12.2-14.1.~~

31 SECTION 4. Sections 39-26.5-2, 39-26.5-4.1, 39-26.5-6 and 39-26.5-11 of the General

31 (12) "PACE lien" means the non-accelerating lien placed on a PACE property in

24 (a) The Rhode Island infrastructure bank [or a third-party capital provider](#) may enter into a
25 financing agreement with a qualifying PACE property owner. After such agreement is entered
26 into, and upon notice from the Rhode Island infrastructure bank, the PACE municipality shall: (i)
27 place a caveat on the land records indicating that a PACE assessment and lien is anticipated upon
28 completion of the PACE project for such property; or (ii) at the direction of the Rhode Island

33 made until they are paid. Such lien shall be collected in the same manner as the property taxes of
34 the PACE municipality on real property, including, in the event of default or delinquency, with

1 respect to any penalties, fees and remedies. Each such lien may be recorded and released in the
2 manner provided for property tax liens: and if the property is commercial property as defined
3 herein it shall be subject to the consent of existing mortgage holders. The PACE lien shall take
4 precedence over all other liens or encumbrances except a lien for taxes of the municipality on real
5 property, or if the subject property is residential property as defined herein the PACE lien shall be
6 subject to any prior recorded mortgage which lien for taxes or pre-recorded residential mortgage
7 shall have priority over such PACE assessment lien. To the extent PACE assessments are paid in
8 installments and any such installment is not paid when due, the PACE assessment lien may be
9 foreclosed to the extent of any unpaid installment payments and any penalties, interest, and fees
10 related thereto. In the event such PACE assessment lien is foreclosed, such PACE assessment lien

15 all liens filed by the PACE municipality, as provided in the written agreement between the

19 shall be negotiated between the Rhode Island infrastructure bank and the assignee. The assignee
20 or assignees of such liens shall have and possess the same powers and rights at law or in equity as
21 the Rhode Island infrastructure bank and the participating municipality and its tax collector would
22 have had if the lien had not been assigned with regard to the precedence and priority of such lien,
23 the accrual of interest and the fees and expenses of collection. The assignee shall have the same
24 rights to enforce such liens as any private party holding a lien on real property, including, but not
25 limited to, foreclosure and a suit on the debt. Costs and reasonable attorneys' fees incurred by the
26 assignee as a result of any foreclosure action or other legal proceeding brought pursuant to this
27 section and directly related to the proceeding shall be taxed in any such proceeding against each
28 person having title to any property subject to the proceedings. Such costs and fees may be
29 collected by the assignee at any time after demand for payment has been made by the assignee.

30 **39-26.5-6. Priority of PACE lien.**

31 (a) A PACE lien on a residential property shall be: subordinate to all liens on the
32 residential property in existence at the time the residential PACE lien is filed; subordinate to a
33 first mortgage on the residential property recorded after such PACE lien is filed; and superior to
34 any other lien on the residential recorded after such PACE lien is filed. This subsection shall not

1 affect the status or priority of any other municipal or statutory lien.

2 (b) At the time of a transfer of property ownership of a residential property, including by
3 foreclosure, the past due balances of any special assessment under this chapter shall be due for
4 payment. In the event of a foreclosure action, the past due balances shall include all payments on
5 a PACE assessment that are due and unpaid as of the date of the foreclosure. Unless otherwise
6 agreed by the PACE lender, all payments on the PACE assessment that become due after the date
7 of transfer by foreclosure or otherwise shall continue to be secured by a PACE lien on the PACE
8 property and shall be the responsibility of the transferee.

9 (c) A PACE lien on a commercial property shall be: senior to all liens on the commercial
10 property in existence at the time the PACE lien is filed, subject to the consent of the ~~senior~~
11 existing mortgage ~~holder~~ holders on the property; senior to all liens filed or recorded after the
12 time the PACE lien is created; but junior to a municipal tax lien.

13 (d) At the time of a transfer of property ownership of a commercial property, including
14 by foreclosure, the past due balances of any PACE assessment under this chapter shall be due for
15 payment. Unless otherwise agreed by the PACE lender, all payments of PACE assessments that
16 become due after the date of transfer by foreclosure or otherwise shall be secured by a PACE lien
17 on the PACE property and shall be the responsibility of the transferee.

18 **39-26.5-11. Rules and regulations.**

19 (a) The Rhode Island infrastructure bank shall consult with the office of energy resources
20 to promulgate rules and regulations, in accordance with this section, and in accordance with
21 chapter 35 of title 42. Such rules and regulations should ensure that the PACE program does not
22 adversely affect the implementation of any other energy program in whose coordination the
23 Rhode Island infrastructure bank or the office of energy resources is involved. Such rules and
24 regulations shall include, but not be limited to, the following:

25 (1) The necessary application requirements and procedures for any residential property
26 owner or commercial property owner seeking PACE financing;

31 PACE assessment and lien being filed in connection with that property and that all commercial
32 property owners seeking a commercial PACE loan receive consent of the ~~primary~~ existing
33 mortgage ~~holder~~ holders on that property prior to being eligible.

34 (b) The Rhode Island infrastructure bank shall be responsible for promulgating

1 agreements, forms and other documents necessary for the efficient administration of the PACE
2 program.

11 SECTION 6. Section 46-15.3-11 of the General Laws in Chapter 46-15.3 entitled "Public
12 Drinking Water Supply System Protection" is hereby amended to read as follows:

13 **46-15.3-11. Disbursements from the funds.**

14 (a) Only suppliers which withdraw water from wells, reservoirs, springs, or other original
15 sources of potable water shall be entitled to disbursements from the first of the two (2) mentioned
16 funds created under § 46-15.3-10 administered by the water resources board. From amounts
17 available from bond proceeds held by the water resources board, that board shall disburse to each
18 supplier contributing to the fund a proportional amount based upon each supplier's pro rata
19 withdrawal of water by volume from wells, reservoirs, springs, or other original sources of water
20 averaged over the three (3) calendar years preceding disbursement as determined by the water
21 resources board. Suppliers shall be required to expend this money ~~as follows:~~ [for any eligible](#)
22 [expenditure as defined in §46-15.3-4 including, but not limited to,](#)

23 ~~(1) Not less than fifty five percent (55%) shall be spent for acquisition of~~ land or rights in
24 land or physical improvements to acquired land required to protect the quality of raw water of the
25 water supply system. Expenditures for maintenance, administration, and payment of taxes on land
26 acquired under this chapter shall be included within this subdivision.

27 ~~(2) Any remaining funds may be used for any eligible expenditures as defined in § 46-~~
28 ~~15.3-4.~~

29 (b) The city of Providence shall make expenditures from amounts available in the fund
30 held by the city of Providence based on the same ~~formula as in subdivisions (a)(1) and (a)(2)~~
31 [requirements set forth in subsection \(a\)](#) above; provided, however, the city of Providence shall be
32 exempt from participating in the use of an alternate deicing mixture within the Scituate watershed
33 unless drinking water supply sodium levels exceed fifteen (15) ppm (parts per million) for three
34 (3) consecutive years or seventeen (17) ppm (parts per million) for one year. The city of

1 Providence will monitor sodium levels and report sodium testing results to the Rhode Island
2 department of health and the public on a yearly basis. If drinking water supply sodium levels
3 exceed fifteen (15) ppm for three (3) consecutive years or seventeen (17) ppm for one year, the
4 city of Providence shall immediately participate in the use of an alternative deicing mixture
5 within the Scituate watershed. In December of 2008, the city of Providence will provide a three
6 (3) year report to the Rhode Island department of environmental management, the general
7 assembly and the public. Every three (3) years, the city of Providence will submit a report to the
8 general assembly on monitoring data for sodium levels within the Scituate watershed. This report
9 will include monitoring data from the previous three (3) year period.

10 (c) In making decisions about the expenditure of money under the provisions of this
11 chapter, suppliers shall take into account the following factors:

12 (1) The likelihood of development of the specific parcel proposed for acquisition;

13 (2) The existing land uses, as well as the likelihood of development, in the watershed;

14 (3) The potential threat to public drinking water sources posed by development in the
15 watershed including, but not limited to, the intensity of development, the types of land uses,
16 proximity to reservoirs and/or well heads, and the buffering and filtration capacity of the natural
17 systems;

18 (4) Whether alternative protection measures are available and/or have been attempted,
19 including local land use regulations;

20 (5) The number of persons who presently depend on the sources for their drinking water,
21 as well as the number of persons who may depend on it in the future;

22 (6) The anticipated cost of the parcel proposed to be purchased, and whether less than a
23 fee interest may be acquired which would reduce the cost significantly while still providing
24 protection to the source;

25 (7) Other cost effectiveness considerations, including whether protection of the source
26 can be provided by the construction of physical improvements;

27 (8) Whether acquisition of the specific parcel, and the protection of the watershed of
28 which it is a part, is consistent with other planning considerations;

29 (9) Proposed management techniques for the parcel proposed to be acquired which will
30 maximize its capacity to protect the source.

31 (d) The costs of issuance of notes and bonds authorized by § 46-15.3-10 may be payable
32 from any monies in the water quality protection funds.

33 SECTION 7. Section 46-12.2-14.1 of the General Laws in Chapter 46-12.2 entitled
34 "Rhode Island Infrastructure Bank" is hereby repealed.

1 ~~**46-12.2-14.1. Electric and gas demand side charge proceeds as further security for**~~
2 ~~**debt funding energy efficiency improvements in public buildings.**~~

3 ~~(a) Upon receipt of the electric and gas demand side charge proceeds identified in §§ 39-~~
4 ~~2-1.2(1) and 39-2-1.2(m), the Rhode Island infrastructure bank shall deposit the electric and gas~~
5 ~~demand side charge proceeds in a loan loss reserve fund to provide security for any loans made~~
6 ~~by the Rhode Island infrastructure bank or any bonds of the Rhode Island infrastructure bank~~
7 ~~issued to fund energy efficiency improvements in public buildings pursuant to § 46-12.2-4.2. The~~
8 ~~funds in the loan loss reserve fund described therein shall only be used after all other available~~
9 ~~loan loss reserve funds have been applied.~~

10 ~~(b) After all loans and bonds in connection with the efficient buildings fund have been~~
11 ~~repaid in full, the balance of the loan loss reserve fund, including any accrued interest, shall be~~
12 ~~remitted to the electric and gas utilities described in § 39-2-1.2, to be used for energy efficiency~~
13 ~~programmatic purposes.~~

14 SECTION 8. This act shall take effect upon passage.
