15 **27-82-4. Billing and reimbursement.**

16 (a) The health insurance commissioner shall consider various reimbursement
17 methodologies to determine reimbursement rates to be used under this section, including but not

19 (1) The amount the insured's health care plan would pay for such services if rendered by
20 an in-network health care provider;

21 (2) The usual, customary and reasonable rate for such services, generally defined as the
22 eightieth (80th) percentile of all charges for the particular health care service performed by a
23 health care provider in the same or similar specialty and provided in the same geographical area,
24 as reported in a benchmarking database maintained by a nonprofit organization not affiliated with
25 any health carrier, and specified by the health insurance commissioner; or

26 (3) The amount Medicare would reimburse for such services.

27 On an annual basis, the health insurance commissioner shall review the selected
28 reimbursement methodology and rates to ensure network stability and may adjust reimbursement
29 rates accordingly.

30 (b) No health insurance plan shall require prior authorization for rendering emergency
31 services to an insured.

32 (c) No health insurance plan shall impose, for emergency services rendered to an insured
33 by an out-of-network health care provider, a coinsurance, copayment, deductible, or other out-of-
34 pocket expense that is greater than the coinsurance copayment, deductible, or other out-of-pocket

1 expense that would be imposed if such emergency services were rendered by an in-network
2 health care provider.

3 (d) Beginning January 1, 2018, if emergency services were rendered to an insured by an
4 out-of-network health care provider, such health care provider shall bill the health carrier directly
5 and the health carrier shall reimburse such health care provider pursuant to §27-82-4(a).

6 Nothing in this subsection shall be construed to prohibit such health carrier and out-of-
7 network health care provider from agreeing to a greater reimbursement amount.

8 (e) With respect to a surprise out-of-network bill:

9 (1) An insured shall only be required to pay the applicable coinsurance, copayment,
10 deductible or other out-of-pocket expense that would be imposed for such health care services if
11 such services were rendered by an in-network health care provider; and

13 health carrier directly and the health carrier shall reimburse the out-of-network health care
14 provider pursuant to §27-82-4(a). Nothing in this subsection shall be construed to prohibit such
15 health carrier and out-of-network health care provider from agreeing to a greater reimbursement
16 amount.

17 (f) If health care services were rendered to an insured by an out-of-network health care
18 provider and the health carrier failed to inform such insured, if such insured was required to be
19 informed, of the network status of such health care provider pursuant to the general laws, the
20 health carrier shall not impose a coinsurance, copayment, deductible or other out-of-pocket
21 expense that is greater than the coinsurance copayment, deductible or other out-of-pocket expense
22 that would be imposed if such services were rendered by an in-network health care provider.

23 **27-82-5. Hold harmless for surprise out-of-network bills for insureds.**

24 When an insured is subject to a surprise out-of-network bill from a nonparticipating
25 health care provider that knows the insured is insured under a health care plan, the
26 nonparticipating health care provider shall not bill the insured except for any applicable
27 copayment, coinsurance or deductible that would be owed if the insured utilized a participating
28 health care provider.

29 **27-82-6. Dispute resolution for emergency service.**

30 Emergency services for an insured:

31 (1) When a health insurance carrier receives a bill for emergency services from a
32 nonparticipating health care provider, the health insurance carrier shall reimburse the
33 nonparticipating health care provider pursuant to §27-82-4(a).

34 (2) A nonparticipating health care provider or a health insurance carrier may submit a

1 dispute regarding a fee or payment for emergency services for review to an alternative dispute
2 resolution entity, provided that the disputed surprise out-of-network bill totals more than six
3 hundred dollars (\$600).

4 (3) The alternative dispute resolution entity shall make a determination within thirty (30)
5 days of the receipt of the dispute for review.

6 (4) The determination of the alternative dispute resolution entity shall be binding on the
7 patient, health care provider and health insurance carrier, and shall be admissible in any court
8 proceeding between the patient or insured, health care provider or health insurance carrier, or in
9 any administrative proceeding between this state and the health care provider.

10 **27-82-7. Dispute resolution for surprise out-of-network bills.**

11 (a) When a health insurance carrier receives a surprise out-of-network bill from
12 nonparticipating health care provider, the health insurance carrier shall reimburse the
13 nonparticipating health care provider pursuant to §27-82-4(a).

14 (b) Either the health insurance carrier or the nonparticipating health care provider may
15 submit a dispute regarding a surprise out-of-network bill for review to an alternative dispute
16 resolution entity, provided that the disputed surprise out-of-network bill totals more than six
17 hundred dollars (\$600).

18 (c) The alternative dispute resolution entity shall make a determination within thirty (30)
19 days of receipt of the dispute for review.

20 (d) The determination of the alternative dispute resolution entity shall be binding on the
21 patient, health care provider and health insurance carrier, and shall be admissible in any court
22 proceeding between the patient or insured, health care provider or health insurance carrier, or in
23 any administrative proceeding between this state and the health care provider.

24 **27-82-8. Payment for alternative dispute resolution.**

25 For disputes involving an insured, when the alternative dispute resolution entity makes a
26 determination in favor of the health insurance carrier, payment for the dispute resolution process
27 shall be the responsibility of the nonparticipating health care provider. When the alternative
28 dispute resolution entity makes a determination in favor of the nonparticipating health care
29 provider, payment for the dispute resolution process shall be the responsibility of the health
30 insurance carrier. When a good faith negotiation directed by the alternative dispute resolution
31 entity results in a settlement between the health insurance carrier and nonparticipating health care
32 provider, the health insurance carrier and the nonparticipating health care provider shall evenly
33 divide and share the prorated cost for dispute resolution.

RELATING TO INSURANCE -- SURPRISE OUT-OF-NETWORK BILLS FOR
EMERGENCY AND OTHER MEDICAL SERVICES

1 This act would require a nonparticipating health care provider to bill for surprise medical
2 services provided to an insured party, only for a copayment, or deductible. The nonparticipating

4 remainder. This act would include detailed steps for billing and reimbursement as well as dispute
5 resolution between the health care provide and the insurance carrier. Finally, this act would not
6 apply to health care services, where health care provider fees are subject to fee schedules.

7 This act would take effect upon passage.
