1 SECTION 1. Section 36-10-35 of the General Laws in Chapter 36-10 entitled
2 "Retirement System-Contributions and Benefits" is hereby amended to read as follows:

3 **36-10-35. Additional benefits payable to retired employees.**

4 (a) All state employees and all beneficiaries of state employees receiving any service
5 retirement or ordinary or accidental disability retirement allowance pursuant to the provisions of
6 this title on or before December 31, 1967, shall receive a cost of living retirement adjustment
7 equal to one and one-half percent (1.5%) per year of the original retirement allowance, not
8 compounded, for each calendar year the retirement allowance has been in effect. For the purposes
9 of computation, credit shall be given for a full calendar year regardless of the effective date of the
10 retirement allowance. This cost of living adjustment shall be added to the amount of the
11 retirement allowance as of January 1, 1968, and an additional one and one-half percent (1.5%)
12 shall be added to the original retirement allowance in each succeeding year during the month of
13 January, and provided further, that this additional cost of living increase shall be three percent
14 (3%) for the year beginning January 1, 1971, and each year thereafter, through December 31,
15 1980. Notwithstanding any of the above provisions, no employee receiving any service retirement
16 allowance pursuant to the provisions of this title on or before December 31, 1967, or the
17 employee's beneficiary, shall receive any additional benefit hereunder in an amount less than two
18 hundred dollars (\$200) per year over the service retirement allowance where the employee retired
19 prior to January 1, 1958.

1 (b) All state employees and all beneficiaries of state employees retired on or after January
2 1, 1968, who are receiving any service retirement or ordinary or accidental disability retirement
3 allowance pursuant to the provisions of this title shall, on the first day of January next following
4 the third anniversary date of the retirement, receive a cost of living retirement adjustment, in
5 addition to his or her retirement allowance, in an amount equal to three percent (3%) of the
6 original retirement allowance. In each succeeding year thereafter through December 31, 1980,
7 during the month of January, the retirement allowance shall be increased an additional three
8 percent (3%) of the original retirement allowance, not compounded, to be continued during the
9 lifetime of the employee or beneficiary. For the purposes of computation, credit shall be given for
10 a full calendar year regardless of the effective date of the service retirement allowance.

11 (c) (1) Beginning on January 1, 1981, for all state employees and beneficiaries of the
12 state employees receiving any service retirement and all state employees, and all beneficiaries of
13 state employees, who have completed at least ten (10) years of contributory service on or before
14 July 1, 2005 pursuant to the provisions of this chapter, and for all state employees, and all
15 beneficiaries of state employees who receive a disability retirement allowance pursuant to §§ 36-
16 10-12 -- 36-10-15, the cost of living adjustment shall be computed and paid at the rate of three
17 percent (3%) of the original retirement allowance or the retirement allowance as computed in
18 accordance with § 36-10-35.1, compounded annually from the year for which the cost of living
19 adjustment was determined to be payable by the retirement board pursuant to the provisions of
20 subsection (a) or (b) of this section. Such cost of living adjustments are available to members who
21 retire before October 1, 2009 or are eligible to retire as of September 30, 2009.

22 (2) The provisions of this subsection shall be deemed to apply prospectively only and no
23 retroactive payment shall be made.

24 (3) The retirement allowance of all state employees and all beneficiaries of state
25 employees who have not completed at least ten (10) years of contributory service on or before
26 July 1, 2005 or were not eligible to retire as of September 30, 2009, shall, on the month following
27 the third anniversary date of retirement, and on the month following the anniversary date of each
28 succeeding year be adjusted and computed by multiplying the retirement allowance by three
29 percent (3%) or the percentage of increase in the Consumer Price Index for all Urban Consumers
30 (CPI-U) as published by the United States Department of Labor Statistics determined as of
31 September 30 of the prior calendar year, whichever is less; the cost of living adjustment shall be
32 compounded annually from the year for which the cost of living adjustment was determined
33 payable by the retirement board; provided, that no adjustment shall cause any retirement
34 allowance to be decreased from the retirement allowance provided immediately before such

1 adjustment.

2 (d) For state employees not eligible to retire in accordance with this chapter as of
3 September 30, 2009 and not eligible upon passage of this article, and for their beneficiaries, the
4 cost of living adjustment described in subsection (3) above shall only apply to the first thirty-five
5 thousand dollars (\$35,000) of retirement allowance, indexed annually, and shall commence upon
6 the third (3rd) anniversary of the date of retirement or when the retiree reaches age sixty-five
7 (65), whichever is later. The thirty-five thousand dollar (\$35,000) limit shall increase annually by
8 the percentage increase in the Consumer Price Index for all Urban Consumers (CPI-U) as
9 published by the United States Department of Labor Statistics determined as of September 30 of
10 the prior calendar year or three percent (3%), whichever is less. The first thirty-five thousand
11 dollars (\$35,000) of retirement allowance, as indexed, shall be multiplied by the percentage of
12 increase in the Consumer Price Index for all Urban Consumers (CPI-U) as published by the
13 United States Department of Labor Statistics determined as of September 30 of the prior calendar
14 year or three percent (3%), whichever is less, on the month following the anniversary date of each
15 succeeding year. For state employees eligible to retire as of September 30, 2009 or eligible upon
16 passage of this article, and for their beneficiaries, the provisions of this subsection (d) shall not
17 apply.

18 (e) All legislators and all beneficiaries of legislators who are receiving a retirement
19 allowance pursuant to the provisions of § 36-10-9.1 for a period of three (3) or more years, shall,
20 commencing January 1, 1982, receive a cost of living retirement adjustment, in addition to a
21 retirement allowance, in an amount equal to three percent (3%) of the original retirement
22 allowance. In each succeeding year thereafter during the month of January, the retirement
23 allowance shall be increased an additional three percent (3%) of the original retirement
24 allowance, compounded annually, to be continued during the lifetime of the legislator or
25 beneficiary. For the purposes of computation, credit shall be given for a full calendar year
