| 27 | "Uncompensated care" Care and services provided by an LTC provider to a Medicaid |
| 28 | applicant without receiving compensation therefore from Medicaid, Medicare, the Medicaid |
| 29 | applicant, or other source. The acceptance of any payment representing actual or estimated |
| 30 | applied income shall not disqualify the care and services provided from qualifying as |
| 31 | uncompensated care. |
| 32 | (b) (1) Uncompensated care during pendency of an application for benefits. A nursing |
| 33 | facility may not discharge a Medicaid applicant for non-payment of the facility's bill during the |
| 34 | pendency of a complete application; nor may a nursing facility charge a Medicaid applicant for |

care provided during the pendency of a complete application, except for an amount representing the estimated, applied income. A nursing facility may discharge a Medicaid applicant for non-payment of the facility's bill during the pendency of an application for Medicaid coverage that is not a complete application, but only if the nursing facility has provided the patient (and his or her authorized representative, if known) with thirty (30) days' written notice of its intention to do so, and the application remains incomplete during that thirty-day (30) period.

(2) Uncompensated care while determination is overdue. When a complete application has been pending for ninety (90) days or longer, then upon the request of an LTC provider providing uncompensated care, the state shall make payment to the LTC provider for the care provided to the applicant in full as though the application were approved, beginning on the date of such request eligibility date requested in the application. Payment under this subsection shall not be made for the period prior to the LTC provider's request eligibility date requested, but shall continue thereafter until the application is decided. In the event the application is denied, the state shall not have any right of recovery, offset, or recoupment with respect to payments made hereunder for the period of determination. In the event the application is approved, the state may offset payments due for the period between the date of the application and the determination eligibility date and the approval by any amounts paid hereunder.

(c) Process for complete applications.

(1) Upon receipt of an application for medicaid coverage that is filed by or on behalf of a medicaid applicant as defined herein, the secretary shall, within sixty (60) days of its receipt, review the application and notify the applicant and/or authorized representative, in writing and with specificity, of any additional information or documentation that is required from the applicant in order to make the application a complete application. If the LTC provider furnishing care and services to the applicant has supplied the secretary with a release as defined herein within that sixty (60) day period, the secretary shall provide the same notification to the LTC provider. If the secretary fails to mail or otherwise transmit the notices required hereunder within sixty (60) days of receipt of such an application, the application will be considered a complete application for the purposes of this section.

(2) In the event a complete application has been pending for ninety (90) days or more, an LTC provider may submit a written request to the secretary for payment as described under subsection (b)(2) of this section. Within thirty (30) days of the receipt of that request, the secretary shall begin payment to the provider for the care provided to the applicant in full as though the application were approved, for the period beginning on the eligibility date requested in the application in accordance with subsection (b)(2) of this section.

| 1 | (3) In the event that the secretary sends notice to the applicant, authorized representative |
|----|--|
| 2 | (if known) and/or the LTC provider as contemplated under section (c)(l) of this section, then |
| 3 | those parties may submit the additional information or documentation identified in the |
| 4 | notification. Once those additional items are submitted to the secretary, the application shall be |
| 5 | deemed a complete application, unless information · within the additional items gives rise to the |
| 6 | need for further information: however, the original application cannot be reassessed for this |
| 7 | purpose, if the additional items submitted are incomplete, or give rise to the need for |
| 8 | supplemental information or documents, the secretary shall notify the applicant, authorized |
| 9 | representative (if known) and the LTC provider within ten (10) days of receiving them. This |
| 10 | process shall continue until the application is a complete application. To prevent unwarranted |
| 11 | delay of payment to LTC providers furnishing uncompensated care, after the first submission of |
| 12 | additional items is received the secretary may not at any time require additional information or |
| 13 | documentation the need for which could have been determined from the original application. |
| 14 | (4) An application that becomes a complete application through the submission of |
| 15 | additional information or documents (termed a "complete application upon supplementation") |
| 16 | shall be subject to the same request and payment process described for a complete application |
| 17 | under subsection (c)(2) of this section, except that the LTC provider may request, and the |
| 18 | secretary shall begin, payment once such a complete application upon supplementation has been |
| 19 | pending for thirty (30) days. |
| 20 | (5) The director shall submit a report every thirty (30) days to the president of the senate |
| 21 | and the speaker of the house that documents compliance with this section. |
| 22 | (c) Notice of application status. When an LTC provider is providing uncompensated care |
| 23 | to a Medicaid applicant, then the LTC provider may inform the secretary or designee of its status, |
| 24 | and the secretary or designee shall thereafter inform the nursing facility of any decision on the |

- application at the time the decision is rendered and, if coverage is approved, of the date that coverage will begin. In addition, an LTC provider providing uncompensated care to a Medicaid applicant may inquire of the secretary or designee as to the status of that individual's application, and the secretary or designee shall respond within five business days as follows:
- (i) Without release -- If the LTC provider has not obtained a signed release, the secretary or designee must provide the following information, only, in writing: (a) Whether or not the application has been approved; (b) The identity of any authorized representative; and (c) If the application has not yet been decided, whether or not the application is a complete application.
- (ii) With release -- If the LTC provider has obtained a signed release, the secretary or designee must additionally provide any further information requested by the LTC provider, to the

- 1 extent that the release permits its disclosure.
- 2 SECTION 2. This act shall take effect September 1, 2017.
