LC005023

STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2022

A N A C T

RELATING TO MOTOR AND OTHER VEHICLES -- OPERATION OF BICYCLES--  
HIGHWAY SAFETY ACT

Introduced By: Representatives Kislak, McGaw, Morales, Cassar, Potter, and Tanzi

Date Introduced: March 04, 2022

Referred To: House Judiciary

It is enacted by the General Assembly as follows:

1 SECTION 1. Section 31-19-14 of the General Laws in Chapter 31-19 entitled "Operation  
2 of Bicycles" is hereby amended to read as follows:

3 **31-19-14. Turn and stop signals.**

4 (a) Except as provided in this section, a person riding a bicycle shall comply with § 31-16-  
5 5.

6 (b) A signal of intention to turn right or left when required shall be given continuously  
7 during not less than the last one hundred feet (100') traveled by the bicycle before turning, and shall  
8 be given while the bicycle is stopped waiting to turn. A signal by hand and arm need not be given  
9 continuously if the hand is needed in control or operation of the bicycle.

10 (c) A person operating a bicycle approaching a stop sign shall slow down and, if required  
11 for safety, stop before entering the intersection. After slowing to a reasonable speed or stopping,  
12 the person shall yield the right-of-way to any vehicle in the intersection or approaching on another  
13 highway so closely as to constitute an immediate hazard during the time the person is moving across  
14 or within the intersection or junction of highways. After slowing to a reasonable speed and yielding  
15 the right-of-way, if required, the person on a bicycle may cautiously make a turn or proceed through  
16 the intersection without stopping.

17 (d) A person operating a bicycle approaching a steady red traffic control light shall stop  
18 before entering the intersection and shall yield to all other traffic. Once the person has yielded,

1 he/she may proceed straight through the steady red light with caution. Provided however, that a  
2 person, after slowing to a reasonable speed and yielding the right-of-way, if required, may  
3 cautiously make a right-hand turn. A left-hand turn onto a one-way highway may be made on a red  
4 light after stopping and yielding to other traffic.

5 (e) A person riding a bicycle shall comply with the following:

6 (1) Both the approach for a right turn and the right turn shall be made as close as practicable  
7 to the right-hand curb or edge of the roadway.

8 (2) When intending to turn left, the person on a bicycle shall approach the turn in the  
9 extreme left-hand lane lawfully available to traffic moving in the direction of travel. Whenever  
10 practicable, the left turn shall be made to the left of the center of the intersection in order to leave  
11 the intersection or other location in the extreme left-hand lane lawfully available to traffic moving  
12 in the same direction on the highway being entered.

13 (3) Where a special lane for making left turns by drivers proceeding in opposite directions  
14 has been indicated by traffic-control devices:

15 (i) A left turn shall not be made from any other lane;

16 (ii) A person operating a bicycle shall not ride in the lane, except when preparing for or  
17 making a left turn from or into the highway or when preparing for or making a U-turn when  
18 otherwise permitted by law.

19 (f) A signal of intention to turn right or left shall be given during not less than the last one  
20 hundred feet (100') traveled by the bicycle before turning; provided that, a signal by hand and arm  
21 need not be given if the hand is needed in the control or operation of the bicycle.

22 (g) Nothing in this section shall relieve a person on a bicycle from the responsibility to  
23 yield the right-of-way to a pedestrian.

24 SECTION 2. Chapter 31-17 of the General Laws entitled "Right-of-Way" is hereby  
25 amended by adding thereto the following section:

26 **31-17-10. Yielding to person on a bicycle at crossings and intersections.**

27 (a) No driver of a motor vehicle shall pass any other motor vehicle which has stopped at a  
28 bicycle crossing to permit a person on a bicycle to cross, nor shall any such operator enter a marked  
29 bicycle crossing while a person on a bicycle is crossing or until there is a sufficient space beyond  
30 the bicycle crossing to accommodate the motor vehicle the person is operating, notwithstanding  
31 that a traffic control signal may indicate that vehicles may proceed.

32 (b) When traffic control signals are not in place or not in operation, the driver of a motor  
33 vehicle shall yield the right-of-way, slowing down or stopping if need be, to yield to a person on a  
34 bicycle crossing a roadway or intersection at a bicycle crossing marked, signed, or otherwise

1 designated in accordance with standards established by the department including, but not limited  
2 to, road crossings of bicycle or shared-use paths and intersection crossings of bicycle lanes, if the  
3 person on a bicycle is on that half of the traveled part of the way on which the vehicle is traveling  
4 or if the person on a bicycle approaches from the opposite half of the traveled part of the way to  
5 within ten feet (10') of that half of the traveled part of the way on which said vehicle is traveling.

6 (c) Any driver of a vehicle convicted of violating the provisions of this section shall be  
7 subject to the fines enumerated in § 31-41.1-4 in the same amount for the violations of § 31-17-9.

8 SECTION 3. Chapter 31-23 of the General Laws entitled "Equipment and Accessories  
9 Generally" is hereby amended by adding thereto the following section:

10 **31-23-8.1. Aggressive honking.**

11 (a) Except as otherwise provided, no motor vehicle shall be equipped with and no person  
12 shall use upon a motor vehicle any siren, exhaust, compression or spark plug whistle and no person  
13 at any time shall use a horn otherwise than as a reasonable warning or make any unnecessary or  
14 unreasonable loud or harsh sound by means of a horn or other warning device. The driver of a  
15 motor vehicle shall, when reasonably necessary to insure safe operation, give audible warning with  
16 the horn but shall not otherwise use the horn for any other purpose. No driver of any motor vehicle  
17 shall use a horn:

18 (1) To make an unreasonably loud or harsh sound;

19 (2) When stationary; or

20 (3) When passing an animal-drawn vehicle or bicycle under normal conditions where no  
21 imminent danger of a collision exists.

22 (b) Violations of this section are subject to fines enumerated in § 31-41.1-4 in the same  
23 amount for the violations of § 31-23-8.

24 SECTION 4. Chapter 31-14 of the General Laws entitled "Speed Restrictions" is hereby  
25 amended by adding thereto the following section:

26 **31-14-14. Speed limits in thickly settled areas and business districts.**

27 (a) On a state highway inside a thickly settled or business district located in a city or town,  
28 the department shall establish and post a speed limit of twenty-five miles per hour (25 mph) or a  
29 speed limit based on an engineering speed study in compliance with chapter 13 of title 31 the  
30 ("manual on uniform traffic control devices").

31 (b) On a parkway inside a thickly settled or business district located in a city or town, the  
32 local authority with jurisdiction shall establish and post a speed limit of twenty-five miles per hour  
33 (25 mph) or a speed limit based on an engineering speed study in compliance with chapter 13 of  
34 title 31 the ("manual on uniform traffic control devices").

1 (c) For the purposes of this section, "thickly settled" shall be defined as any area where  
2 buildings are fewer than two hundred feet (200') apart for a distance of one-eighth (1/8) of a mile  
3 or more.

4 (d) Violations of this section are subject to fines enumerated in § 31-41.1-4 in the same  
5 amount for the violations of § 31-14-1.

6 SECTION 5. Chapter 31-27.1 of the General Laws entitled "Aggressive Driving" is hereby  
7 amended by adding thereto the following section:

8 **31-27.1-5. Reckless driver accountability traffic safety program.**

9 (a) There is hereby established a reckless driver accountability traffic safety program.

10 (b) The program shall feature classes, based on a restorative justice model, to educate  
11 reckless drivers on the impacts of their actions. The program shall be open to the public. The state  
12 may charge reasonable fees to pay for the administration of the reckless driver accountability  
13 program.

14 (c) Motor vehicles with five (5) or more automated traffic enforcement (ATE) or speeding  
15 violations, or three (3) or more speeding violations for driving twenty-one miles per hour (21 mph)  
16 or more over the speed limit, within a three hundred, sixty-five (365) day period shall be subject to  
17 impoundment, unless the vehicle's owner enrolls in the reckless driver accountability program  
18 within ten (10) days after notification of the last violation and completes the class within ninety  
19 (90) days after the notification of the last violation. Any vehicle impounded pursuant to this section  
20 shall not be released until the vehicle's owner completes the reckless driver accountability program  
21 and pays all applicable towing and storage fees.

22 (d) The state shall notify, through certified mail, owners of motor vehicles with four (4)  
23 violations, or two (2) speeding violations for driving twenty-one miles per hour (21 mph) or more  
24 over the speed limit, that their vehicle will be subject to impoundment following another violation,  
25 unless the owner voluntarily enrolls in the reckless driver accountability program within thirty (30)  
26 days after receiving the notification of the last violation and completes the class within one hundred  
27 twenty (120) days after the notification of the last violation.

28 (e) Following completion of the reckless driver accountability program, motor vehicles  
29 shall again be subject to impoundment by the state after receiving another five (5) ATE or speeding  
30 tickets, or another three (3) speeding violations for driving twenty-one miles per hour (21 mph) or  
31 more over the speed limit.

32 SECTION 6. Chapter 16-21 of the General Laws entitled "Health and Safety of Pupils" is  
33 hereby amended by adding thereto the following section:

34 **16-21-17.1. Curriculum for highway safety.**

1           (a) The department of elementary and secondary education shall develop and make  
2 available to public schools and public charter schools in Rhode Island an educational curriculum  
3 for children in kindergarten through grade twelve (K-12) regarding the safe use of public streets  
4 and premises open to the public by pedestrians and bicyclists.

5           (b) At a minimum, the curriculum shall address:

6           (1) The safe use of bicycles;

7           (2) Traffic laws, regulations and best practices including, but not limited to, the use of the  
8 far hand reach when exiting a motor vehicle known as Dutch Reach;

9           (3) The use of bicycle lanes and trails; and

10          (4) Safe pedestrian practices.

11          SECTION 7. This act shall take effect on January 1, 2023.
