

2022 -- H 8310

LC006073

STATE OF RHODE ISLAND

IN GENERAL ASSEMBLY

JANUARY SESSION, A.D. 2022

A N A C T

RELATING TO EDUCATION

Introduced By: Representatives Biah, Fenton-Fung, Shanley, O'Brien, Hawkins,
Cardillo, Phillips, Casey, Baginski, and Noret

Date Introduced: June 02, 2022

Referred To: House Finance

It is enacted by the General Assembly as follows:

1 SECTION 1. Section 16-7.2-6 of the General Laws in Chapter 16-7.2 entitled "The
2 Education Equity and Property Tax Relief Act" is hereby amended to read as follows:

3 **16-7.2-6. Categorical programs, state funded expenses.**

4 In addition to the foundation education aid provided pursuant to § 16-7.2-3, the permanent
5 foundation education-aid program shall provide direct state funding for:

6 (a) Excess costs associated with special education students. Excess costs are defined when
7 an individual special education student's cost shall be deemed to be "extraordinary." Extraordinary
8 costs are those educational costs that exceed the state-approved threshold based on an amount
9 above five times the core foundation amount (total of core-instruction amount plus student success
10 amount). The department of elementary and secondary education shall prorate the funds available
11 for distribution among those eligible school districts if the total approved costs for which school
12 districts are seeking reimbursement exceed the amount of funding appropriated in any fiscal year;
13 and the department of elementary and secondary education shall also collect data on those
14 educational costs that exceed the state-approved threshold based on an amount above two (2), three
15 (3), and four (4) times the core-foundation amount;

16 (b) Career and technical education costs to help meet initial investment requirements
17 needed to transform existing, or create new, comprehensive, career and technical education
18 programs and career pathways in critical and emerging industries and to help offset the higher-
19 than-average costs associated with facilities, equipment maintenance and repair, and supplies

1 necessary for maintaining the quality of highly specialized programs that are a priority for the state.
2 The department shall develop criteria for the purpose of allocating any and all career and technical
3 education funds as may be determined by the general assembly on an annual basis. The department
4 of elementary and secondary education shall prorate the funds available for distribution among
5 those eligible school districts if the total approved costs for which school districts are seeking
6 reimbursement exceed the amount of funding available in any fiscal year;

7 (c) Programs to increase access to voluntary, free, high-quality pre-kindergarten programs.
8 The department shall recommend criteria for the purpose of allocating any and all early childhood
9 program funds as may be determined by the general assembly;

10 (d) Central Falls, Davies, and the Met Center Stabilization Fund is established to ensure
11 that appropriate funding is available to support their students. Additional support for Central Falls
12 is needed due to concerns regarding the city's capacity to meet the local share of education costs.
13 This fund requires that education aid calculated pursuant to § 16-7.2-3 and funding for costs outside
14 the permanent foundation education-aid formula, including, but not limited to, transportation,
15 facility maintenance, and retiree health benefits shall be shared between the state and the city of
16 Central Falls. The fund shall be annually reviewed to determine the amount of the state and city
17 appropriation. The state's share of this fund may be supported through a reallocation of current state
18 appropriations to the Central Falls school district. At the end of the transition period defined in §
19 16-7.2-7, the municipality will continue its contribution pursuant to § 16-7-24. Additional support
20 for the Davies and the Met Center is needed due to the costs associated with running a stand-alone
21 high school offering both academic and career and technical coursework. The department shall
22 recommend criteria for the purpose of allocating any and all stabilization funds as may be
23 determined by the general assembly;

24 (e) Excess costs associated with transporting students to out-of-district non- public schools.
25 This fund will provide state funding for the costs associated with transporting students to out-of-
26 district non-public schools, pursuant to chapter 21.1 of this title. The state will assume the costs of
27 non-public out- of-district transportation for those districts participating in the statewide system.
28 The department of elementary and secondary education shall prorate the funds available for
29 distribution among those eligible school districts if the total approved costs for which school
30 districts are seeking reimbursement exceed the amount of funding available in any fiscal year;

31 (f) Excess costs associated with transporting students within regional school districts. This
32 fund will provide direct state funding for the excess costs associated with transporting students
33 within regional school districts, established pursuant to chapter 3 of this title. This fund requires
34 that the state and regional school district share equally the student transportation costs net any

1 federal sources of revenue for these expenditures. The department of elementary and secondary
2 education shall prorate the funds available for distribution among those eligible school districts if
3 the total approved costs for which school districts are seeking reimbursement exceed the amount
4 of funding available in any fiscal year;

5 (g) Public school districts that are regionalized shall be eligible for a regionalization bonus
6 as set forth below:

7 (1) As used herein, the term "regionalized" shall be deemed to refer to a regional school
8 district established under the provisions of chapter 3 of this title, including the Chariho Regional
9 School district;

10 (2) For those districts that are regionalized as of July 1, 2010, the regionalization bonus
11 shall commence in FY 2012. For those districts that regionalize after July 1, 2010, the
12 regionalization bonus shall commence in the first fiscal year following the establishment of a
13 regionalized school district as set forth in chapter 3 of this title, including the Chariho Regional
14 School District;

15 (3) The regionalization bonus in the first fiscal year shall be two percent (2.0%) of the
16 state's share of the foundation education aid for the regionalized district as calculated pursuant to
17 §§ 16-7.2-3 and 16-7.2-4 in that fiscal year;

18 (4) The regionalization bonus in the second fiscal year shall be one percent (1.0%) of the
19 state's share of the foundation education aid for the regionalized district as calculated pursuant to
20 §§ 16-7.2-3 and 16-7.2-4 in that fiscal year;

21 (5) The regionalization bonus shall cease in the third fiscal year;

22 (6) The regionalization bonus for the Chariho regional school district shall be applied to
23 the state share of the permanent foundation education aid for the member towns; and

24 (7) The department of elementary and secondary education shall prorate the funds available
25 for distribution among those eligible regionalized school districts if the total, approved costs for
26 which regionalized school districts are seeking a regionalization bonus exceed the amount of
27 funding appropriated in any fiscal year;

28 (h) Additional state support for English learners (EL). The amount to support EL students
29 shall be determined by multiplying an EL factor of ten percent (10%) by the core-instruction per-
30 pupil amount defined in § 16-7.2-3(a)(1) and applying that amount of additional state support to
31 EL students identified using widely adopted, independent standards and assessments identified by
32 the commissioner. All categorical funds distributed pursuant to this subsection must be used to
33 provide high-quality, research-based services to EL students and managed in accordance with
34 requirements set forth by the commissioner of elementary and secondary education. The

1 department of elementary and secondary education shall collect performance reports from districts
2 and approve the use of funds prior to expenditure. The department of elementary and secondary
3 education shall ensure the funds are aligned to activities that are innovative and expansive and not
4 utilized for activities the district is currently funding. The department of elementary and secondary
5 education shall prorate the funds available for distribution among eligible recipients if the total
6 calculated costs exceed the amount of funding available in any fiscal year; and

7 (i) State support for school resource officers. For purposes of this subsection, a school
8 resource officer (SRO) shall be defined as a career law enforcement officer with sworn authority
9 who is deployed by an employing police department or agency in a community-oriented policing
10 assignment to work in collaboration with one or more schools. School resource officers should have
11 completed at least forty (40) hours of specialized training in school policing, administered by an
12 accredited agency, before being assigned. Effective July 1, 2022, a minimum of two (2) school
13 resource officers shall be placed at every public school in the State of Rhode Island. Beginning in
14 FY 2019, for a period of three (3) years, school districts or municipalities that choose to employ
15 school resource officers shall receive direct state support for costs associated with employing such
16 officers at public middle and high schools. Districts or municipalities shall be reimbursed an
17 amount equal to one-half (½) of the cost of salaries and benefits for the qualifying positions.
18 Funding will be provided for school resource officer positions established on or after July 1, 2018,
19 provided that:

20 (1) Each school resource officer shall be assigned to one school:

21 (i) Schools with enrollments below one thousand twelve hundred (1,200) students shall
22 require one school resource officer;

23 (ii) Schools with enrollments of one thousand twelve hundred (1,200) or more students
24 shall require two school resource officers;

25 (2) School resource officers hired in excess of the requirement noted above shall not be
26 eligible for reimbursement; and

27 (3) Schools that eliminate existing school resource officer positions and create new
28 positions under this provision shall not be eligible for reimbursement; and

29 (j) Categorical programs defined in subsections (a) through (g) shall be funded pursuant to
30 the transition plan in § 16-7.2-7.

31 (k) All school resource officers shall receive standardized training at a central location to
32 be determined by the state police, in consultation with the department of elementary and secondary
33 education.

1 SECTION 2. This act shall take effect upon passage.
