# RELATING TO STATE AFFAIRS AND GOVERNMENT -- THE RHODE ISLAND ALL-PAYER HEALTH CARE PAYMENT REFORM ACT

Introduced By: Senators Pearson, and DiPalma

Date Introduced: June 03, 2022

Referred To: Senate Finance

It is enacted by the General Assembly as follows:

1	SECTION 1. Title 42 of the General Laws entitled "STATE AFFAIRS AND
2	GOVERNMENT" is hereby amended by adding thereto the following chapters:
3	CHAPTER 14.7
4	THE RHODE ISLAND ALL-PAYER HEALTH CARE PAYMENT REFORM ACT
5	42-14.7-1. Short title.
6	This chapter shall be known and may be cited as "The Rhode Island All-Payer Health Care
7	Payment Reform Act."
8	42-14.7-2. Legislative findings, intent, and purpose.
9	The general assembly hereby finds and declares as follows:
10	(1) Health care providers are stewards of critical health care resources and deliver services
11	that are necessary to support the health and wellbeing of Rhode Islanders and the communities in
12	which they live.
13	(2) The structure and terms of health care payment significantly influences the allocation
14	of resources within the health care system by creating a system of incentives that influence the
15	behavior of health care providers and health care purchasers.
16	(3) The prevailing system of fee-for-service payment creates a financial incentive for
17	increasing the volume of health care services and acts as a barrier to meaningful systemic

transformations in health care delivery that would promote more affordable and predictable cost

1	growth, improved financial stability for health care providers, and technical innovation in care
2	delivery to support population health and quality excellence.
3	(4) The coronavirus disease 2019 public health emergency heightened the faults of the
4	prevailing system of fee-for-service payment. The sharp reduction in service volume caused by the
5	suspension of elective procedures, combined with increasing marginal costs borne by health care
6	providers to institute infection control measures, necessitated the appropriation and disbursement
7	of hundreds of millions of dollars by the State of Rhode Island and the federal government in the
8	form of economic stabilization and revenue replacement funds for health care providers. The
9	aggregate value of these economic stabilization and revenue replacement funds was largely
10	distributed to hospitals and hospital systems, which account for the highest share of total health
11	care spending.
12	(5) The fragmented organization of health care purchasing activity between multiple public
13	and private payers, acting principally through competing health insurance companies, precludes
14	meaningful efforts to align the structure and terms of health care payment in the absence of
15	government intervention and creates administrative burdens for health care providers.
16	(6) Government, as health care purchaser and regulator, possesses a unique role as a
17	convener and facilitator of discussions between health care providers and health insurers, acting on
18	behalf of health care purchasers, to reform the structure and terms of health care payment as a
19	means to improve operating efficiency, improve health care quality, reduce administrative burden,
20	and serve the public interest in healthy people and equitable health outcomes.
21	(7) Payment reform, defined as the restructuring of the terms of health care payment
22	through the development and implementation of advanced value-based payment models, is
23	necessary to achieve the goals of affordable and predictable cost growth, improved financial
24	stability for health care providers, and technical innovation in care delivery to support population
25	health and quality excellence.
26	(8) The general assembly recognizes that on April 13, 2022, Rhode Island health care
27	leaders entered into a compact to accelerate advanced value-based payment model adoption,
28	finding that transforming payment away from fee-for-service to a prospective budget-based model
29	can support improved health care affordability and reorient health care delivery to focus on how
30	best to organize health care resources to meet population needs, and improve access, equity, patient
31	experience, and quality.
32	(9) The benefits of payment reform are maximized when advanced value-based payment
33	models enjoy the participation of all payers, public and private. Rhode Island has a successful track
34	record of all-payer health care reforms. This includes the patient-centered medical home program.

1	for primary care endorsed by the general assembly under chapter 14.0 or title 42, the Children stand
2	All-Payer Patient-Centered Medical Home Act").
3	(10) It is the intent of the general assembly to endorse and support the efforts of health care
4	providers and health insurers, acting on behalf of health care purchasers, to increase the adoption
5	of advanced value-based payment models in Rhode Island. Furthermore, the general assembly
6	endorses the findings and efforts articulated by health care leaders in the April 13, 2022, Compact
7	to Accelerate Advanced Value-Based Payment Model Adoption in Rhode Island. It is the purpose
8	of this chapter to provide policy direction and resources to support the development and
9	implementation of all-payer advanced value-based payment models in Rhode Island.
10	42-14.7-3. Definitions.
11	As used in this chapter, the following terms shall have the following meanings:
12	(1) "Advanced value-based payment model" means a prospective budget-based payment
13	model with quality-linked financial implications that is defined for a specific patient population
14	and/or set of services.
15	(2) "Health insurer" means all entities licensed, or required to be licensed, in this state that
16	offer health benefit plans in Rhode Island including, but not limited to, nonprofit hospital service
17	corporations and nonprofit medical-service corporations established pursuant to chapters 19 and 20
18	of title 27, and health maintenance organizations established pursuant to chapter 41 of title 27 or as
19	defined in chapter 62 of this title 42, a fraternal benefit society or any other entity subject to state
20	insurance regulation that provides medical care on the basis of a periodic premium, paid directly
21	or through an association, trust or other intermediary, and issued, renewed, or delivered within or
22	without Rhode Island.
23	(3) "Health insurance plan" means any individual, general, blanket or group policy of
24	health, accident and sickness insurance issued by a health insurer as herein defined. Health
25	insurance plan shall not include insurance coverage providing benefits for:
26	(i) Hospital confinement indemnity;
27	(ii) Disability income;
28	(iii) Accident only;
29	(iv) Long-term care;
30	(v) Medicare supplement;
31	(vi) Limited benefit health:
32	(vii) Specified disease indemnity;
33	(viii) Sickness or bodily injury or death by accident or both; and
34	(ix) Other limited benefit policies.

2	(a) All-payer payment reform convening and payment model development shall be
3	implemented as set forth herein.
4	(1) The health insurance commissioner and the Medicaid director shall convene an all-
5	payer payment reform working group comprised of health care providers, including hospitals,
6	ambulatory care providers, and clinicians, health insurers, businesses, consumer advocates, and
7	other parties with relevant expertise and interest in all-payer adoption of advanced value-based
8	payment models. The health insurance commissioner and the Medicaid director, in consultation
9	with the working group, shall be charged with developing the structure and terms of advanced
10	value-based payment models for use by all-payers. The health insurance commissioner and the
11	Medicaid director may exercise discretion in the selection and sequencing of payment model
12	development by provider type but, at minimum, shall develop recommendations for the design of
13	hospital global budgets for facility and employed clinician professional services and prospective
14	payment for at least two (2) professional provider types. The health insurance commissioner and
15	the Medicaid director may form subgroups of the working group to develop recommendations for
16	the design of specific all-payer advanced value-based payment models.
17	(b) All-payer payment reform reports shall be provided as set forth herein.
18	(1) The health insurance commissioner and the Medicaid director, in consultation with the
19	working group described under subsection (a) of this section, shall develop the following reports
20	to supply information necessary to develop and implement advanced value-based payment models.
21	These reports shall be submitted to the general assembly by the dates indicated in each subsection
22	below as follows:
23	(i) By July 1, 2024, the health insurance commissioner and the Medicaid director shall
24	complete a report examining the cost structure and financial performance of hospitals licensed in
25	Rhode Island. The report shall examine, at minimum, hospital operating costs, fixed costs and
26	variable costs, costs related to the provision of patient care, costs unrelated to the provision of
27	patient care, net patient revenues, the relative prices received by hospitals from different payers,
28	other income and operating expenses, profitability, and operating margins by payer type. The
29	hospitals included in the report may have up to thirty (30) days to review the draft report prior to it
30	being finalized;
31	(ii) By July 1, 2024, the health insurance commissioner and the Medicaid director shall
32	complete a report examining the cost-shifting phenomenon between payers. The report shall also
33	examine the fiscal and economic impact of changes to Medicaid reimbursement rates for hospital
34	services; and

42-14.7-4. Promotion of all-payer health care payment reform.

1

1	(iii) By January 1, 2025, the health insurance commissioner and the Medicaid director shall
2	submit finished recommendations around payment model design for hospital global budgets for
3	facility and employed clinician professional services and prospective payment for at least two (2)
4	professional provider types.
5	(2) The health insurance commissioner and the Medicaid director shall procure necessary
6	technical assistance and consulting services to prepare the payment model recommendations under
7	subsection (a) of this section and the reports enumerated under subsection (b)(1) of this section.
8	(c) Engagement of the centers for Medicare and Medicaid services shall be undertaken as
9	set forth herein.
10	(1) The health insurance commissioner, in consultation with the Medicaid director, shall
11	engage the federal Centers for Medicare and Medicaid Services to explore opportunities to secure
12	federal participation in advanced value-based payment models through the Medicare program. The
13	health insurance commissioner, for commercial and Medicare, and the Medicaid director, for
14	Medicaid, are authorized to negotiate the terms of any necessary waivers under Section 1115(A) of
	the Social Security Act to secure federal participation in advanced value-based payment models in
15	the social security fee to secure reactal participation in advanced value based payment models in
15 16	Rhode Island.
16	Rhode Island.
16 17	Rhode Island.  42-14.7-5. Annual reports on administration and implementation.
16 17 18	Rhode Island.  42-14.7-5. Annual reports on administration and implementation.  The health insurance commissioner and the Medicaid director shall report to the general
