9 (3) As used in this section, the term "device" shall refer to a soft-shell helmet cover that  
10 adds a padded, soft-shell layer to the outside of a traditional football helmet which layers are

12 incidence and minimize the effects of concussions and other trauma to the body.

13 (b)(1) Effective August 1, 2025, every student participating in the sport of football in the  
14 Rhode Island interscholastic league shall be required to wear an impact-reducing soft-shell helmet  
15 cover device at all times while participating in interscholastic league football games and practices  
16 during any time in which a traditional football helmet would be used. The devices shall be  
17 furnished by their respective school districts to all students participating in these sports; provided  
18 that, a parent, guardian, responsible adult, or a student who is eighteen (18) years of age or older,  
19 may elect to opt out of wearing these devices for practices or games, or both.

- 1           (2) These devices shall remain the property of the school district at all times.
- 2           (c) The Rhode Island interscholastic league shall promulgate rules, regulations and  
3 standards regarding the selection and use of these devices.
- 4           (d) The general assembly may, from time to time, appropriate funds to schools and school  
5 districts to aid in the purchase of these devices.
- 6           (e) The provisions of this section shall apply to all public school districts as well as any  
7 other school which participates in interscholastic league football.
