Introduced By: Senators Ciccone, Burke, Appollonio, Patalano, and Tikoian

Date Introduced: March 07, 2025

Referred To: Senate Labor & Gaming

It is enacted by the General Assembly as follows:

1 SECTION 1. Title 5 of the General Laws entitled "BUSINESSES AND PROFESSIONS"

2 is hereby amended by adding thereto the following chapter:

3 CHAPTER 65.4

4 RESIDENTIAL CONTRACTOR LICENSING

5 **5-65.4-1. Short title and purpose.**

6 This chapter shall be known and may be cited as the "Rhode Island residential contractor
7 licensing law" to safeguard the public health, the purpose of this chapter is to establish a licensing
8 program and minimum standards for contractors supervising or performing structural work in
9 residences of one to four (4) family dwelling units.

10 **5-65.4-2. Definitions.**

11 Unless specified otherwise, the definitions of § 5-65-1 shall apply to this chapter. As used
12 in this chapter:

13 (1) "Board" means the contractors' registration and licensing board established in chapter
14 65 of title 5.

15 (2) "Residential structure" means a building consisting of one to four (4) family dwelling
16 units.

17 (3) "Structurally remodeling" means work performed by a contractor identified by the
18 board as impacting components that support a building's safety or integrity, and any other work

1 identified by the board that requires permits and/or inspections under the state building code.

5 (a) In addition to the provisions of chapter 65 of title 5, the contractors' registration and
6 licensing board is authorized to establish a program to license contractors that supervise the
7 construction of new residential structures, or structurally remodel existing residential structures, to
8 ensure persons performing such are properly qualified to conduct the work. As determined by the
9 contractors' registration and licensing board, contractors only performing nonstructural home
10 improvement work shall remain subject exclusively to the registration system in chapter 65 of title
11 5.

12 (b) The license program shall not create an unreasonable barrier to entry nor inhibit trade
13 or competition, but shall be designed to advance consumer protection by establishing a standard of
14 competency and enhance ongoing adherence to building standards and codes through continuing
15 education, code competency demonstrations, or industry training programing. The board may
16 create a reasonable license pathway or substantive evidence standard to issue licenses to contractors
17 registered prior to January 1, 2026, but it shall not be a grandfathering based solely on registration
18 status prior to January 1, 2026.

19 (c) The board may adopt, for licenses granted under this chapter, any policy or procedure
20 applicable to registrations under chapter 65 of title 5 that does not conflict with the provisions of
21 this chapter; provided, however, that any penalties issued pursuant to this chapter shall be
22 determined by the board and the state building office shall assist the board with the administration
23 of such penalties.

25 promulgate regulations to establish a licensing program for:

26 (i) Supervising construction of new residential structures; and

25 the purposes of this chapter. Rules and regulations shall provide a fine schedule, which shall
26 establish grounds for discipline for license holders or non-licensed contractors. Fines shall be
27 structured not to exceed five thousand dollars (\$5,000) per day, per offense for conduct injurious
28 to the welfare of the public, as well as those grounds for discipline established pursuant to § 5-65-
29 10.

12 deposited into a restricted-receipt account, which shall be exempt from the indirect cost recovery
13 provisions of § 35-4-7, to be used exclusively to support programs established by the board.

14 **5-65.4-5. Penalties for violations.**

15 (a) Any person who operates as a supervisor of new residential construction or remodeler
16 of existing residential structures without a license as adjudged in a final order issued by the board,
