23 ~~Public Laws of 1991, will no longer be in effect upon the selection and appointment of the board~~  
24 ~~of trustees created in this section. All powers and duties of the special state administrator and the~~  
25 ~~Central Falls School District Advisory Group are hereby transferred and assigned to the board of~~  
26 ~~trustees created in this section, upon the selection and appointment of that board.~~

27 SECTION 2. Section 16-7.2-6 of the General Laws in Chapter 16-7.2 entitled "The  
28 Education Equity and Property Tax Relief Act" is hereby amended to read as follows:

29 **16-7.2-6. Categorical programs, state funded expenses.**

30 In addition to the foundation education aid provided pursuant to § 16-7.2-3, the permanent  
31 foundation education-aid program shall provide direct state funding for:

32 (a) Excess costs associated with special education students. Excess costs are defined when  
33 an individual special education student's cost shall be deemed to be "extraordinary." Extraordinary  
34 costs are those educational costs that exceed the state-approved threshold based on an amount

1 above four times the core foundation amount (total of core instruction amount plus student success  
2 amount). The department of elementary and secondary education shall prorate the funds available  
3 for distribution among those eligible school districts if the total approved costs for which school  
4 districts are seeking reimbursement exceed the amount of funding appropriated in any fiscal year;  
5 and the department of elementary and secondary education shall also collect data on those  
6 educational costs that exceed the state-approved threshold based on an amount above two (2), three  
7 (3), and five (5) times the core foundation amount;

8 (b) Career and technical education costs to help meet initial investment requirements  
9 needed to transform existing, or create new, comprehensive, career and technical education  
10 programs and career pathways in critical and emerging industries and to help offset the higher-  
11 than-average costs associated with facilities, equipment maintenance and repair, and supplies  
12 necessary for maintaining the quality of highly specialized programs that are a priority for the state.  
13 The department shall develop criteria for the purpose of allocating any and all career and technical  
14 education funds as may be determined by the general assembly on an annual basis. The department  
15 of elementary and secondary education shall prorate the funds available for distribution among  
16 those eligible school districts if the total approved costs for which school districts are seeking  
17 reimbursement exceed the amount of funding available in any fiscal year;

18 (c) Programs to increase access to voluntary, free, high-quality pre-kindergarten programs.  
19 The department shall recommend criteria for the purpose of allocating any and all early childhood  
20 program funds as may be determined by the general assembly;

21 (d)(1) ~~Central Falls, Davies, and the Met Center~~ Stabilization Fund is established to ensure  
22 that appropriate funding is available to support their students. Additional support for Central Falls  
23 is needed due to ~~concerns regarding~~ the city's limited capacity to meet the local share of education  
24 costs. This fund requires that education aid calculated pursuant to § 16-7.2-3 and funding for costs  
25 outside the permanent foundation education-aid formula, including, but not limited to,  
26 transportation, facility maintenance, ~~and~~ retiree health benefits, tuition payments for outplaced  
27 special education students, and tuition payments to other public schools, shall be shared between  
28 the state and the city of Central Falls. ~~The fund shall be annually reviewed to determine the amount~~  
29 ~~of the state and city appropriation. The state's share of this fund may be supported through a~~  
30 ~~reallocation of current state appropriations to the Central Falls school district. At the end of the~~  
31 ~~transition period defined in § 16-7.2-7, the municipality will continue its contribution pursuant to~~  
32 ~~§ 16-7-24.~~

33 (2) The total amount allocated to the Central Falls Stabilization Fund shall be equal to the  
34 sum of:

1           (i) The difference between Central Falls school district's foundation education aid,  
2 calculated pursuant to § 16-7.2-3(a), and the state's share of Central Falls school district's  
3 foundation education aid, calculated pursuant to § 16-7.2-4; and

4           (ii) Funding for all costs outside the permanent foundation education-aid formula,  
5 calculated according to the most recently published Universal Charter of Accounts (UCOA)  
6 expenditures data for Central Falls school district, with adjustments for inflation and the percentage  
7 change in the resident average daily membership for the city of Central Falls. Beginning in FY2027  
8 and in every year thereafter, the city of Central Falls shall allocate to the Central Falls Stabilization  
9 Fund an amount at least equal to the sum of:

10           (A) One percent (1%) of the city's prior year total tax levy; and

11           (B) The city's prior year contribution to the Central Falls Stabilization Fund.

12           (3) Beginning in FY2027, there shall be a contribution from the school district's fund  
13 balance in an amount in accordance with the final report of the Special Joint Legislative  
14 Commission to Study the Return of Central Falls Schools to Local Governance with a target end  
15 point that meets GFOA standards and aligns with RIDE's fiscal accountability standards and annual  
16 reporting to ensure adequate funding of the foundation education aid for all Central Falls students.  
17 The state shall allocate the balance of the Central Falls Stabilization Fund. The city shall annually  
18 assume responsibility for any deficit incurred by the Central Falls school district. No later than  
19 September 2030, as preparation for the FY2032 budgeting process, this funding arrangement shall  
20 be reviewed and, if deemed necessary by mutual agreement of the state and city, amended.

21           (4) Davies and the Met Center Stabilization Fund is established to ensure that appropriate  
22 funding is available to support their students. Additional support for the Davies and the Met Center  
23 is needed due to the costs associated with running a stand-alone high school offering both academic  
24 and career and technical coursework. The department shall recommend criteria for the purpose of  
25 allocating any and all stabilization funds for Davies and the Met Center as may be determined by  
26 the general assembly;

27           (e) Excess costs associated with transporting students to out-of-district non-public schools.  
28 This fund will provide state funding for the costs associated with transporting students to out-of-  
29 district non-public schools, pursuant to chapter 21.1 of this title. The state will assume the costs of  
30 non-public out-of-district transportation for those districts participating in the statewide system.  
31 The department of elementary and secondary education shall prorate the funds available for  
32 distribution among those eligible school districts if the total approved costs for which school  
33 districts are seeking reimbursement exceed the amount of funding available in any fiscal year;

34           (f) Excess costs associated with transporting students within regional school districts. This

1 fund will provide direct state funding for the excess costs associated with transporting students  
2 within regional school districts, established pursuant to chapter 3 of this title. This fund requires  
3 that the state and regional school district share equally the student transportation costs net any  
4 federal sources of revenue for these expenditures. The department of elementary and secondary  
5 education shall prorate the funds available for distribution among those eligible school districts if  
6 the total approved costs for which school districts are seeking reimbursement exceed the amount  
7 of funding available in any fiscal year;

8 (g) Public school districts that are regionalized shall be eligible for a regionalization bonus  
9 as set forth below:

10 (1) As used herein, the term “regionalized” shall be deemed to refer to a regional school  
11 district established under the provisions of chapter 3 of this title, including the Chariho Regional  
12 School district;

13 (2) For those districts that are regionalized as of July 1, 2010, the regionalization bonus  
14 shall commence in FY 2012. For those districts that regionalize after July 1, 2010, the  
15 regionalization bonus shall commence in the first fiscal year following the establishment of a  
16 regionalized school district as set forth in chapter 3 of this title, including the Chariho Regional  
17 School District;

18 (3) The regionalization bonus in the first fiscal year shall be two percent (2.0%) of the  
19 state's share of the foundation education aid for the regionalized district as calculated pursuant to  
20 §§ 16-7.2-3 and 16-7.2-4 in that fiscal year;

21 (4) The regionalization bonus in the second fiscal year shall be one percent (1.0%) of the  
22 state's share of the foundation education aid for the regionalized district as calculated pursuant to  
23 §§ 16-7.2-3 and 16-7.2-4 in that fiscal year;

24 (5) The regionalization bonus shall cease in the third fiscal year;

25 (6) The regionalization bonus for the Chariho regional school district shall be applied to  
26 the state share of the permanent foundation education aid for the member towns; and

27 (7) The department of elementary and secondary education shall prorate the funds available  
28 for distribution among those eligible regionalized school districts if the total, approved costs for  
29 which regionalized school districts are seeking a regionalization bonus exceed the amount of  
30 funding appropriated in any fiscal year;

31 (h) [Deleted by P.L. 2024, ch. 117, art. 8, § 1.]

32 (i) State support for school resource officers. For purposes of this subsection, a school  
33 resource officer (SRO) shall be defined as a career law enforcement officer with sworn authority  
34 who is deployed by an employing police department or agency in a community-oriented policing

1 assignment to work in collaboration with one or more schools. School resource officers should have  
2 completed at least forty (40) hours of specialized training in school policing, administered by an  
3 accredited agency, before being assigned. Beginning in FY 2019, for a period of three (3) years,  
4 school districts or municipalities that choose to employ school resource officers shall receive direct  
5 state support for costs associated with employing such officers at public middle and high schools.  
6 Districts or municipalities shall be reimbursed an amount equal to one-half (½) of the cost of  
7 salaries and benefits for the qualifying positions. Funding will be provided for school resource  
8 officer positions established on or after July 1, 2018, provided that:

9 (1) Each school resource officer shall be assigned to one school:

10 (i) Schools with enrollments below one thousand two hundred (1,200) students shall  
11 require one school resource officer;

12 (ii) Schools with enrollments of one thousand two hundred (1,200) or more students shall  
13 require two school resource officers;

14 (2) School resource officers hired in excess of the requirement noted above shall not be  
15 eligible for reimbursement; and

16 (3) Schools that eliminate existing school resource officer positions and create new  
17 positions under this provision shall not be eligible for reimbursement; and

18 (j) Categorical programs defined in subsections (a) through (g) shall be funded pursuant to  
19 the transition plan in § 16-7.2-7.
